

Community Resilience Program Staffing Summary

The staffing needed to oversee the ARPA Community Resilience Program and implement the County and Community Capacity Building Program is 9 FTE.

Human Services (7.0 FTEs)

Contracts & Fiscal Units

- 1.0 Program Planning & Evaluation Analyst (PPEA) and a 1.0 Accounting Technician: These positions work as a team on managing the administrative and accounting details of the 27 contracts. Tasks include tracking payments (including status of pre-payments), reconciling financial data from contract invoices and the County's accounting system, handling updates to contract language, including amendments, monitoring insurance requirements, etc. The contract case load of 27 contracts mirror the caseload for other PPEA/Accounting Technician teams for other HSD contracts, and HSD can substantiate from prior experience that this level of staffing is needed simply to ensure administrative needs of contract management are addressed.

Upstream Investments team

- 2.0 Program Planning & Evaluation Analysts:
 - Manage Implementation of Equity Centered Results-Based Accountability
 - Develop trainings - Equity-Centered Results-Based Accountability and Demographic Data Collection
