12.4 Representation, Warranty and Responsibility as to Data Security.

- a. Data Security: Operator shall preserve, and shall ensure that its sub-consultants or vendors preserve, the confidentiality, integrity, and availability of County data with administrative, technical and physical measures that conform to generally recognized industry standards and best practices that the selected firm then applies to its own processing environment. Maintenance of a secure processing environment includes, but is not limited to, the timely application of patches, fixes and updates to operating systems and applications as provided by Operator and/or its sub-consultants or vendors. Operator agrees to, and shall ensure that its sub-consultants or vendors, comply with the County's current and future information security policies, standards, procedures, and guidelines.

b. Encryption Requirements: Operator shall encrypt, and shall ensure that its sub-consultants or vendors encrypt, confidential information whether the data is in transit, or at rest, including but not limited to Personally Identifiable Information (PII) or Protected Health Information (e.g. PHI, ePHI).

c. Security Breach: Operator shall comply, and shall ensure that its sub-consultants or vendors comply, with all applicable laws that require the notification of individuals in the event of unauthorized release of personally identifiable information (PII) or protected health information (e.g. PHI, ePHI) or other event requiring notification. In the event of a breach, or other event requiring notification under applicable law, Operator shall:

i. Notify the County by telephone and e-mail within twenty-four (24) hours of any suspected or actual breach of security, intrusion, or unauthorized use or disclosure of information of which Operator or its agents become aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations.

ii. Assume responsibility for informing all such individuals in accordance with applicable federal or state laws or regulations.

iii. Pursuant to Article 5 of the Agreement, provide indemnity and other protection as specified therein.

d. Request to Audit: Operator will accommodate and upon reasonable notice by Sonoma County, work with Sonoma County and/or its subcontractors to submit to a random information security audit. This is to ensure that the consultants and/or vendor's information security practices or standards comply with Sonoma County's information security policies, standards, procedures and guidelines. Operator shall ensure that its sub-consultants or vendors comply with this requirement.

e. Cyber Risk Insurance Requirements: Operator shall include, and shall ensure that its sub-consultants or vendors include, cyber risk insurance requirements in compliance with County of Sonoma Risk Management standards.

12.5 Taxes. Operator agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Operator agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Operator's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Operator agrees to furnish County with proof of payment of taxes on these earnings.

12.6 Records Maintenance. Operator shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Operator shall maintain such records for a period of four (4) years following completion of work hereunder.

12.7 Conflict of Interest. Operator covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Operator further covenants that in the performance of this Agreement no person having any such interests shall be employed. In addition, if requested to do so by County, Operator shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Operator's or such other person's financial interests.

12.8 Statutory Compliance/Living Wage Ordinance. Operator agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Operator expressly acknowledges and agrees that this Agreement may be subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

12.9 Nondiscrimination. Without limiting any other provision hereunder, Operator shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

12.10 AIDS Discrimination. Operator agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

12.11 Assignment of Rights. Operator assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Operator in connection with this Agreement. Operator agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Operator's

responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County. Operator shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

12.12 Ownership and Disclosure of Work Product. [see alternate provision below for clause which may be used when County only wants the final version of work product]. All reports, original drawings, graphics, plans, studies, and other data or documents (“documents”), in whatever form or format, assembled or prepared by Operator or Operator’s subcontractors, Operators, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Operator shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Operator may retain copies of the above- described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

12.13 Authority. The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Operator.

13. Demand for Assurance. Each party to this Agreement undertakes the obligation that the other’s expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. “Commercially reasonable” includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party’s right to demand adequate assurance of future performance. Nothing in this Article limits County’s right to terminate this Agreement pursuant to Article 4.

14. Assignment and Delegation. Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

16. Miscellaneous Provisions.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law.
