3:00 P.M. Public Hearing Closed

Board Action: Moved by Supervisor Gore, Seconded by Supervisor Hermosillo; Approved as amended by Ordinance 6547.

The Board considered and voted to modify the proposed ordinance to remove the Use Permit requirement for solid fences between 3-6 feet in height in the front and street side yard setbacks in the Agriculture and Residential (AR) and Rural Residential (RR) zoning districts and instead require Administrative Design Review, consistent with staff's original recommendation to the Planning Commission.

The Planning Commission's recommendation related to the types of agricultural fences (e.g. post and wire, split-rail, and pipe) that would be exempt from design review when required in the Scenic Resource (SR) combining district were maintained.

The Board also voted to modify the proposed ordinance to treat agricultural fences that meet specified standards in the Rural Residential (RR) zoning district the same as they would be treated in the Agricultural and Residential (RR) zoning district. As a result, an agricultural fence in the RR and AR zoning districts that meets specified standards in the ordinance would not require a permit and would not be subject to design review if within the SR combining district.

Aye: Hermosillo, Rabbitt, Gore, and Hopkins

Absent: Coursey
