For projects requiring engineering and related services, Sonoma Water will contact individual firms from the above list to determine availability and potential conflict of interest with other projects that the firm is undertaking, and to prepare a cost proposal to perform the work.

Prior to contacting a firm, Sonoma Water will, at a minimum, vet the firm against federal sanctions lists to comply with Executive Order N-6-22. Executive Order N-6-22 was issued by Governor Newsom to support federal efforts aimed at the Russian war on Ukraine. To remain eligible for state contracting and grant funding, Sonoma Water will not contract with firms listed on the sanctions lists or that are a target of the federal sanctions.

SOQs and evaluation forms have been sent to Records.
