

ATTACHMENT 6

List of stakeholders who have provided input and feedback

A list of the main individuals, groups, or organizations who have contributed to our understanding of land access needs and land access program design in Sonoma County. This feedback has been received via various avenues, including structured group discussions and interviews for the Land Access and Land Tenure for Limited Resource Farmers study, feedback on various draft stages of the Farmland for All program and the buy-protect-sell pilot, and general conversations.

Name	Organization or affiliation	Type of feedback
