1.1. Contractor's Specified Services

Contractor shall perform the services described in Exhibit A (Scope of Work), attached hereto and incorporated herein by this reference (hereinafter "Exhibit A"), within the times or by the dates provided for in Exhibit A and pursuant to Article 7 (Prosecution of Work). Contractor shall cooperate with County and County staff in the performance of all work hereunder.

1.3. Performance Standard

Contractor shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Contractor's profession. Contractor hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state, and local laws, it being understood that acceptance of Contractor's work by County shall not operate as a waiver or release. If County determines that any of Contractor's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require Contractor to meet with County to review the quality of the work and resolve matters of concern; (b) require Contractor to repeat the work at no additional

charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4 (Termination); or (d) pursue any and all other remedies at law or in equity.

- b. Any and all persons identified in this Agreement or any exhibit hereto as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Contractor shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County.
- c. In the event that any of Contractor's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness, or other factors outside of Contractor's control, Contractor shall be responsible for timely provision of adequately qualified replacements.

1.5. Contract Exhibits

This Agreement includes the following exhibits, which are hereby incorporated by reference as though fully set forth herein. In the event of a conflict between the terms in the body of this Agreement and any of the following exhibits, the terms in the body of this Agreement shall control.

2.3. California Franchise Tax Withhold

Pursuant to California Revenue and Taxation Code (R&TC) Section 18662, County shall withhold seven percent of the income paid to Contractor for services performed within the State of California under this Agreement for payment and reporting to the California Franchise Tax Board if Contractor does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or partnership with a permanent place of business in California, (3) a corporation/LLC or partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Contractor does not qualify, County requires that a completed and signed California Form 587 be provided by Contractor in order for payments to be made. If Contractor is qualified, then County requires a completed California Form 590. California Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, Contractor agrees to promptly notify County of any changes in the facts. Forms should be sent to County pursuant to Article 12 (Method and Place of Giving Notice, Submitting Bills, and Making Payments). To reduce the amount withheld, Contractor has the option to provide County with either a full or partial waiver from the State of California.

2.4. Overpayment

2.5. Disallowance of Payment

In the event that Contractor claims or receives payment from County for a service, reimbursement for which is later disallowed by County, State of California, or the United States Government, then Contractor shall promptly refund the disallowed amount to County upon request, or at its option, County may offset the amount disallowed from any payment due or that becomes due to Contractor under this Agreement or any other agreement.

2.6. Budget Line Amendments

County Department of Health Services Director is authorized to approve and execute a "Budget Revision Form", which revises program funds in the line items set forth in the Program Budget Summary, so long as changes do not result in an increase in County's maximum payment obligation as set forth in Article 2 (Payment) of this Agreement.

2.7.1. Required Information

In signing this Agreement, Contractor acknowledges that it understands and will comply with the provisions of 2 CFR Part 200. One provision of 2 CFR Part 200 requires a subrecipient that expends \$1,000,000 in federal awards during its fiscal year to have an audit performed in accordance with 2 CFR Part 200. If such an audit is required, Contractor agrees to provide County with a copy of the audit report within 9 months of Contractor's fiscal year-end. 3.2. County may, at its sole discretion, extend the term of this Agreement for up to 2 additional 1-year periods through June 30, 2031. The option to extend the term of this Agreement under this Section 3.2 may be exercised by County in a writing signed by County and submitted to Contractor. If County exercises its option to extend the term of this Agreement, County shall provide to Contractor an undated budget reflecting the tasks and services to which the additional available amounts have been budgeted. Such additional authorized funds shall not be made available to Contractor without Contractor's written consent to and acknowledgement of the updated budget reflecting such funds.

4. Termination

4.1. Termination Without Cause

Notwithstanding any other provision of this Agreement, at any time and without cause, County shall have the right, in its sole discretion, to terminate this Agreement by giving 30 days advance written notice to Contractor.

4.2. Termination for Cause

4.3. Delivery of Work Product and Final Payment Upon Termination

In the event of termination, Contractor, within 14 days following the date of termination, shall deliver to County all materials and work product subject to Section 9.11 (Ownership and Disclosure of Work Product) and all reports, original drawings, graphics, plans, studies, and other data or documents, in whatever form or format, assembled or prepared by Contractor or Contractor's subcontractors, consultants, and other agents in connection with this Agreement, and shall submit to County an invoice showing the services performed, hours worked, and copies of receipts for reimbursable expenses up to the date of termination.

4.4. Payment Upon Termination

Upon termination of this Agreement by County, Contractor shall be entitled to receive, as full payment for all services satisfactorily rendered and reimbursable expenses properly incurred hereunder, an amount which bears the same ratio to the total payment specified in the Agreement as the services satisfactorily rendered hereunder by Contractor bear to the total services otherwise required to be performed for such total payment; provided, however, that if services which have been satisfactorily rendered are to be paid on a per-hour or per-day basis, Contractor shall be entitled to receive as full payment an amount equal to the number of hours or days actually worked prior to the termination times the applicable hourly or daily rate; and further provided, however, that if County terminates the Agreement for cause pursuant to Section 4.2 (Termination for Cause), County shall deduct from such amount the amount of damage, if any, sustained by County by virtue of the breach of the Agreement by Contractor.

4.5. Authority to Terminate

The Board of Supervisors has the authority to terminate this Agreement on behalf of County. In addition, the Purchasing Agent or Department of Health Services' Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of County.

4.7. Change in Funding

Contractor understands and agrees that County shall have the right to terminate this Agreement by providing at least 30 days written notice to Contractor in the event that (1) any state and/or federal agency and/or other funder(s) reduces, withholds, or terminates funding which County anticipated using to pay Contractor for services provided under this Agreement, or (2) County has exhausted all funds legally available for payments due under this Agreement.

5. Indemnification

Contractor agrees to accept all responsibility for loss or damage to any person or entity, including County, and to indemnify, hold harmless, and release County, its officers, agents, and employees from and against any actions, claims, damages, liabilities, disabilities, or expenses that may be asserted by any person or entity, including Contractor, that arise out of, pertain to, or relate to Contractor's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Contractor agrees to provide a complete defense for any claim or action brought against County based upon a claim relating to such Contractor's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Contractor's obligations under this Article apply whether or not there is concurrent or contributory negligence on County's part, but to the extent required by law, excluding liability arising from County's sole negligence or willful misconduct. County shall have the right to select its legal counsel at Contractor's expense, subject to Contractor's approval, which shall not be unreasonably withheld. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable

to or for Contractor or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance

With respect to performance of work under this Agreement, Contractor shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain insurance as described in Exhibit C (Insurance Requirements), which is attached hereto and incorporated herein by this reference (hereinafter "Exhibit C").

7. Prosecution of Work

The execution of this Agreement shall constitute Contractor's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God, or by strike, lockout, or similar labor disturbances, the time for Contractor's performance of this Agreement shall be extended by a number of days equal to the number of days Contractor has been delayed.

8. Extra or Changed Work

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Changes which do not exceed the delegated signature authority of the Department may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors or Purchasing Agent must authorize all other extra or changed work which exceeds the delegated signature authority of the Department Head. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Contractor to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Contractor shall be entitled to no compensation whatsoever for the performance of such work. Contractor further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Contractor

9.1. Standard of Care

County has relied upon the professional ability and training of Contractor as a material inducement to enter into this Agreement. Contractor hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state, and local laws, it being understood that acceptance of Contractor's work by County shall not operate as a waiver or release.

9.2. Status of Contractor

The parties intend that Contractor, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Contractor is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, workers' compensation plan, insurance, bonus, or similar benefits

that County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4 (Termination), Contractor expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3. No Suspension or Debarment

Contractor warrants that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in covered transactions by any federal department or agency. Contractor also warrants that it is not suspended or debarred from receiving federal funds as listed in the "List of Parties Excluded from Federal Procurement or Nonprocurement Programs" issued by the General Services Administration. If Contractor becomes debarred, Contractor has the obligation to inform County.

9.4. Taxes

Contractor agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement, and shall be solely liable and responsible to pay such taxes and other obligations, including but not limited to state and federal income and FICA taxes. Contractor agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Contractor's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Contractor agrees to furnish County with proof of payment of taxes on these earnings.

9.5. Records Maintenance

Contractor shall keep and maintain full and complete documentation and accounting records concerning all services provided under this Agreement. Records shall include all medical records, accounting records, and administrative records related to services provided hereunder. Contractor agrees to preserve and maintain such records for a period of at least 7 years following the close of County and state fiscal year in which the services were provided. If an audit has been started, records must be retained until completion and final resolution of any and all issues that might arise. Final settlement shall be made at the end of the audit and appeal process. All accounting records shall be maintained so that they clearly reflect the source of funding for each type of service for which reimbursement is claimed by Contractor. Accounting records include, but are not limited to, all ledgers, books, vouchers, time sheets, payrolls, appointment schedules, client data cards, and schedules for allocating costs.

9.5.1. Right to Audit, Inspect, and Copy Records

Contractor agrees to permit County and any authorized state or federal agency to audit, inspect, and copy all records, notes, and writings of any kind in connection with the services provided by Contractor under this Agreement, to the extent permitted by law, for the purpose of monitoring the quality and quantity of services, monitoring the accessibility and appropriateness of services, and ensuring fiscal accountability. All such audits, inspections, and copying shall occur during normal business hours. Upon request, Contractor shall supply copies of any and all such records to County. Failure to provide the above-noted documents requested by County within the requested time frame indicated may result in County withholding payments due under this Agreement. In those situations required by applicable law(s), Contractor agrees to obtain necessary releases to permit County or governmental or accrediting agencies to access patient medical records. Contractor agrees to comply with all requests for information from

County necessary to fulfill County's reporting obligations. This includes providing any reports prepared by Contractor or its subcontractors, consultants, and agents, as well as any data or documentation required by County. All information must be provided in a timely and accurate manner to ensure compliance with applicable reporting requirements.

9.6. Conflict of Interest

Contractor covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Contractor further covenants that in the performance of this Agreement, no person having any such interests shall be employed. In addition, if requested to do so by County, Contractor shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Contractor's or such other person's financial interests.

9.7. Statutory Compliance/Living Wage Ordinance

Contractor agrees to comply, and to ensure compliance by its subconsultants or subcontractors, with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended, or modified during the term of this Agreement. Without limiting the generality of the foregoing, Contractor expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8. Nondiscrimination

Without limiting any other provision hereunder, Contractor shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religious creed, belief or grooming, sex (including sexual orientation, gender identity, gender expression, transgender, pregnancy, childbirth, medical conditions related to pregnancy, childbirth or breast feeding), marital status, age, medical condition, physical or mental disability, genetic information, military or veteran status, or any other legally protected category or prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.9. AIDS Discrimination

Contractor agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.10. Assignment of Rights

Contractor assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, and right to ideas in and to all versions of the plans and specifications, if any, now or later, prepared by Contractor in connection with this Agreement.

Contractor agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Contractor's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County. Contractor shall not use or permit another party to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.11. Ownership and Disclosure of Work Product

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Contractor or Contractor's subcontractors, consultants, and other agents in connection with this Agreement, shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Contractor shall promptly deliver to County all such documents which have not already been provided to County in such form or format as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Contractor may retain copies of the above-described documents, but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.12. Authority

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Contractor.

9.13. Sanctioned Employee

Contractor agrees that it shall not employ in any capacity, or retain as a subcontractor in any capacity, any individual or entity that is listed on any list published by the Federal Office of Inspector General regarding the sanctioning, suspension, or exclusion of individuals or entities from the federal Medicare and Medicaid programs. Contractor agrees to monthly review said state and federal lists to confirm the status of current employees, subcontractors, and contractors. In the event Contractor does employ such individual(s) or entity(ies), Contractor agrees to assume full liability for any associated penalties, sanctions, loss, or damage that may be imposed on County by the Medicare or Medicaid programs.

9.14. Compliance with County Policies and Procedures

Contractor agrees to comply with all County policies and procedures as they may relate to services provided hereunder, including, but not limited to, County's policies and procedures, manuals, programs, and processes related to selection, retention, credentialing and recredentialing providers, utilization management, quality management, compliance, grievances, appeals, and expedited appeals, advanced directives, and administrative manual.

9.15. Confidentiality

Contractor agrees to maintain the confidentiality of all patient medical records and client information in accordance with all applicable state and federal laws and regulations. This Section 9.15 shall survive termination of this Agreement.

9.16. Lobbying

If any federal funds are to be used to pay for any services under this Agreement, Contractor shall fully comply with all certifications and disclosure requirements prescribed by Section 319 of the Public Law 101-121 (31 United States Code Section 1352) and any implementing regulations, and shall ensure that each of its subcontractors receiving funds under this Agreement also fully complies with all such certification and disclosure requirements.

9.17. Subcontractors

Contractor agrees that any employees or agents of Contractor that assist Contractor in the provision of services shall also satisfy the requirements of this Agreement. In this regard, Contractor understands and agrees that all obligations and prohibitions imposed on Contractor pursuant to this Agreement are equally applicable to each and every individual providing services through Contractor under this Agreement, and Contractor shall assure that such individuals agree to comply with such obligations and prohibitions.

9.18. Licensure and Staffing

Contractor warrants that it and all its employees and sub-contractors providing or supervising services under this Agreement have all necessary licenses, permits, and certificates to provide services under this Agreement, as required by applicable state and federal laws, rules, and regulations. Contractor agrees to maintain said licenses, permits, and certificates in good standing for the duration of this Agreement. A copy of each such licenses, permits, and certificates shall be made available upon request, not to exceed three (3) business days after the initial request, for inspection, review, and/or audit by authorized representatives and designees of County, state, and/or federal governments during the term of this Agreement and for the applicable records retention period. Failure to maintain said licenses, permits, and/or certificates in effect for the duration of this Agreement shall be deemed a material breach of this Agreement and constitutes grounds for immediate termination of this Agreement by County. Staff shall only function within the scope of practice as dictated by licensing boards/bodies. At all times during the term of this Agreement, Contractor shall have available and shall provide upon request to authorized representatives of County a list of all persons by name, title, professional degree, and experience who are providing any services under this Agreement.

9.19. Charitable Choice/Faith-Based Organizations

Contractor agrees and acknowledges that County may make funds available for programs or services affiliated with religious organizations under the following conditions: (i) the funds are made available on an equal basis for programs or services affiliated with non-religious organizations; (ii) the program funded does not have the substantial effect of supporting religious activities; (iii) the funding is indirect, remote, or incidental to the religious purpose of the organization.

Contractor agrees and acknowledges that County may not make funds available for programs or services affiliated with a religious organization that (i) has denied or continues to deny access to services on the basis of race, color, religion, ancestry, national origin, sex, citizenship, or known disability; (ii) will use the funds for a religious purpose; (iii) will use the funds for a program or service that subjects its participants to religious education.

Contractor agrees and acknowledges that all recipients of funding from County must (i) comply with all legal requirements and restrictions imposed upon government-funded

activities set forth in Article IX, Section 8 and Article XVI, Section 5 of the California Constitution and in the First Amendment to the United States Constitution; and (ii) segregate such funding from all funding used for religious purposes.

10. Demand for Assurance

Each party to this Agreement undertakes the obligation that the other party's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other party may in writing demand adequate assurance of due performance, and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received.

"Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding 30 days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4 (Termination).

11. Assignment and Delegation

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other party, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills, and Making Payments

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

13. Miscellaneous Provisions

13.1. No Waiver of Breach

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

13.2. Construction

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Contractor and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other party. Contractor and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

13.3. Consent

Contractor Approach For Activity 1: STI Outreach, STI And Pregnancy Testing, Patient and Partner Treatment, Prevention, Patient Navigation, Linkages To Care, and/or Care Coordination

Contractor's Caritas mobile outreach team currently provides 20 mobile health care for the homeless outreach clinics each month at Sam Jones Hall, Safe Parking, Sage Commons, Redwood Gospel Mission, Eliza's Village, The Commons, and Mickey Zane Place. Contractor also conducts a weekly street medicine clinic that visits encampments and other areas where people experiencing homelessness congregate.

Contractor's mobile outreach team will perform rapid STI testing for syphilis, HIV, and HCV, confirm lab results, report positives, refer for treatment and care coordination services at the location most convenient for the individual, and report results. With challenges to swab collection in the field, at-risk individuals will be connected to in-clinic testing for chlamydia and gonorrhea testing, but/and Contractor will explore options and efficacy for rapid testing in the field by year two.

Contractor will make at least two documented attempts to link preliminary positives to confirmatory lab testing, and when applicable, treatment for STI. Contractor patients can receive confirmatory lab tests and treatment at Contractor clinic campuses. If preliminary positives cannot be linked to confirmatory testing or treatment, Contractor's mobile outreach RN will notify the County Public Health STI team for further follow-up. All positive rapid test results will be reported to the County Public Health Disease Control Team through a Confidential Morbidity Report (syphilis) or by phone call (HIV). The RN will notify the Division of Public Health STI team of any failed treatment linkages.

Currently, most STI treatment is provided in-clinic, however, by year two of the agreement, Contractor will develop procedures for administering appropriate treatment in the field, e.g. Bicillin L-A, injectables, and PrEP as the standard of care.

Clients receiving STI tests will also be offered free harm reduction supplies including condoms, pregnancy tests, and naloxone, refer them to prevention resources such as PrEP and other STI prevention services and resources. In addition, Contractor's mobile outreach team can also provide acute and primary care, wound care, Medication Assisted Treatment (MAT) for substance use disorder, and referrals for specialty care and health insurance enrollment.

Any incentives or material supports used to engage individuals in testing and treatment will be tracked by patient on Sonoma County's approved incentive tracking sheet.

In addition to the dedicated mobile outreach to priority populations, Contractor's Medication Assisted Treatment team conducts point of care testing as part of their program and conducts 'inreach' and education at the main adult detention facility. To promote sexual wellness and reduce STIs overall, Contractor also holds two sexual wellness clinics once/month at our Dutton and Lombardi Campuses. These activities are fully integrated for monitoring and reporting purposes.

Activity 2: Provide, link or refer clients to supportive services for persons receiving STI services in selected priority settings and populations. Note: Supportive services are client-directed and offered as needed throughout the duration of STI outreach, testing, care, and treatment.

Performance Indicators	Target (if applicable)
Description of supportive services provided in selected priority populations and settings	N/A
Electronic tracking sheets for incentives and material supports to ensure appropriate utilization of items, as needed per CDPH guidelines	N/A

Contractor Approach For Activity 2: Provide, Link or Refer Clients To Supportive Services

Contractor's mobile outreach team will provide or link STI testing clients with support services during the period of outreach, testing, and treatment. This includes transportation assistance for clients experiencing barriers who receive a preliminary positive test result on a rapid test to a local laboratory for confirmatory testing, and for those confirmed to be positive for HIV, syphilis, HCV, and/or Hep C to an appropriate medical provider for treatment.

Contractor's mobile outreach RN will provide ongoing case management for clients who test preliminary positive and/or confirmatory positive to help ensure clients follow through on confirmatory testing and STI treatment, when applicable. The mobile outreach RN and MA will also link STI testing clients to other supportive services, such as Contractor's Enhanced Case Management program, PrEP Navigation, Ryan White services, Coordinated Entry for subsidized housing, shelter services, homeless drop-in services and substance use services. Contractor's mobile outreach team will track the supportive services provided.

Activity 3: Increase low-barrier access to syphilis treatment and/or prevention (e.g., doxy-PEP) among priority populations.

Performance Indicators	Target (if applicable)
Number of Bicillin L-A doses delivered/administered in the field	TBD with DC after award
Number of doxy-PEP prescriptions/doses provided to patients	TBD with DC after award
Number of early syphilis cases receiving treatment/total number of early syphilis cases diagnosed	TBD with DC after award
Number of pregnant people with syphilis receiving adequate treatment / total number of pregnant people diagnosed with syphilis	TBD with DC after award
Median number of days between early syphilis diagnosis and treatment	TBD with DC after award
Number of late or unknown duration syphilis cases receiving treatment/total number of late or unknown duration syphilis cases diagnosed	TBD with DC after award

Contractor Approach For Activity 3: Increase Low-Barrier Access to Syphilis Treatment and/or Prevention

The Caritas mobile health team will use targeted community engagement and outreach strategies, including low barrier access to routine STI screening, partner services, and coordination for timely treatment and linkages to care, which remain critical to reducing transmission.

Contractor will use evidence-based prevention interventions, including pre-exposure prophylaxis (PrEP), post-exposure prophylaxis (PEP), and doxycycline post-exposure prophylaxis (Doxy PEP), to support patients at increased risk of STI acquisition and transmission.

While access to STI treatment and prevention services has historically been concentrated at Contractor's Vista campus, home to Contractor's Ryan White program and HIV care services, Contractor will expand access across all Contractor campuses.

Through the development of sexual health and wellness clinics and ongoing provider education, Contractor is intentionally shifting organizational culture around how sexual health and wellness are addressed for all patients. Contractor's approach emphasizes normalization and health equity while ensuring low barrier access to prevention services, including PrEP, PEP, and Doxy PEP.

Activity 4: Integrate STI into outreach, prevention, testing, patient navigation, care coordination, treatment services, and/or outbreak response for HIV, mpox, viral hepatitis, drug overdose and/or other communicable diseases transmitted via sexual contact or injection drug use.

Performance Indicators	Target (if applicable)
Description of integrated activities and outcomes submitted to CDPH	N/A

Approach For Activity 4: STI Integration

Contractor will integrate STI education and linkages to full scope STI services into its existing outreach and education work with partners at shelters, street medicine locations, transitional and supportive housing locations, the main adult detention facility, and juvenile hall where Contractor provide medical director services, as well in our robust, year-round schedule of community event tabling and participation. This will include culturally and linguistically appropriate patient engagement and materials that increase awareness, reduce stigma, and promote appropriate harm reduction strategies. Health education can cover STI prevention, HIV/PrEP, STIs/Doxy-PEP, the availability of MPOX vaccines and eligibility criteria to receive vaccine shots at no cost.

Contractor Requirements: Data and Reporting

Contractor will support Sonoma County's STI prevention, testing, treatment, partner services, and community engagement efforts by:

- Submitting quarterly quantitative and qualitative reports to the DHS Disease Control Unit, Point of Contact.
- Participating in quarterly performance review meetings to examine results, discuss strategies, identify best practices, and determine performance improvement actions as needed.

The Target Development Process Will Be A Collaborative Approach that ensures that targets are realistic, evidence-based, and equity-focused, while allowing flexibility to adapt to emerging needs and best practices.
