RE: Preliminary Award Announcement – 2017 CDBG Mitigation Resilient Infrastructure Program, Round 2, County of Sonoma – Contract No. 17-DRMIT-17008

This award information is under embargo from public announcement until otherwise notified by Department staff. Award recipients are precluded from making any public announcements or discussing publicly. The Department will prepare a public announcement, however, the timing for the announcement is not yet set.

The California Department of Housing and Community Development (HCD) is pleased to announce that the County of Sonoma (Awardee) has been notified of a preliminary award for the 2017 Community Development Block Grant (CDBG) Mitigation Resilient Infrastructure Program (MIT-RIP) in the amount of **\$3,522,407**. This letter constitutes notice of the designation of MIT-RIP funds for the Awardee.

The Awardee will be able to draw down funds when the Master Standard Agreement Amendment (MSA) is fully executed, an authorizing resolution has been updated to include the increased award amount and an application for an eligible project has been submitted and approved by HCD.

HCD intends to amend the MSA on file within 150 days of receipt of the documentation required to execute this contract.

For further information, please contact Angela Adams, CDBG MIT-RIP Representative at Angela.Adams@hcd.ca.gov.

Sincerely,

Julie Axt
