**Resolution Of The Board Of Supervisors Of The County Of Sonoma, State Of California,  
Declaring Its Intention To Use Road Commissioner Authority Under Public Contract Code  
Section 20395 For Specific Paving Projects And Delegating Certain Authorities To The Director  
Of Transportation And Public Works As To Such Projects**

**Whereas**, Public Contract Code Section 22031(b)(1) authorizes a board of supervisors or county road commissioner to utilize the procedures set forth in Article 25 (commencing with Section 20390) of Chapter 1 of the Public Contract Code, as an alternative to the procedures set forth in the Uniform Public Construction Cost Accounting Act, for the construction, repair, or maintenance of county highways; and

**Whereas**, Public Contract Code Section 20395(a)(1) allows a county board of supervisors to authorize the road commissioner, or a registered civil engineer under the direction of the county director of transportation, to have work upon county highways done under their supervision by letting a contract covering both work and material to the lowest responsible bidder as provided in Article 25 (commencing with Section 20390) of Chapter 1 of the Public Contract Code; and

**Whereas**, Sonoma County Code Section 2-28 transfers all duties of the road commissioner to the Director of Transportation and Public Works pursuant to Streets and Highways Code Section 2006.1; and

**Whereas**, Sonoma County Code Section 2-357 allows the Director of Transportation and Public Works to utilize the procedures set forth in Article 25 (commencing with Section 20390) of Chapter 1 of the Public Contract Code, as an alternative to the procedures set forth in the Uniform Public Construction Cost Accounting Act; and

**Whereas**, the Board desires to authorize the Director of Transportation and Public Works to use the road commissioner authority under Public Contract Code Section 20390, et seq. as an alternative to the Uniform Public Construction Cost Accounting Act for the following projects: (1) 2022 Pavement Preservation Program Project; and (2) 2017 Fire Debris Damaged Roads Paving Project; and

**Whereas**, on July 13 2021, the Board approved a list of county highway road segments to be included in the 2017 Fire Debris Damaged Roads Paving Project; and

**Whereas**, on May 25, 2021, the Board approved a list of county highway road segments to be included in the Pavement Preservation Program for the 2022 and 2023 construction seasons, and on July 13, 2021, the Board approved an amendment to such list; and

**Whereas**, on June 2, 2020, and as memorialized in its Resolution No. 20-0200, the Board reviewed and approved the County's Road Construction Standards and other road design plans and specifications, to establish plans, designs, and other conditions and requirements for the reasonable and proper construction and improvement of county roadways and related appurtenances. Concurrent with that approval, the Board also confirmed and delegated authority to the Director of Transportation and Public Works to add conditions specific to projects, activities, and field conditions, and to approve exceptions or alternatives under certain circumstances, as necessary or appropriate, and which, in his or her official and professional judgment, would be reasonable and in accordance with accepted engineering and roadway practice consistent with best ensuring safe, long-lasting, and quality County roadways.

**Now, Therefore, Be It Resolved** that the Board takes the following actions:

**Section 1.** The Board hereby finds and declares all of the following:

- A. All of the above recitals are true and correct.
- B. The Board intends to use the authority under Public Contract Code Section 20395 as alternative to the procedures set forth in the Uniform Public Construction Cost Accounting Act for the 2022 Pavement Preservation Program Project and the 2017 Fire Debris Damaged Roads Paving Project (the "Authorized Paving Projects").
- C. The public interest, convenience and necessity will be served by this authorization.

**Section 2.** With respect to the Authorized Paving Projects, the Director of Transportation and Public Works is authorized to prepare or direct preparation of surveys, profiles, cross-sections, plans, and specifications, as needed, notice bids, publicly open bids, award, negotiate, and execute the contracts to the lowest responsible bidder, including up to a 15% contingency, reject all bids and advertise for new bids as authorized, consider and accept or reject protests if filed, execute change orders as authorized, and take all other actions authorized under and in accordance with the procedures set forth in Article 25 (commencing with Section 20390) of Chapter 1 of the Public Contract Code.

**Section 3.** All work on the Authorized Pavement Projects shall conform to the County's Road Construction Standards and other approved plans and specifications, or otherwise comply

with any condition, exception or alternative duly reviewed and approved by the Director of Transportation and Public Works, in accordance with Resolution No 20-0200. To the extent, if any, not already encompassed by Resolution No. 20-0200, the Director of Transportation and Public Works is further delegated all discretionary authority to approve any other plans, design, specifications, and/or working details as to the Authorized Pavement Projects which, in his official and professional judgment, is reasonable and in accordance with accepted engineering and roadway practices and standards consistent with best ensuring safe, long-lasting, and quality County roadways, for purposes of and as authorized by Government Code section 830.6 and Public Contract Code section 22039.
