**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

Board of Supervisors  
County of Sonoma, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Sonoma, California (County), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 26, 2024. Our report included a reference to other auditors who audited the financial statements of the Sonoma County Agricultural Preservation and Open Space District (nonmajor governmental fund), Integrated Waste (major enterprise fund), Airport Fund (major enterprise fund), Energy Independence Program Fund (major enterprise fund), Sonoma County Transit (major enterprise fund), Community Development Commission (discretely presented component unit), Sonoma County Water Agency (discretely presented component unit), Sonoma Valley County Sanitation District (nonmajor discretely presented component unit), Russian River County Sanitation District (nonmajor discretely presented component unit), South Park County Sanitation District (nonmajor discretely presented component unit), Occidental County Sanitation District (nonmajor discretely presented component unit), Sonoma County Fair and Exposition, Inc. (nonmajor enterprise fund), and the Sonoma County Employees' Retirement Association (SCERA) (fiduciary fund) as described in our report on the County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

Board of Supervisors  
County of Sonoma, California

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the County of Sonoma, California's (County) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2024. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

### ***Other Matter – Federal Expenditures Not Included in the Compliance Audit***

The County's basic financial statements include the operations of entities listed below which expended the following amounts in federal awards which are not included in the County's schedule of expenditures of federal awards for the fiscal year ended June 30, 2024:

Entity	Federal Expenditures
Sonoma County Community Development Commission	\$ 65,676,243
Sonoma County Transit	4,479,137
Sonoma Valley County Sanitation District	3,059,742
Russian River County Sanitation District	2,150,471

Our compliance audit, described in the "Opinion on Each Major Federal Program" does not include the operations of the Sonoma County Community Development Commission, Sonoma County Water Agency, and Sonoma County Transit because they engaged other auditors to perform an audit in accordance with the Uniform Guidance.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated December 26, 2024, which contained unmodified opinions on those financial statements. Our report included a reference to other auditors who audited the financial statements of the Sonoma County Agricultural Preservation and Open Space District (nonmajor governmental fund), Integrated Waste (major enterprise fund), Airport Fund (major enterprise fund), Energy Independence Program Fund (major enterprise fund), Sonoma County Transit (major enterprise fund), Community Development Commission (discretely presented component unit), Sonoma County Water Agency (discretely presented component unit), Sonoma Valley County Sanitation District (nonmajor discretely presented component unit), Russian River County Sanitation District (nonmajor discretely presented component unit), South Park County Sanitation District (nonmajor discretely presented component unit), Occidental County Sanitation District (nonmajor discretely presented component unit), Sonoma County Fair and Exposition, Inc. (nonmajor enterprise fund), and the Sonoma County Employees' Retirement Association (SCERA) (fiduciary fund) as described in our report on the County's financial

statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

LEGEND:

- (1) Indirect refers to Federal monies passed through various non-federal agencies, primarily State of CA agencies.  
(2) The State of CA does not assign a pass-through identification number for certain programs passed to the County.  
Accordingly, a pass-through identification number is not listed for certain indirect programs.  
(3) Program is part of the Aging Cluster at the request of the California Department of Aging.

**Note 1 - General**

The accompanying schedule of expenditures of federal awards (SEFA) for the fiscal year ended June 30, 2024, presents the activity of all federal award programs of the County of Sonoma, California (County) with the exception of the federal award programs of the Sonoma County Community Development Commission, Sonoma County Transit, Sonoma Valley County Sanitation District, and Russian River County Sanitation District, which were subject to separate audits by independent auditors.

The County SEFA excludes federal award programs for the entities which file a separate SEFA and independent audit. The expenditures incurred under federal award programs audited by other auditors are as follows:

Sonoma County Community Development Commission	\$ 65,676,243
Sonoma County Transit	4,479,137
Sonoma Valley County Sanitation District	3,059,742
Russian River County Sanitation District	2,150,471

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position or fund balance, or cash flows of the County. The County's Annual Comprehensive Financial Report (ACFR) Note 1, defines the reporting entity and provides a summary of significant accounting policies.

**Note 2 - Basis of Accounting**

The accompanying SEFA is presented using the modified accrual basis of accounting for grants accounted for in the governmental fund types and the accrual basis of accounting for grants accounted for in the proprietary fund types, as described in Note 1 to the County's basic financial statements, except for subrecipient expenditures, which are recorded on the cash basis and programs required to be presented on a cash basis. Expenditures/expenses are recognized following the cost principles contained within the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**Note 3 - Assistance Listing Numbers (ALN)**

The Assistance Listing numbers included in the accompanying SEFA were determined based on the program name, review of grant contract information, and the Office of Management and Budget's Assistance Listing numbers as reported on SAM.gov.

**Note 4 - Pass-Through Entity Identifying Numbers**

The County has included in the SEFA the identifying numbers for pass-through grants when such information has been provided by the pass-through entities.

**Note 5 - Indirect Cost Rate**

The County has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance, with the exception of the following programs:

Assistance Listing		
Number	Award Number	Program Name
10.937	NR233A750004G065	Partnerships for Climate-Smart Commodities

**Note 6 - Additional Information for the State of California Department of Aging**

The California Department of Aging (CDA) requires agencies who receive CDA funding to display state-funded expenditures and federal expenditures for each CDA grant awarded. The County expended the following federal and state amounts under the grants:

ALN	Federal Expenditures	State Expenditures
10.561	\$ 418,461	
93.041	7,739	
93.042	49,004	
93.042 COVID-19 ARPA	16,958	
93.043	48,501	
93.043 COVID-19 ARPA	13,235	
93.044	700,891	\$ 160,756
93.044 COVID-19 ARPA	212,546	
93.045	612,757	476,860
93.045 COVID-19 ARPA	516,318	
93.052	281,760	
93.052 COVID-19 ARPA	48,665	
93.053	175,529	
93.071	93,906	
93.324	120,582	335,577
93.778	1,071,200	
OARR - NA		290,278
NI - NA		52,622
LAPAD - NA		47,824
Access to Tech - NA		599,036
OMB Initiative - NA		62,786
	<u>\$ 4,388,052</u>	<u>\$ 2,025,739</u>

**Note 7 - Grant Programs Reimbursed in Arrears**

The County participates in federal programs where payments are received in arrears because eligibility, as determined by the federal agency, is determined in arrears. The County reports expenditures on the SEFA when the grantor has approved the project and the County incurred the eligible expenditures.

**Disaster Grants – Public Assistance (Presidentially Declared Disasters), Assistance Listing No. 97.036**

Program Title	Expenditures Incurred Prior to FY2024	Expenditures Incurred in FY2024	Total
