Resolution Of The Board Of Supervisors Of The County Of Sonoma, State Of California, Petitioning The California State Department Of Transportation In Connection With The Provisions Of Section 2121 Of The Streets And Highway Code, That The Certification Of Maintained Roads In The County Of Sonoma Remain Unchanged At 1368.37 Miles Of Maintained Roads.

Whereas, Section 2121 of the California Streets and Highway Code provides that in May of each year the County shall submit to the California State Department of Transportation any additions to, or exclusions from, its mileage of maintained County roads, specifying the termini and mileage of each route added or excluded; and

Whereas, following petition by the County in May 2019, the California Department of Transportation certified to the State Controller that the total mileage of maintained County roads in Sonoma County was 1368.37; and

Whereas, this Board finds that the total mileage of County-maintained roads remains unchanged at 1368.37.

Now, Therefore, Be It Resolved, that the County of Sonoma, State of California, requests that the petition be granted and that the mileage of County maintained roads be certified to the State Controller.
