

COUNTY OF SONOMA

575 ADMINISTRATION
DRIVE, ROOM 102A
SANTA ROSA, CA 95403

SUMMARY REPORT

Agenda Date: 10/28/2025

To: Board of Supervisors

Department or Agency Name(s): Sonoma County Public Infrastructure

Staff Name and Phone Number: Johannes J. Hoevertsz, 707-565-2550

Vote Requirement: Majority

Supervisory District(s): Countywide

Title:

Regional Solid Waste Planning- Annual Update

Recommended Action:

Accept the annual update for the period of April 1, 2024 to March 31, 2025 from Republic Services of Sonoma County, Inc.

Executive Summary:

The Department of Public Infrastructure is recommending that the Board accept the annual update from Republic Services of Sonoma County, Inc. ("Republic") for the period of April 1, 2024 through March 31, 2025. Under the terms of the Master Operations Agreement (MOA), Republic is required to present an annual update on the progress made toward achieving the goals established in the agreement.

Discussion:

The Master Operations Agreement (MOA) is the product of a three-year County-City Solid Waste Advisory Group collaborative process between the committed cities (Cloverdale, Healdsburg, Windsor, Santa Rosa, Sebastopol, Rohnert Park, Sonoma and Cotati), the County, and public stakeholders. The Board of Supervisors launched the public process in December 2009 to build consensus regarding Sonoma County's long-term solid waste and recycling strategy. The provisions of the MOA were crafted to accomplish fundamental goals to create a system that provides:

1. Increased Diversion; decreased landfill disposal.
2. Public ownership for "local control"; private operations for "economic efficiencies."
3. No pre-set volume (put-or-pay) disposal commitments, which support increased diversion and local flexibility.
4. Long term liability relief for closure, post-closure, and unforeseen environmental liabilities at the Central Disposal site.
5. A sustainable rate model that works with high levels of waste diversion.

6. In-county landfill to end reliance on outhaul export of Sonoma County trash and solid waste.
7. Quantifiable greenhouse gas (GHG) reductions.
8. Ongoing funding for education, household hazardous waste, and other programs.
9. Ongoing funding source for closed county urban landfill sites.

Republic began operating the County solid waste facilities once the MOA became effective on April 1, 2015. Section 11.9 of the MOA requires Republic to submit an annual report to the County and present a report to the Board of Supervisors on the progress made toward the goals established in the MOA, including: waste diversion, greenhouse gas reductions, and any new activities and programs in the MOA.

Annual Report of Progress of Goals

Diversion

For the reporting period of June 1, 2024 to May 31, 2025, annual diversion was 96,977 tons. This exceeds the annual diversion goal of 44,735 tons and meets the requirement in the agreement.

Greenhouse Gas (GHG) Reduction results

Total GHG emissions in 2024 were 65,436 metric tons of Carbon Dioxide equivalent, which represents an increase of 11,653 tons, or 21.7% from 2023.

Note: Diversion and GHG emissions are tracked on different reporting cycles under the MOA and are not directly linked. For example, diversion of materials such as soil improves diversion totals but does not affect landfill gas generation. As a result, higher diversion may occur in the same period as higher reported emissions.

Prior Board Actions:

11/05/24 date 2024 Board received annual report for the period April 1, 2023 to March 31, 2024 from Republic Services of Sonoma County, Inc.

Agenda Date: 10/28/2025

09/12/23 Board received annual report for the period of April 1, 2022 to March 31, 2023 from Republic Services of Sonoma County, Inc.

09/27/22 Board received annual report for the period of April 1, 2021 to March 31, 2022 from Republic Services of Sonoma County, Inc.

10/19/21 Board received annual report for the period of April 1, 2020 to March 31, 2021 from Republic Services of Sonoma County, Inc.

08/04/20 Board received annual report for the period of April 1, 2019 to March 31, 2020 from Republic Services of Sonoma County, Inc.

09/24/19 Board received annual report for the period of April 1, 2018 to March 31, 2019 from Republic Services of Sonoma County, Inc.

05/02/17 Board received annual report for the period of January 1, 2016 to December 31, 2016 from Republic Services of Sonoma County, Inc.

07/19/16 Board received annual report for the period of April 1, 2015 to March 31, 2016 from Republic Services of Sonoma County, Inc.

03/01/16 Board approved the Second Amendment to the Master Operations Agreement (MOA) to allow full access to the reuse area at the Sonoma Transfer Station and for reimbursement of up to \$500,000 to Republic Services of Sonoma County, Inc. for purchasing and installing storm water equipment.

03/03/15 Board approved the First Amendment to the MOA, the Landfill Settlement Agreement between the County and the Cities, the Limited Term Indemnity Agreement with Republic Services Related to Composting Operations, and the Joint Defense and Indemnity Agreement with the Sonoma County Waste Management Agency.

FISCAL SUMMARY

Narrative Explanation of Fiscal Impacts:

There are no fiscal impacts with acceptance of the annual report.

Narrative Explanation of Staffing Impacts (If Required):

None.
