Permit Application ZPE23-0079; 1202 Felder Rd, Sonoma - Farm Family Dwelling

Proposal Statement

The agricultural operation is the growing of grapes, and grazing areas for sheep on both parcels. Agricultural coverage on parcel 142-031-015 is 390.28 acres, and on parcel 142-031-037 is 279.17. This is strictly a farming operation with no winemaking occurring on site. In order to provide additional bedroom capacity for the Farm Operator's growing family, the existing Pool House structure needed to be reclassified to a Farm Family Dwelling under the Williamson Act. The Farm Family Dwelling addition and its construction will not reduce or disrupt agricultural vineyards or agricultural operations.

Please call or write with and questions or comments at your earliest convenience.
