TW: 2223-088

**DATE:** June 29, 2023

**TO:** Grant Davis, General Manager

**FROM:** Dale Roberts, Project Manager *DR*

**SUBJECT:** **Selection of West Yost Associates for Development of Sonoma County Drought Resilience Plan**

West Yost Associates (Consultant) was selected from a list of qualified consultants developed from a competitive selection process. Attached is a memo that explains the competitive selection process.

Consultant was selected for the subject work because it is well-versed in drought resiliency planning in Sonoma County. Consultant has also performed engineering work for many of Sonoma County's small water districts. Consultant knows intimately the infrastructure, drought histories, drought responses, drought needs, and infrastructure improvements of those small water districts.

The hiring of Consultant for this agreement causes no conflict of interest and is not based on any financial incentive provided to Sonoma Water or its employees and representatives.
