ARTICLE I. MULTIPURPOSE SENIOR SERVICES PROGRAM (MSSP) OVERVIEW

The Multipurpose Senior Services Program (MSSP) is a Medi-Cal [Home and Community Based Services \(HCBS\) Waiver, Control Number CA.0141.R07.00](#) authorized pursuant to Section 1915(c) of Title XIX of the Social Security Act. The primary objectives of the MSSP are to:

1. Avoid the premature placement of frail older persons in nursing facilities
2. Foster independent living in their communities

Pursuant to an Interagency Agreement between Department of Health Care Services (DHCS) and California Department of Aging (CDA), CDA contracts with local government entities and private nonprofit organizations for local administration of the MSSP throughout the State. The Contractor is responsible for arranging for and monitoring community services to the MSSP waiver participant population in the catchment area identified in Exhibit G of this Agreement. Individuals eligible for MSSP must be age sixty (60) or older; meet the eligibility criteria as a Medi-Cal recipient with an eligible Medi-Cal aid code; be certifiable for placement in a nursing facility; be served within the program's cost limitations; and be deemed appropriate for care management services.

The Contractor uses a care management team to assess eligibility and need and provide for delivery of services. The Contractor is reimbursed for expenditures through a claims process operated by the State's Medi-Cal Fiscal Intermediary .

ARTICLE II. MSSP PROGRAM OPERATIONS

The Contractor shall be responsible for all care management obligations including processing waiver participant applications, predetermining eligibility, conducting assessments, developing care plans, case recording and documentation, and providing follow-up. The Contractor shall directly provide or arrange for the continuous availability and accessibility of all services identified in each waiver participant's care plan. The Contractor shall also ensure that the administrative integrity of the MSSP is maintained at all times. In order to maintain adequate administrative control, the Contractor shall incorporate the following components into the scope of operations:

A. Care Management Team

1. The Contractor shall maintain and have on file a written description and an organizational chart that outlines the structure of authority, responsibility, and accountability within the MSSP and the MSSP parent organization. The Contractor shall provide to its assigned CDA analyst a copy of the organization chart within thirty (30) days of the execution of this Agreement.
2. The Contractor shall employ a care management team, which consists of a social worker and a registered nurse, that meet the qualifications set forth in

ARTICLE II. MSSP PROGRAM OPERATIONS (Continued)

the Waiver. The care management team shall predetermine waiver participant eligibility based on the criteria specified in the [MSSP Site Manual](#), herein incorporated by reference, then submit all required documentation to CDA for review. The final determination of eligibility will be made by CDA MSSP nurses, using assessment(s) and the Level of Care (LOC) form completed by the site care management team. This team shall work with the waiver participant throughout the care management process (e.g., assessment, care plan development, service coordination, and service delivery).

3. The care management team shall: 1) provide information, education, counseling, and advocacy to the waiver participant and family, and 2) identify resources to help assure the timely, effective, and efficient mobilization and allocation of all services, regardless of the source, to meet the waiver participant's care plan goals.
4. The Contractor shall annually self-certify that staff meet the requirements as outlined in the MSSP Site Manual as well as participate in required trainings.

B. Care Plan

1. The Contractor's care management team shall perform the MSSP waiver participant's assessments and work with the MSSP waiver participant, family, managed care plans, and others to develop a care plan covering the full range of required psychosocial and health services. The care management team shall continue to work with the MSSP waiver participant to assure that the participant is receiving and benefiting from the services and to determine if modification of the care plan is required.
2. Such MSSP subcontracts shall specify terms and conditions and payment amount and shall assure that subcontractors shall not seek additional or outstanding unpaid amounts from the MSSP participant.

C. Purchased Waiver Services

"Purchased Waiver Services" means goods and services approved for purchase under Title XIX of the Social Security Act, Section 1915(c), Home and Community Based Waiver authority. The list of MSSP Purchased Waiver Services is included in Article VI. The Contractor may purchase MSSP Waiver Services when necessary to support the well-being of a MSSP waiver participant.

1. Prior to purchasing services, the Contractor shall verify, and document its efforts, that alternative resources are not available (e.g., family, friends and/or other community resources)
2. The Contractor may either enter into contracts with subcontractors to provide Purchased Waiver Services or directly purchase items through the use of a purchase order.

ARTICLE II. MSSP PROGRAM OPERATIONS (Continued)

3. The Contractor shall maintain written, signed and dated subcontracts for the following array of Purchased Waiver Services as defined in MSSP Site Manual at all times during the terms of this Agreement:

5. The Contractor shall be responsible for coordinating and tracking MSSP Purchased Waiver Services for a MSSP waiver participant.
6. The Contractor shall operate a Multipurpose Senior Services Program at a location and in a manner approved by the State, ensuring that waiver participant inquiries and requests for service(s) receive prompt response.

D. Case Files

The Contractor shall maintain an up-to-date, centralized, and secured case file record for each waiver participant, consisting, at a minimum, of the following documents prescribed by CDA:

1. Application for the MSSP
2. MSSP Authorization for Use and Disclosure of Protected Health Information
3. Participant Enrollment/Termination Information
4. Finalized Level of Care (LOC) form that contains the approval signature of a CDA MSSP nurse, certifying that a MSSP applicant or MSSP waiver participant meets the requirement(s) for nursing facility placement

10. Fair Hearing documentation

E. Management Information Systems (MIS)

The Contractor shall maintain and operate an MIS at its site. The Contractor shall:

This includes applicants with a LOC determination submitted to CDA pending approval but does not include waiver participant cases closed (or terminated) during the reporting month.

ARTICLE II. MSSP PROGRAM OPERATIONS (Continued)

6. Submit to CDA, by the 5th working day of the month (unless otherwise specified by CDA), the Wait List of participants as of the last day of the previous month. “Wait List” means a list of potential MSSP participants, established, and maintained by the Contractor, when the Contractor has reached its capacity. To ensure compliance with MSSP waiver requirements and Centers for Medicare & Medicaid Services (CMS) direction, MSSP sites must develop and implement a wait list policy and procedure. The policy and procedure must include provisions for: prescreening individuals to predetermine eligibility; managing applicants’ placement on and removal from the wait list; periodically reviewing the eligibility and identified needs of applicants on the wait list; and assigning priority for enrollment based on identified needs and level of risk. The Contractor determines the priority of enrollment into the MSSP in accordance with CDA and CMS requirements.
7. Verify all service data within ninety (90) calendar days of the date of service. The Contractor shall submit this data to CDA by the 5th calendar day of the following month, i.e., ninety-five (95) days from the end of the month of services.
8. Submit claims to the State’s Medi-Cal Fiscal Intermediary (FI), per instructions stated in the Medi-Cal Provider Manual.

F. Enrollment Levels

The Contractor shall maintain a caseload of no less than 95 percent and no more than 105 percent of the specified number of participant slots for the term of contract (12 months). This is a performance requirement to ensure compliance with the terms and conditions of this Agreement and waiver requirements. If the Contractor’s active participant count falls below ninety-five percent (95%) of the number of budgeted participant slots for more than three (3) consecutive months, the Contractor shall be required to submit a Corrective Action Plan for review, approval, and monitoring by CDA. If the site is unable to demonstrate improvement and make progress to the required enrollment level, CDA may, upon written notice, decrease the site’s total caseload, and return the excess slots to the state for redistribution to other sites and communities of need. Nothing in this section shall be read to prohibit the site, upon a subsequent change in circumstances and demonstration of a legitimate business need, from requesting an adjustment to their slot allocation amounts.

“Participant slot” means a position, whether vacant or filled, which is funded according to a Contractor’s site budget and allocated for a participant during a given month.

1. Voluntarily Relinquishing Slots
 - a. At any time and for any reason, a Contractor may voluntarily request to return slots in increments of 10, preferably 40 (full caseload).
 - b. A Contractor may initiate the slot relinquishment process by notifying CDA in writing.

ARTICLE II. MSSP PROGRAM OPERATIONS (Continued)

2. Request for Additional Slots

- a. A Contractor operating at 95% enrollment or higher may submit a written request for additional slots. The Contractor can request slots in increments of 40 (full caseload). If slots are available, CDA will notify the Contractor of its determination within 60 days. CDA's decision is final. A site may submit a total of two requests for additional slots in a single calendar year.

G. Emergency Preparedness

1. The Contractor shall prepare and implement an emergency preparedness plan that ensures the provision of services to meet the emergency needs of waiver participants they are charged to serve during medical or natural disasters: a pandemic, earthquake, fire, flood, or public emergencies, such as riot, energy shortage, hazardous material spill, etc. This plan shall conform to any statewide requirements issued by any applicable State or local authority.
2. The Contractor shall adopt policies and procedures that address emergency situations and ensure that there are safeguards in place to protect and support waiver participants in the event of natural disasters or other public emergencies.
3. The Contractor shall ensure that emergency preparedness policies and procedures are clearly communicated to site staff and subcontractors in order to provide care under emergency conditions and to provide for back-up in the event that usual care is unavailable.
4. The Contractor shall develop an emergency preparedness training plan to be provided to all staff at least annually and as needed when new staff are hired. The training shall consist of:
 - a. Familiarity with telephone numbers of fire, police, and ambulance services for the geographic area served by the provider
 - b. Techniques to obtain vital information from older individuals who require emergency assistance
 - c. Written emergency procedures for all staff that have contact with older individuals
5. The Contractor shall develop a method for documenting the emergency preparedness training provided for all staff.
6. The Contractor shall develop a program for testing its emergency preparedness plan at least annually.

H. Other Provisions

ARTICLE II. MSSP PROGRAM OPERATIONS (Continued)

1. The Contractor is relieved of all obligations to arrange for and provide services to a waiver participant under this Agreement after the waiver participant has been terminated from the MSSP and has exhausted their appeal rights.
2. The Contractor shall provide a notice of termination to a waiver participant prior to terminating the participant from the MSSP and shall reference the MSSP Site Manual to determine how many days' notice are required based on the type of termination code that is used.

This process shall assure fair consideration and disposition of subcontractor claims against the Contractor. Final authority to decide claims shall be vested with the Contractor. The subcontractor has no right of appeal to CDA.
4. The Contractor shall serve participants in the Catchment Area as defined in Exhibit G of this Agreement. Any revisions to Exhibit G require CDA approval.

6. The Contractor shall make staff available to CDA for training and meetings which CDA may find necessary from time to time.
7. The Contractor shall require all care management staff to complete [fall prevention training](#) annually, with the completion verified by the MSSP Quarterly Report.

The costs associated with delivery and repairs of the items allowable under this service are also included.

Examples include, but are not limited to, a transfer pole, grabber/reacher, dressing aid or sock aid, etc.

6. **Supplemental Services (3.1, 3.2, and 3.7):** These services are for purposes of household support, personal care, and protective supervision for those services above and beyond those available through the In-Home Supportive Services (IHSS) Program or to participants that are not eligible for IHSS.

Examples include:

1. The MSSP participant has not yet been assessed for IHSS and needs services in the interim until IHSS can be arranged.
2. The regular IHSS provider is not available and IHSS cannot provide a substitute.
3. IHSS services are in place; however, MSSP has assessed a greater need. In these cases, MSSP will advocate with IHSS for increased time for those services before authorizing expenditure of Waiver funds.

Services purchased can supplement but not supplant IHSS.

Supplemental Homemaker, Personal Care, and Protective Supervision services shall be subject to Electronic Visit Verification (EVV) requirements required by Section 1903(l) of the Social Security Act (SSA) (42 U.S.C. 1396b). Vendor

ARTICLE III. DEFINITIONS OF SERVICES PROVIDED UNDER THE WAIVER (continued)

contracts for 3.1, 3.2, and 3.7 services must contain language that addresses EVV requirements.

- a) **Supplemental Homemaker Services** (3.1): are for purposes of household support and applies to the performance of household tasks rather than to the care of the waiver participant. Homemaker activities are limited to: household cleaning, laundry (including the services of a commercial laundry or dry cleaner), shopping, food preparation, and household maintenance. Instruction in performing household tasks may also be provided.
- b) **Supplemental Personal Care** (3.2): This service provides assistance to maintain bodily hygiene, personal safety, and activities of daily living (ADL).
- c) These tasks are limited to nonmedical personal services: feeding, bathing, oral hygiene, grooming, dressing, care of and assistance with prosthetic devices, rubbing skin to promote circulation, turning in bed and other types of repositioning, assisting the individual with walking, and moving the individual from place to place (e.g., transferring). Waiver participant instruction in self-care may also be provided.
- d) **Supplemental Protective Supervision** (3.7): Ensures provision of supervision in the absence of the usual care provider to persons residing in their own homes, who are very frail or otherwise may suffer a medical emergency. Such supervision serves to prevent immediate placement in an acute care hospital, skilled nursing facility, or other 24-hour care facility. Such supervision does not require medical skills and can be performed by an individual trained to summon aid in the event of an emergency. This service may also provide a visit to the waiver participant's home to assess a medical situation during an emergency (e.g., natural disaster).

Waiver Participants that receive Supplemental Protective Supervision may also receive a room monitor under Communication: Device (9.2); however, are not allowed to also receive Emergency Response System (ERS) services.

- 7. **Therapeutic Services** (3.3): This service addresses unmet needs of waiver participants when such care is not otherwise available under the State Plan. These services will be provided based on the following criteria: The waiver participant assessment identifies need for this support and the care plan reflects the required service(s). MSSP waiver participants are extremely frail and, on occasion, in need of services that cannot be provided under that cannot be provided under Medi-Cal. This MSSP service supplements but does not supplant benefits provided by the State Plan. The service is provided by authorized individuals when such care is prescribed or approved by a physician.

ARTICLE III. DEFINITIONS OF SERVICES PROVIDED UNDER THE WAIVER (continued)

Therapeutic Services includes the following: foot care, massage therapy, and swim therapy.

Therapeutic services provided in the home shall be subject to EVV requirements required by Section 1903(l) of the Social Security Act (SSA) (42 U.S.C. 1396b). Vendor contracts for 3.3 services must contain language that addresses EVV requirements.

8. **Consultative Clinical Services** (4.3): This service addresses the unmet needs of waiver participants when such care is not otherwise available under the State Plan. These services will be provided based on the following criteria:
- The waiver participant assessment identifies need for this support and the care plan reflects the required service(s).
 - MSSP utilizes all of the services available under the State Plan prior to purchasing these services as Waiver Services. MSSP's waiver participants are extremely frail and, on occasion, in need of services that cannot be provided under Medi-Cal. This service is especially critical for persons recently discharged from acute hospitals or who are otherwise recovering at home from an acute illness or injury. This MSSP service supplements, but does not supplant, benefits provided by the State Plan.

In addition to the provision of care, waiver participants and their families/caregivers are trained in techniques which will enable them (or their caregivers) to carry out their own care whenever possible.

Allowable services are:

- Social services and legal/paralegal consultation to assist the individual with addressing critical incidents, public benefits, housing issues, and/or safety issues
- Dietitian/Nutrition consultation
- Pharmacy consultation
- Vital sign monitoring

Each component of this waiver service is separately authorized and the participant may exercise free choice of providers for each component. The participant may choose to receive consultative clinical services either via telehealth or in-person. When provided via telehealth, the service must be provided in accordance with the telehealth assurances described in the Waiver.

9. **Care Management:** Assists waiver participants in gaining access to needed Waiver and other State Plan services, as well as needed medical, social, and other services, regardless of the funding source. Care managers are responsible for ongoing monitoring of the provision of services included in the

ARTICLE III. DEFINITIONS OF SERVICES PROVIDED UNDER THE WAIVER (continued)

waiver participant's plan of care.

- a) **Care Management (50):** The MSSP care management system vests responsibility for assessing, care planning, authorizing, locating, coordinating, and monitoring a package of long-term care services for community-based waiver participants with a local MSSP site contractor and specifically with the site care management team. The care management teams at each of the local sites are trained professionals working under the job titles of Nurse Care Manager and Social Work Care Manager; these professionals may be assisted by Care Manager Aides. The teams are responsible for Care Management services including the assessment, care plan development, service authorization/delivery, monitoring, and follow-up components of the program. Case records must document all waiver participant contact activity each month.

The participant may choose to receive care management services either via telehealth or in-person. When provided via telehealth, the service must be provided in accordance with the telehealth assurances described in the Waiver.

- b) **Deinstitutional Care Management (DCM) (4.6):** This service is used ONLY with individuals who are institutionalized. It allows care management to begin up to one hundred eighty (180) days prior to an individual's discharge from an institution. It may be used in two situations, as follows:
- Where MSSP has gone into a facility (nursing facility or acute hospital) to begin working with a resident to facilitate their discharge into the community
 - Where an established MSSP waiver participant is institutionalized and MSSP services are necessary for the person to be discharged back into the community

All care management services (monthly Administration and Care Management) provided during this period are combined into one unit of DCM and billed upon discharge. For those individuals who do not successfully transition to the Waiver, billing is disallowed, as Federal Financial Participation (FFP) cannot be claimed for DCM services where the participant does not transition into the Waiver. No care management services available under the State Plan will be duplicated under the MSSP Waiver.

10. **Respite (5.1, 5.2):** The State Plan does not provide for respite care. By definition, the purpose of respite care is to relieve the waiver participant's informal caregiver and thereby prevent breakdown in the informal support

ARTICLE III. DEFINITIONS OF SERVICES PROVIDED UNDER THE WAIVER (continued)

system. Respite service will include the supervision and care of a waiver participant, while the family or other individuals who normally provide primary care take short-term relief or respite which allows them to continue as caregivers. Respite may also be needed in order to cover emergencies and extended absences of the caregiver. As dictated by the waiver participant's circumstances, services will be provided In-Home (5.1) or Out-of-Home (5.2). Waiver Services will not be used for respite services provided beyond thirty consecutive days, or for any combination of direct care and protective supervision that exceeds 24 hours of care per day. Waiver Service funds will not be used for the cost of room and board. Individuals providing services in the waiver participant's residence shall be trained and experienced in homemaker services, personal care, or home health services, depending on the requirements in the waiver participant's plan of care.

Respite care services provided in the home shall be subject to EVV requirements required by Section 1903(l) of the Social Security Act (SSA) (42 U.S.C. 1396b). Vendor contracts for 5.1 services must contain language that addresses EVV requirements.

11. **Transportation** (6.3 and 6.4): These services provide access to the community (e.g., non-emergency medical transportation to health and social service providers) and special events for waiver participants who do not have means for transportation or whose mobility is limited, or who have functional disabilities requiring specialized vehicles and/or escort. These services are in contrast to the transportation service authorized by the State Plan which is limited to medical services, or waiver participants who have documentation from their physician that they are medically unable to use public or ordinary transportation. Whenever possible, family, neighbors, friends, or community agencies which can provide this service without charge will be utilized.

Transportation services are usually provided under public paratransit or public social service programs (e.g., Title III of the Older Americans Act) and shall be obtained through these sources without the use of MSSP resources, except in situations where such services are unavailable or inadequate. Service providers may be paratransit subsystems or public mass transit; specialized transport for the older adults and adults with disabilities; private taxicabs and ride-sharing services (such as Uber or Lyft) where no form of public mass transit or paratransit is available or accessible; or when they are subsidized by public programs or local government to service frail older adults and handicapped (e.g., in California, some counties provide reduced fare vouchers for trips made via private taxicabs for frail older adults and handicapped).

Escort services may be authorized for those waiver participants who cannot manage to travel alone and require assistance beyond what is normally offered by the transportation provider.

ARTICLE III. DEFINITIONS OF SERVICES PROVIDED UNDER THE WAIVER (continued)

12. **Nutritional Services** (7.1, 7.2, and 7.3): These services may be provided daily but are not to constitute a full nutritional regimen (three (3) meals a day) [42 CFR 440.180 (b)].

a) **Congregate Meals** (7.1): Meals served in congregate meal settings for waiver participants who are able to leave their homes or require the social stimulation of a group environment in order to maintain a balanced diet. Congregate meals can be a preventive measure for the frail older person who has few (if any) informal supports, as well as a rehabilitative activity for people who have been physically ill or have suffered emotional stress due to losses associated with aging. This service should be available to MSSP waiver participants through Title III of the Older Americans Act. MSSP funds shall only be used to supplement congregate meals when funding is unavailable or inadequate through Title III or other public or private sources.

Congregate Meal Sites are subject to Federal Home and Community-Based Settings (HCBS) requirements, meaning they must:

- Support access to the greater community;
- Be selected by the participant from among setting options;
- Ensure individual rights of privacy, dignity and respect, and freedom from coercion and restraint;
- Optimize autonomy and independence in making life choices;
- Facilitate choice regarding services and who provides them; and
- Be physically accessible.

Vendor contracts with Congregate Meal Sites must contain language that addresses Home and Community-Based Settings requirements as specified in 42 CFR 441.301(c)(4).

b) **Home Delivered Meals** (7.2): Meals for waiver participants who are homebound, unable to prepare their own meals and have no caregiver at home to prepare meals for them. As with Congregate Meals, the primary provider of this service is Title III of the Older Americans Act. MSSP funds shall only be used to supplement home-delivered meals when they are unavailable or inadequate through Title III or other public or private sources.

c) **Oral Nutritional Supplements (ONS)** (7.3): As Medi-Cal may cover ONS, efforts must be made to obtain ONS through a Medi-Cal Treatment Authorization Request (TAR). The process must be documented in the monthly progress notes. If oral nutritional supplements (ONS) are to be purchased using Waiver Service funds, the following actions must occur and be documented in the Participant record:

ARTICLE III. DEFINITIONS OF SERVICES PROVIDED UNDER THE WAIVER (continued)

- The Nurse Care Manager (NCM) must conduct a nutritional screen to assess the waiver participant's nutritional needs and determine that an ONS is advisable.
- The use of home-prepared drinks/supplements (instant breakfast, pureed food) has been explored and found not to meet the Participant's needs.
- All other options for payment of an ONS have been exhausted (Waiver Participant, family, etc.).

If all three criteria have been satisfied, an ONS may be purchased initially for a period of three (3) months. If an ONS needs to be continued beyond the three-month timeframe, a physician order must be obtained. Upon annual reassessment, if all criteria, including a new nutritional screen, are satisfied and the previous physician order has expired, another three months may be purchased. The physician's order must be renewed on an annual basis.

13. **Counseling & Therapeutic Services (8.3, 8.4, and 8.5):** These services include protection for waiver participants who are isolated and homebound due to health conditions; who suffer from depression and other psychological problems; individuals who have been harmed or threatened with harm (physical or mental) by other persons or by their own actions; or those whose cognitive functioning is impaired to the extent they require assistance and support in making and carrying out decisions regarding personal finances.

The participant may choose to receive counseling and therapeutic services (8.3, 8.4, and 8.5) either via telehealth or in-person. When provided via telehealth, the service must be provided in accordance with the telehealth assurances described in the Waiver.

- a) Social Support (8.3):** Includes periodic telephone contact, visiting, or other social and reassurance services to verify that the individual is not in medical, psychological, or social crisis, or to offset isolation. Such services shall be provided based on need, as designated in the waiver participant's plan of care. The MSSP has found that isolation and lack of social interaction can seriously impact some waiver participants' capacity to remain independent. Lack of motivation or incentive or the lack of any meaningful relationships can contribute to diminishing functional capacity and premature institutionalization.

These services are often provided by volunteers or through Title III of the Older Americans Act; however, these services may not be available in a particular community and do, infrequently, require purchase. Waiver Service funds will be used to purchase friendly visiting only if the service is unavailable in the community or is inadequate as provided under other public or private programs.

ARTICLE III. DEFINITIONS OF SERVICES PROVIDED UNDER THE WAIVER (continued)

Social Support services provided in the home shall be subject to EVV requirements required by Section 1903(l) of the Social Security Act (SSA) (42 U.S.C. 1396b). Vendor contracts for 8.3 services must contain language that addresses EVV requirements.

- b) Therapeutic Counseling (8.4):** Includes individual or group counseling to assist with social, psychological, or medical problems which have been identified in the assessment process and included in the waiver participant's care plan. Therapeutic counseling is essential for preventing some waiver participants from being placed in a nursing facility. This service may be utilized in situations where waiver participants or their caretakers may face crises, severe anxiety, emotional exhaustion, personal loss/grief, confusion, and related problems. Counseling by licensed or certified counselors in conjunction with other services (e.g., respite, IHSS, meals) may reverse some states of confusion and greatly enhance the ability of a family to

care for the waiver participant in the community or allow the waiver participant to cope with increasing impairment or loss.

Therapeutic Counseling is only allowable when State Plan services have been exhausted or are not otherwise available under the approved State Plan.

- c) Money Management (8.5):** This service assists the waiver participant with activities related to managing money and the effective handling of personal finances. Services may be either periodic or as full-time substitute payee. Services may be provided by organizations or individuals specializing in financial management or performing substitute payee functions.

Money Management services provided in the home shall be subject to EVV requirements required by Section 1903(l) of the Social Security Act (SSA) (42 U.S.C. 1396b). Vendor contracts for 8.5 services must contain language that addresses EVV requirements.

14. **Communication (9.1 and 9.2):** Waiver participants who receive these services are those with special communication problems such as vision, hearing, or speech impairments and persons with physical impairments likely to result in a medical emergency. Services shall be provided by organizations such as: speech and hearing clinics; organizations serving blind individuals; hospitals; senior citizens centers; and providers specializing in communications equipment for disabled or at-risk persons. Services shall be available on a routine or emergency basis as designated in the waiver participant's plan of care.

ARTICLE III. DEFINITIONS OF SERVICES PROVIDED UNDER THE WAIVER (continued)

- a. **Translation** (9.1): The provision of translation and interpretive services for purposes of instruction, linkage with social or medical services, and conduct of business is essential to maintaining independence and carrying out the ADL and Instrumental Activities of Daily Living (IADL) functions.

For non-English speaking waiver participants, this service is the link to the entire in-home and community-based service delivery system. MSSP resources shall be used to support this service only where family and community resources are unable to meet the need, and as described in the care plan.

- b. **Device** (9.2): The rental/purchase of 24-hour emergency assistive services, or installation of a telephone to assist in communication (excluding monthly telephone charges) for waiver participants who are at risk of institutionalization due to conditions likely to result in a medical emergency. Purchase of Emergency Response Systems (ERS) is limited to those waiver participants who live alone, or who are alone for significant parts of the day and have no regular caregiver for extended periods of time, and who would otherwise require extensive routine supervision. The following are allowable:

1. Medic-alert type bracelets/pendants
2. Intercoms
3. Emergency Response System
4. Wander-alerts
5. Room/two-way monitors
6. Light fixture adaptations (blinking lights, etc.)
7. Telephone adaptive devices not available from the telephone company

This service is limited to additional services and items not otherwise covered under the State Plan but are consistent with waiver objectives of avoiding institutionalization. Telephone installation or reactivation of service will only be authorized to enable the use of telephone-based electronic response systems where the waiver participant has no telephone, or for the isolated waiver participant who has no telephone and who resides where the telephone is the only means of communicating health needs. This service will only be authorized when the waiver participant has a medical/health condition that makes him/her vulnerable to medical emergency.

Waiver participants that receive Supplemental Protective Supervision may also receive a room monitor under Communication: Device; however, are not allowed to also receive ERS services. These types of devices are intended to assist in keeping at-risk waiver participants safe in the home and are not intended to replace an in-person support staff.

ARTICLE IV. ELECTRONIC VISIT VERIFICATION (EVV)

1. Electronic Visit Verification (EVV) is a telephone and computer-based solution validating that in-home service visits occur. EVV solutions shall verify the: a) type of service performed; b) individual receiving the service; c) date of the service; d) location of service delivery; e) individual providing the services; and f) time the service begins and ends.
2. Pursuant to Section 1903(l) of the Social Security Act (SSA) (42 U.S.C. 1396b), Contractor shall implement DHCS-approved EVV solutions for Medicaid-funded personal care services and home health care services. Contractor and subcontractors shall use safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of PHI and other confidential data and comply, where applicable, with subpart C of 45 CFR Part 164 to prevent use or disclosure of the information as provided for by this Agreement.

4. The Contractor may at any time repay all or any part of the funds advanced hereunder. Whenever either party gives prior written notice of termination of this Agreement, the Contractor shall repay to DHCS, within ten (10) working days of such notice, the unliquidated balance of the advance payment.

ARTICLE II. FUNDS (Continued)

In State:

- [Mileage/Per Diem \(meals and incidentals\)/Lodging](#)

Out of State:

- [Travel and Relocation Policy-Human Resource Manual](#)

No travel outside the State of California shall be reimbursed unless prior written authorization is obtained from the State. [2 CCR 599.615 et seq.]

The Contractor agrees to include these requirements in all contracts it enters into with subcontractors/vendors to provide services pursuant to this Agreement.

3. DHCS and CDA reserve the right to refuse payment to the Contractor or later disallow costs for any expenditure as determined by DHCS or CDA to be out of compliance with this Agreement; unrelated or inappropriate to contract activities; when adequate supporting documentation is not presented; or where prior approval was required but was either not requested or granted.
4. The Contractor agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Contractor under this Contract, shall be paid by the Contractor to DHCS to the extent that they are properly allocable to costs for which the Contractor has been reimbursed by DHCS under this Contract.
5. CDA may require prior approval and may control the location, cost, dates, agenda, instructors, instructional materials, and attendees at any reimbursable training seminar workshop or conference conducted by the Contractor in relation to the program funded through this Contract. CDA may also maintain control over any reimbursable publicity, or education materials to be made available for distribution. The Contractor is required to acknowledge the support of CDA in writing, whenever publicizing the work under this Agreement in any media.

[2 CFR Part 200]
- C. Upon termination, cancellation, or expiration of this Agreement or dissolution of the entity, the Contractor, upon written demand, shall immediately return to DHCS any funds provided under this Agreement, which are not payable for goods or services delivered prior to the termination, cancellation, or expiration of this Agreement or the dissolution of the entity.

No legal liability on the part of the State for any payment may arise under this contract until funds are made available and until the Contractor has received notice of funding availability, which will be confirmed in writing.

A. Funding Reduction in Subsequent Fiscal Years

- 1. If funding for any State fiscal year is reduced or eliminated by the Legislature, Congress, or Executive Branch of State Government for the purposes of this program, the State shall have the option to either:
 - a. Terminate the Contract pursuant to Exhibit D, Article XII
 - b. Offer a contract amendment to the Contractor to reflect the reduced funding for this contract
- 2. In the event that the State elects to offer an amendment, it shall be mutually understood by both parties that the State reserves the right to determine which contracts, if any, under this program shall be reduced and that some contracts may be reduced by a greater amount than others. The State shall determine, at its sole discretion, the amount that any or all of the contracts shall be reduced for the fiscal year.

B. The Contractor shall be reimbursed for Waiver Services expenses only as itemized in the most recent approved or revised Budget. Care Management and Care Management Support categories shall be reimbursed up to the combined budget amount of both categories.

C. Category amounts stipulated in the Budget, a part of Exhibit B, are the maximum amounts that may be reimbursed by DHCS under this Agreement or the actual category expenditures whichever is less. ARTICLE XI. RECOVERY OF FUNDS AND APPEALS

- A. Funds designated for recovery, identified through utilization reviews (UR), year-end closeouts, or program/agency fiscal audits, are collected via formal processes managed by the DHCS Third Party Liability and Recovery Division. When CDA MSSP Section staff or CDA Audits ARM staff determine that an expenditure lacks proper supporting documentation for reimbursement, the Contractor must repay the amount using non-MSSP funds. For UR-initiated recoveries, MSSP Section staff identify recoverable amounts upon UR completion, issue a Notice of Claim Adjustment detailing the targeted expenditures and appeal procedures, and, after any appeals are resolved, prepare a Recovery Memo sent to DHCS to initiate collection. A similar process applies to fiscal audit-initiated recoveries, where the CDA ARM Branch issues an audit report or Notice of Audit Determination (NAD), followed by submission of the NAD and Recovery Memo to DHCS. CDA ARM Branch appeals procedures are sent to the Contractor by DHCS, Third Party Liability and Recovery Division upon receipt of the Recovery Memo from CDA.
- B. The UR Recovery Appeal Process allows the Contractor to dispute a Notice of Claim Adjustment by submitting a written appeal, including supporting evidence, legal basis, and desired remedy, to the Division of Home and Community Living Deputy Director within 15 working days of receipt. The Deputy Director must issue a written decision within 15 working days. If dissatisfied, the site may appeal to the Chief Deputy Director of the California Department of Aging within 10 working days, providing reasons and documentation; the Chief Deputy Director (or designee) then meets with the site within 20 working days and issues a final decision within 15 working days thereafter. Further appeals follow procedures in Division 25.1 of the California Health and Safety Code. The Contractor must continue fulfilling all contract obligations during disputes, and any costs related to administrative or court reviews are not reimbursable by the Department.
