The remaining 4 parcels comprised of a total of 45.36 acres will be retained by the County of Sonoma for open space and flood control purposes and are not a part of this surplus process.

The property is bisected by Chanate Road, separating the North Campus from the South Campus. The 21.08 acre North Campus contains the former Sutter Hospital building, the Sonoma County Department of Health Services Administrative Offices the County Public Health Lab and the privately owned Chanate Office Condominium Complex. The six parcels located south of Chanate Road contain approximately 50 acres and contain a number of buildings that have historically been used as office and behavioral health outpatient treatment offices. Most were built between 1936 and 1994.

The North Campus includes Parcels A, B, C, D and E. The North Campus contains 21.08 acres of land and 195,573 square feet of hospital and office building space. 2. Parcel N, the 26.46 acre property that is owned and managed by Sonoma County Water Authority property for the purpose of flood control; and,

1. Project Background and Description

Background

On December 11, 2018, in response to the options and information provided by staff and public comment regarding the future of the Chanate Campus, the Board directed staff to initiate the process to dispose of the Chanate property as surplus and to return to the Board with analysis and options for further consideration.

2. Desired Goals/Objectives/Outcomes

Project Objectives

The loss of 5,300 homes in the City of Santa Rosa and Sonoma County to the fire disaster of October 2017 exacerbated an already significant housing shortage reflected in limited opportunities for housing and high housing costs. The Sonoma County Board of Supervisors

has prioritized delivery of housing to address this shortage. The Board has tasked staff to strategically use publicly owned property to support the Board's goal of creating new housing opportunities.

According to the online real estate publisher, Trulia, the median home value in Santa Rosa is over \$600,000, while the median rent price in Santa Rosa is \$2,550 per month. Housing opportunities, including affordable housing opportunities for people in distress, recent graduates, young families, young adults, entry level workers seeking opportunities to remain close to family and their community are increasingly difficult to secure. In response, the Sonoma County Board of Supervisors has prioritized production of housing and has tasked County staff to strategically use publicly owned property to support new housing opportunities.

This property is being made available to use publicly owned property to support new housing, open space and recreation opportunities.

B. Statement of Requirements - Services Required of Successful Proposer

Description of the Opportunity

The County is disposing of this surplus property for purposes described at California Government Code Section 54220. This action is a solicitation of responses from statutorily designated public agencies or housing sponsors to purchase this County-owned property to facilitate the development of affordable housing, parks, school facilities, or for other governmental uses. If the property is not sold to qualified agencies for purposes described in the Code, then the property may be offered for sale to private parties. Following sale of this property the County will have no interest in the property. In addition the County will have no entitlement or land use authority over the property.

The County of Sonoma is offering for sale the fee simple interest in 71.62 acres of land (Parcels A through I, K, L and M) on the Chanate Campus (hereinafter the Chanate Campus) in Santa Rosa, California.

The Board has directed staff to structure the sale under two scenarios with the objectives of: (a) maximizing value to the County; and, (b) providing a variety of opportunities and visions to participate in this significant development opportunity. With these objectives in mind the County of Sonoma is offering:

- (1) Sale of the Chanate Campus to a single purchaser.
- (2) Simultaneous sale of the three (3) defined bundles of parcels as described below (the Bundles) on the Chanate Campus to separate purchasers.

Interested parties are invited to submit a proposal to acquire the entire Chanate Campus or one or more Bundles. The County will **not** accept proposals for individual parcels, partial Bundles, or reconfigured Bundles.
