To: Board of Supervisors

Department or Agency Name(s): Sonoma County Public Infrastructure

Staff Name and Phone Number: Johannes J. Hoevertsz, 707-565-2250

Vote Requirement: Majority

Supervisorial District(s): Countywide

Title:

FY 2025 SB1 State of Good Repair Grant Program

Recommended Action:

Adopt a resolution approving the SB1 State of Good Repair Project List for Fiscal Year 2025 for the County of Sonoma/Sonoma County Transit.

Executive Summary:

This Resolution provides approval by the Board for the Senate Bill 1 State of Good Repair Project List for Fiscal Year 2025, which is required annually to obtain State of Good Repair funds provided by the California Department of Transportation, Division of Rail and Mass Transportation. State of Good Repair funding allocated for FY 2025 will assist with the replacement of compressed natural gas (CNG)-fueled buses with new battery-electric buses.

Discussion:

The Road Repair and Accountability Act of 2017, approved by California State Legislature as Senate Bill 1 (SB1), provides new transportation funding over the next decade to repair highways, bridges and local roads and improve transit service. SB1 also provides approximately \$105 million annually to transit operators in California for eligible transit maintenance, rehabilitation and capital projects. Sonoma County Transit's estimated share of these funds for FY 2025, which is referred to as the SB1 State Transit Assistance State of Good Repair Grant Program, is \$39,315.

The SB1 State of Good Repair Grant Program, which is administered by the California Department of Transportation, Division of Rail and Mass Transportation (Caltrans), is funded from a portion of a Transportation Improvement Fee on vehicle registrations beginning in 2018. Sonoma County Transit is applying to Caltrans requesting \$39,315 in FY 2025 State of Good Repair Grant Program funding to assist with the replacement of compressed natural gas (CNG)-fueled buses with new battery-electric buses for Sonoma County Transit's fixed-route fleet. State of Good Repair funding will be combined with State Low Carbon Transit Operations Program funding, Federal Transit Administration formula funding, and local Transportation Development Act funding.

Prior to receiving an allocation of SB1 State of Good Repair Grant Program funding, Sonoma County Transit

must annually submit a Board Resolution to Caltrans approving an annual list of projects for which SB1 State of Good Repair funding will be used. Authorized Agent and Grant Assurances forms were submitted to Caltrans with Sonoma County Transit's FY 2018 application, which were one-time submittals through the end of the State of Good Repair funding program.
