- b. If Subrecipients are authorized under this award to make Second-Tier Subawards, procurement contracts, or both:

- 1) Subrecipients represent that:
 - a) No other entity (whether through a Second-Tier Subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) that they pass funds to either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and
 - b) Appropriate inquiry has been made, or otherwise Subrecipients have an adequate factual basis, to support this representation; and
- 2) If learned or notified that any Second-Tier Subrecipient, contractor, or subcontractor entity that receives funds under this Grant Subaward is, or has been, requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, they will immediately stop any further obligations of Grant Subaward funds to or by that entity, will provide prompt written notification to Cal OES, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by Cal OES.

19. All Grant Subawards Must Have Specific Federal Authorization

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements for authorization of any Grant Subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "Grant Subaward" (and therefore does not consider a procurement "contract").

The details of the requirement for authorization of any Grant Subaward are posted on the OJP website at <https://ojp.gov/funding/Explore/SubawardAuthorization.htm> (Award condition: All subawards ("subgrants") must have specific federal authorization), and are incorporated by reference here.

20. Requirements Related to System for Award Management and Universal Identifier Requirements

Subrecipients (and any Second-Tier Subrecipients) must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at <https://www.sam.gov/>. This includes applicable requirements regarding registration with SAM, as well as maintaining the currency of information in SAM.

Subrecipients also must comply with applicable restrictions for Second-Tier Subawards, including restrictions on Grant Subawards to entities that do not acquire and provide (to Subrecipients) the unique entity identifier required for SAM registration.

The details of the Subrecipients' obligations related to SAM and to unique entity identifiers are posted on the OJP website at <https://ojp.gov/funding/Explore/SAM.htm> (Award condition: System for Award Management (SAM) and Universal Identifier Requirements), and are incorporated by reference here.

This condition does not apply to a Grant Subaward to an individual who received the Grant Subaward as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

21. Restrictions on "Lobbying"

In general, as a matter of federal law, federal funds awarded by OJP may not be used by Subrecipients (and any Second-Tier Subrecipients), either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by Subrecipients (and any Second-Tier Subrecipients), to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a Subrecipient (or any Second-Tier Subrecipient) would or might fall within the scope of these prohibitions, the Subrecipient is to contact Cal OES for guidance, and may not proceed without the express prior written approval of Cal OES.

22. Specific Post-award Approval Required to Use a Noncompetitive Approach in any Procurement Contract that would Exceed \$250,000

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$250,000). This condition applies to agreements that -- for purposes of federal grants administrative requirements OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP website at <https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm> (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$250,000)), and are incorporated by reference here.

23. Requirements Pertaining to Prohibited Conduct Related to Trafficking in Persons (including reporting requirements and OJP Authority to Terminate Grant Subaward)

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of Subrecipients (and any Second-Tier Subrecipients), or individuals defined (for purposes of this condition) as "employees" of Subrecipients (and any Second-Tier Subrecipients).

The details of the Subrecipients' obligations related to prohibited conduct related to trafficking in persons are posted on the OJP website at <https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm> (Award condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here.

24. Reporting Potential Fraud, Waste, and Abuse, and Similar Misconduct

Subrecipients (and any Second-Tier Subrecipients) must promptly refer to Cal OES any credible evidence that a principal, employee, agent, Subrecipient, contractor, subcontractor, or other person has, in connection with funds under this Grant Subaward-- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

26. Limited English Proficiency and Compliance with Title VI and the Safe Streets Act

Subrecipients (and any Second-Tier Subrecipients) must ensure that Limited English Proficiency persons have meaningful access to the services under this Grant Subaward. National origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with Title VI and the Safe Streets Act, Subrecipients (and any Second-Tier Subrecipients) are required to take reasonable steps to ensure that LEP persons have meaningful access to their programs. Meaningful access may entail providing language assistance services, including oral and written translation when necessary. The U.S. Department of Justice has issued guidance for grantees to help them comply with Title VI requirements. The guidance document can be accessed on the Internet at www.lep.gov.

27. VOCA Requirements

B. How funds minimize administrative costs and support direct services

Allocations requested will be used to fund direct services as the priority for the program. The grant award will be dedicated to employee salaries, benefits, and operating expenses to include services of participating staff who are not employed by this applicant. No indirect costs are requested. The project budget supports three contracted Outreach Workers to provide outreach and link crime victims to services. Outreach includes visits to sites where homeless individuals

congregate to identify and serve homeless victims of crime that may have disabling conditions. The contracted Housing Case Manager will provide assistance to homeless victims of crime with housing navigation, assistance completing applications, and job-seeking support. A full-time Homeless Outreach Coordinator provides support for the Outreach Workers as well as supporting the broader Victim Services Steering Committee (VSSC) initiative, including data collection.

C. How shared costs are allocated.

The budget does not include shared costs.

D. How staff duties and time support the objectives and activities.

All grant-funded staff duties and time commitments directly support the proposed objectives and activities of the VSSC plan. The 1.0 FTE Homeless Outreach Coordinator is fully dedicated to this grant, providing direct services to victims/survivors who are homeless, including accessing shelter or housing, coordinating outreach and education efforts, and continuing to build relationships with other service providers. Second-tier subaward funded positions will also support proposed objectives and activities: the fulltime Verity Outreach worker, the 0.875 FTE VOICES Case Manager, the 0.60 FTE Ruthless

Problem Statement

Sonoma County, located on the northern coast of California, comprises nearly 16,000 square miles of land and water. Sonoma County ranges from very small coastal rural communities to the increasingly urban City of Santa Rosa where the majority of the population resides and works. Despite the attractive quality of life, the shift from a somewhat rural community to an urban community has presented challenges in addressing crime trends in this County. Today the population is estimated to be over 500,000 Sonoma County residents. The majority of new residents, 69%, live within the boundaries of Sonoma County's nine cities. The City of Santa Rosa is the county seat and has led this growth in total population, adding 15,841 residents, over ten years to attain its current population of 176,938.

Victim Services has been part of the District Attorney's Office since 2002 and is based at the Sonoma County Hall of Justice (HOJ). The Homeless Outreach Team formed in 2016 with funding from the original XC grant and is housed at the Family Justice Center Sonoma County (FJCSC), which is walking distance from the HOJ. The Homeless Outreach Team provides direct outreach to homeless victims of crime focusing on those experiencing disabling mental,

emotional, and physical conditions. Outreach workers resolve immediate needs for support, engage individuals in a vulnerability assessment, and link victims to ongoing, comprehensive care as well as to prosecution and restitution. The project seeks to coordinate care to homeless victims of crime throughout Sonoma County and to broaden community understanding of the scope and nature of crimes against the homeless. This team is comprised of a coordinator from Victim Services and four outreach workers, one each community base agency; Verity, The Living Room, Ruthless Kindness and VOICES. In the past year our outreach advocate partners have shifted as a previous partner, Catholic Charities, stepped back from the grant to handle their own organizational capacity concerns. This change has resulted in program staff actively spending time networking with various community-based organizations to assist the Homeless Outreach Team in filling any gaps in service. Our goal for the upcoming year will be to fill the gaps created with the loss of other funding sources; assist all victims of crime, from young teens to older adults, who are homeless or at risk of becoming homeless as a result of a victimization.

Verity strives to eliminate all forms of violence in Sonoma County, with a special focus on sexual assault and abuse. Verity facilitates healing and promotes the prevention of violence by providing counseling, advocacy,

intervention, and education in our community. They have a 24-hour hotline, support groups, and assist victims of human trafficking. The Living Room, provides services to homeless women and children who are experiencing homelessness or may be at risk of becoming homeless. A provider of services in our community for the past 29 years, The Living Room holds two sites, one for residential and administrative services, and the Life Center, a hub for services during regular business hours that allows individuals to be connected to local partners, food, and transitional housing programs. The Living Room seeks to increase services where gaps have been identified. The partnership with The Living Room has allowed victims to benefit from Gap Housing. While there is a set exit date from The Living Room's housing options, which would coincide with the victim securing a longer term or permanent housing situation. While in their program, which could last one night or up to six weeks, victims have the opportunity to catch a respite, focus on their job, and receive immediate housing support and food. In addition, victims can interview with the Living Room staff for their transitional housing program for up to a one year stay.

Due to the increase in crime relating to young children, the need for services continues to grow. While there are agencies that focus on childrens' services, there is limited coordination efforts between agencies and

government. The existing services are inadequate to meet the needs without an integrated effort by Community Based Organizations to collaborate with government agencies. There is no process to ensure that all dependent homeless youth have access to services.

Plan

In an innovative approach, Victim Services and VOICES are joining in partnership to continue working on a more comprehensive approach at serving young victims of crime at risk being homeless or aging out of the foster system. VOICES Sonoma County has been a resource for over 12 years. It offers kids and young adults, who are living on the street or coming out of foster care, a safe place to get connected to food, shelter, clothing, and services available through various partnership like SAY, Our Village Closet and TLC, among others.

VOICES runs a peer-lead program in which a one of-a kind Youth Engagement Model is implemented. VOICES' comprehensive case management is designed to prepare 18–24 year-old youth for emancipation by connecting them to resources and supporting them with one-on-one coaching. Together, the Case Managers and youth complete an assessment of the youth's needs and identify local resources to meet these needs. The Case Managers

and youth identify permanent connections with supportive adults, work to create one unified emancipation plan and work in partnership to progress towards the youth's goals. Case Managers ensure the youth accesses core education, career development, health and safety, mentoring, daily living skills, financial resources, housing information, and social connections. VOICES Case Managers work with youth at VOICES as well as at multiple group homes, a variety of Sonoma County schools, Petaluma Family Life Center, SAY Dream Center, Valley of the Moon Children's Home, and Sonoma County Juvenile Hall.

VOICES Youth Advocates provide exceptionally effective support to their peers while guiding the evolving vision of the VOICES Center, training social service agencies in how to best support young people, and advocating as a voice for youth the community. With their "by any means" mindset towards case management and coaching, Advocates, all of whom have lived experience with homelessness, foster care, and/or juvenile justice systems, are uniquely equipped to motivate young people and connect them to resources. A goal of the new partnership is to provide gap housing to victims of crime. After the immediate shelter situation has been met via hotel stays, female victims will be connected to services through The Living Room. The goal will be to reduce the

Subrecipient: County of Sonoma

possibility of female victims feeling like they have no viable options after the initial crisis situation.

The population we serve, namely Sonoma County families and individuals who are victims of crime experiencing homelessness, have also endured collective, community trauma due to the pandemic and fires. The County's resources overall were down during shelter in place and many teams were unable to do outreach in the field. Additionally, shelter bed spaces available in the county are severely limited in comparison to the need for those experiencing homelessness. During the past year, local shelter capacity has varied and not reached pre-pandemic levels despite a rise in the number of homeless individuals and families. To compound this issue, many agencies have struggled with chronically low staffing which impacts service delivery and availability. The Homeless Outreach team has had to adjust to the ever-changing dynamics of the local resource network. For clients with transportation issues, this led to a gap or barrier. The virtual world unfortunately created unprecedented challenges when working with such a vulnerable population. On top of that, local need for mental health services has required individuals to get on waitlists that can be a yearlong, which is not ideal for someone actively in a crisis.

Grant Subaward Programmatic Narrative

Grant Subaward #: XC23 06 0490

Subrecipient: County of Sonoma

Connecting with our service population after lockdowns have been lifted has proven to be difficult. Outreach protocol has changed to adjust for remaining COVID-19 precautions, and events or drop-in times have not been able to reach the same level of attendance that they did pre-pandemic. Due to this, the team has had to adapt and prioritize networking even more to develop relationships for referrals and connections to services. Outreach events are not as regular as they previously were, reaching individuals to learn about services has served as a challenge. As homelessness and certain crimes such as domestic violence and hate crimes have been on the rise, many community partners have turned to the Homeless Outreach Team as a critical asset in assisting these individuals.

The anticipated impact of this funding will focus on salary and benefits to the five staff members working under this grant. Additional funds will go towards mileage, short-term motel stays, gap housing, and food vouchers. This will allow the team to continue efforts that have already been established in the community and address gaps and needs for victims of crime. The need this program addresses holds a high value with victims and community partners

since other programs offering similar benefits impose higher barriers or requirements.

To address the need for an additional advocate, the Homeless Outreach Team is working to hire a new part-time advocate through community-based agency Ruthless Kindness who is the mobile veterinary nonprofit serving victims of violence and their pets. Not only will this expansion to the team provide additional supportive services to victims, it will allow for more avenues of outreach through their mobile clinic outreach events throughout the county, opening the door to connect with those who may not initially seek services for themselves, but get connected through seeking services for their pet.

The Office of the District Attorney's Victim Services Division will continue to administer the XC Grant Subaward and act as the single point of contact for the grant. A process has been established between the Victim Services Director, grant analyst, and the accounting department to approve and pay invoices monthly to the three partners.

To continue expanding services throughout the county, the plan includes utilizing partner spaces and outreach opportunities that will become an

Grant Subaward #: XC23 06 0490

Subrecipient: County of Sonoma

extension of the District Attorney's Victim Services Division. By providing trainings to The Living Room Life Center staff and The Living Room Housing advocate on the Homeless Outreach team about what services the District Attorney's Office can provide victims, as well as victims' rights and resources, these partner sites are able to assist in navigating victims to the proper resource channels.

Additionally, Homeless Outreach Staff stationed at the Family Justice Center act as a point of contact for Coordinated Entry Intakes which allows victims to access countywide housing opportunities. By being an access site for this system, staff participates in weekly case-conferencing calls with homeless service providers throughout the county. Not only does this continue to include this program into the greater coordination of care in our community, it allows for continued networking and wraparound support for each victim. This system has allowed for victim services to participate in a larger effort to include victims of domestic violence into the homeless data reporting system while allowing them to still remain anonymous and confidential in the system.

While the recent partnership addition of The Living Room allowed for access to gap and transitional housing for victims, the need for shelter still remains one of the largest issues in the county. The Homeless Outreach Team

Grant Subaward Programmatic Narrative

Grant Subaward #: XC23 06 0490

Subrecipient: County of Sonoma

continues to work at identifying different organizations, resources, and creative opportunities to meet the shelter and housing needs of victims. This includes strengthening our relationship with other county programs that offer forms of shelter including the Housing Support Program through CalWorks, as well as the local Housing Authority. For short term solutions to this issue, the program has agreed going forward to provide additional hotel nights for particular victims when there is no other option and safety is a concern.

Ongoing objectives and activities for the grant include:

- Continue to contact new crime victims to provide advocacy, resources, and housing assistance
- Increase Coordinated Entry enrollment by ten percent and maintain active status for all enrolled through the program
- Increase follow-up to clients through case management and continue to track data and trends for services provided
- Continue to provide community outreach and education presentations focused on reaching underserved victim populations
- Enhance emergency assistance by providing clothing, toiletries, and first aid supplies

Grant Subaward Programmatic Narrative

- Purchase and distribute fuel, bus, and ride share gift cards for transportation needs
- Offer short-term motel stay as needed for clients
- Increase outreach efforts to Transitional Aged Youth (TAY) by five percent
- Increase referrals from health care providers by offering trainings
- Maintain participation in community workgroups for economic justice to provide victims with long term solutions, including a local homeless employment program

Since the implementation of COVID-19 pandemic restrictions, our office has not pursued volunteers to assist our efforts at this time. In lieu of securing volunteers, our efforts have focused on reconnecting and strengthening relationships in the community, especially to reflect the need we have seen through our services. This has included strengthening our relationships with Communique Interpreter Services, Humanidad, and La Luz to assist the increased number of monolingual Spanish and American Sign Language speaking clients that are being served by the Homeless Outreach Team.

The Victim Services Division collaborates with other county departments, law enforcement, and community agencies. Victim Services Operational Agreements are in place. We have excellent working relationships with these agencies providing training and collaborating on numerous outreach events. The Victim Services Director and staff are part of many multi-disciplinary Teams including the Family Violence Prevention Council, Human Trafficking Task Force, Redwood Children Center Multidisciplinary Team (MDT) meeting, Elder Abuse MDT meeting, Elder Protection Workgroup, Homeless Employment Workgroup, and the Domestic Violence Death Review.

Homeless Outreach Team staff are consistently provided with opportunities for continued training and education focusing on topics such as Trauma Informed Services, Serving Victims with Disabilities, Harm Reduction, Fair Housing, and Cultural Competencies specifically with Tribal Engagement. Given the diverse population that is served through the outreach team, the team prioritizes trainings that reflect the latest knowledge and understanding of the current diversity, equity, and inclusion standards.

Volunteer Waiver Request

Grant Subaward #: ~~XC23 05 0490~~ XC23 06 0490 ag

Subrecipient: County of Sonoma

Justification:

In an effort to provide a safe workplace during the COVID-19 pandemic, precautions have been in place to limit the number of people on-site, and volunteers have not been allowed in the office as a result. Due to surges in the number of cases of COVID-19 in the community, as well as within the workplaces surrounding the District Attorney's Office and the Court, those limitations remain in place.

The hiring process for volunteers in the District Attorney's Office includes a thorough background check which is very time consuming and intimidating to undergo for an unpaid position, making the recruitment of volunteers very difficult.

6. Briefly summarize the services provided:

In an effort to provide a safe workplace during the COVID-19 pandemic, precautions have been in place to limit the number of people on-site, and volunteers have not been allowed in the office as a result. Due to surges in the number of cases of COVID-19 in the community, as well as within the workplaces surrounding the District Attorney's Office and the Court, those limitations remain in place. The hiring process for volunteers in the District Attorney's Office includes a thorough background check which is very time consuming and intimidating to undergo for an unpaid position, making the recruitment of volunteers very difficult.

7. Describe practical/logistical obstacles and/or local resource constraints to providing match:

The County of Sonoma has struggled with revenue for the past five years. After attempts to rebuild the revenue shortfall from the 2017 and 2019 firestorms, the COVID-19 pandemic hit, then winter storms and flooding lead to yet another active local emergency declaration on January 3, 2023. In the last year, storm damage recovery was estimated at \$11 million and this does not account for the loss of lives, wages, housing, etc. In addition, KI grant funding that was utilized for outreach and services to Foster Youth expires at the end of 2023, requiring the use of general funds to continue this work to the extent possible to provide support for this marginalized group.
