I. Purpose and Goals

The intent of Child Abuse Prevention Services is to improve family functioning to prevent future child maltreatment, to provide education and support to remediate child welfare issues, and to produce the conditions that enable a child to remain home. As a result of these services, parents will:

Staff at all levels of direct service will work flexible hours in order to accommodate family needs for contact and support at a time that fits within the family's schedule. Response to crisis or urgent situations will be initially done by phone, with on-call program staff available to respond in person immediately upon approval by the Program Director or designated administrator.
