DEVELOPMENTAL DISABILITIES BOARD (AREA IV): Archived

Interests & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

Bicycle and Pedestrian Committee: One of the biggest barriers people with disabilities face is being able to safely walk, bike or roll throughout the county due to poorly maintained or missing sidewalks, unprotected bike lanes and dangerous intersections. I have a ready done lots of advocacy work to make our streets safe by participating in a lot of the Local Road Safety plan surveys. In addition I headed a focus group with some of our consumers with Permit Sonoma to provide input/feedback on the County's Vision Zero Plan. I have also advocated for safe and accessible streets with participating in both public meetings on focus groups on Housing Elements, the County's and Santa Rosa's general plan. As a member of the committee I will bring this knowledge and experience, to the table and work hard to make sure our sidewalks and bike lanes are accessible to all regardless of the mobility device so they have a safe and enjoyable way to walk, bike or roll.

Developmental Disabilities Board: I am interested in joining the board as the goal/duties of the board align with the duties of my job as a Systems Change Advocate. I want to make sure that those who do have a disability in the community have a voice on issues that they face and issues that the county as a whole faces so they can benefit from the improvements on the issues we all face.
