We should not be militarizing the police against the people they are supposed to protect and serve.

Mike C. · Downtown Monte Rio · 4w

Yeah, And cops are so concerned for their safety they'll shoot up the neighborhood at the drop of an acorn. Weapons of war are made to wage war against your enemies. I guess we citizens must be the enemy, And have to pay taxes to support those who consider us the enemy.

I like the sheriffs departments presence in our town, the idea that they need military grade anything is fine by me ONLY if you and I can possess the equal of whatever kind anything.
