2/3 Vote Required

**Resolution Of The Board Of Directors Of The Sonoma Valley County Sanitation District
Supporting Annexation Of Parcel At 20490 Harrington Drive, Sonoma, California With
Assessor Parcel Number 128-162-001 To The Sonoma Valley County Sanitation District;
Application SEW22-0039.**

Whereas, Carlile Macy (Applicant), on behalf of Richard M. Altman and Sidney Jean Painter, husband and wife as community property with right of survivorship (Owner), has requested to the County of Sonoma, Permit and Resource Management Department (Permit Sonoma) that 20490 Harrington Drive, Sonoma, APN 128-162-001 (Parcel) be annexed into the Sonoma Valley County Sanitation District (District); application SEW22-0039; and

Whereas, Permit Sonoma staff has determined that Parcel is located outside the District boundary and is not entitled to connect to, or use of, District facilities until such time as the Parcel has been annexed to the District; and

Whereas, Permit Sonoma, Planning Staff has determined Parcel annexation is consistent with General Plan Policies, Policy LU-3c to avoid urban sprawl by limiting extension of sewer or water service outside of designated Urban Service Areas; of which Parcel is located within the Urban Service Area, and Sphere of Influence; and

Whereas, Permit Sonoma, Planning Staff has determined Parcel annexation is consistent with General Plan Policies, Policy PF-1f to avoid the extension of public sewer service outside of either a Sphere of Influence or Urban Service Area; of which annexation of Parcel would not extend public sewer service outside of these areas; and

Whereas, Permit Sonoma, Planning staff has determined Parcel annexation is consistent with General Plan Policies, Policy WR-1p to actively pursue the abatement of failing septic systems that have been demonstrated as causing a health and safety hazard; of which annexation would allow the existing single-family-dwelling's existing failing septic system to be demolished under permit, and connect the existing single-family-dwelling to the existing public sewer system; and

Whereas, District staff has determined that there is sufficient sewage collection and treatment capacity to provide sufficient number of Equivalent Single-Family-Dwelling billing unit (ESD) of public sewer service to the existing uses on Parcel; and

Whereas, the District's General Manager has determined that approval of the annexation is exempt from California Environmental Quality Act (CEQA) pursuant to Section 15301(b), Existing Facilities, as it represents an additional connection to an existing public facility that involves negligible or no expansion of an existing or former use, and Section 15303(d), New Construction or Conversion of Small Structures, as it consists of construction of limited new, small sewage improvements of reasonable length to serve the parcel; and

Whereas, The Sonoma County Water Agency on behalf of the District, has prepared a Notice of Exemption for the Agreement in accordance with CEQA, the State CEQA guidelines, and the District's Procedures for the Implementation of CEQA.

Now, Therefore, Be It Resolved that the Board of Directors hereby finds, determines, certifies, and declares as follows:

1. The above recitals are true and correct.
2. This Board determines that support of the annexation will not have a significant impact on the environment and is exempt from CEQA pursuant to Section 15301(b) and Section 15303(d), Existing Facilities, as it represents an additional connection to an existing public facility that involves negligible or no expansion of an existing use.
3. The Parcel Owner shall apply to the Local Agency Formation Commission (LAFCO) for review and approval of annexation of Parcel to the District, and LAFCO intends to

add Parcel pursuant to requirements of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

4. Annexation of Parcel will not be effective until it has been approved by LAFCO and a LAFCO Certificate of Completion has been recorded with the Sonoma County Recorder's Office.
5. New sewer connections shall be subject to provisions of Sonoma County Sanitation District Sanitation Code, and Sonoma County Water Agency Sanitation Standards, current revision.
6. The Parcel Owner must pay sewer connection and service fees required for all uses on Parcel, and proposed parcels, based on the current method of calculations per District Ordinances in effect at the time of connection to sewer.

Be It Further Resolved that the Sonoma County Water Agency is directed to file a California Environmental Quality Act Notice of Categorical Exemption for the annexation.

Be It Further Resolved that the District Board of Directors does hereby support annexation of the Parcels to the District.
