Sonoma County Audit Committee : Submitted

Please describe your relevant experience/expertise that you believe would make you a valuable member of this body.

Having served on the Portola Valley Town Council for 13 years and as Mayor for three, one year mayoral terms, I have significant experience in and understanding of financial reporting and the importance of its accuracy and independence. During my years of service in Portola Valley I was the council liaison to the Town's Finance and Audit Committee and participated in their monthly meetings. I believe my experience could directly benefit the Audit committee. Committees such as this Audit Committee are an important asset for Sonoma County, and with the addition of experienced public representatives such as myself, the Sonoma County Supervisors are able to benefit from additional input and expertise.

Interests & Experiences

What interests you most about this agency? What skills or experience would you bring to best support the work of this agency?

I am most interested in the integrity, thoroughness and accuracy of the annual audit. In the current environment of increasingly challenging municipal finances, well defined, accurate, and executed audits are essential. The audit is an essential tool for identifying both short and long term deficiencies and provides county staff with critical input upon which future budgets are constructed and continued fiscal health is maintained. My greatest interest lies in the accuracy of the reporting and the impact of the results on future financial planning for Sonoma County.
