If County determines that any of Contractor’s work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require Contractor to meet with County to review the quality of the work and resolve matters of concern; (b) require Contractor to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4 (Termination); or (d) pursue any and all other remedies at law or in equity.

Contractor shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County.
- c. In the event that any of Contractor's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness, or other factors outside of Contractor's control, Contractor shall be responsible for timely provision of adequately qualified replacements.

If Contractor is qualified, then County requires a completed California Form 590. California Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, Contractor agrees to promptly notify County of any changes in the facts. In the event that Contractor claims or receives payment from County for a service, reimbursement for which is later disallowed by County, State of California, or the United States Government, then Contractor shall promptly refund the disallowed amount to County upon request, or at its option, County may offset the amount disallowed from any payment due or that becomes due to Contractor under this Agreement or any other agreement.

2.5. Overpayment

If County overpays Contractor for any reason, Contractor agrees to return the amount of such overpayment to County, or at County's option, permit County to offset the amount of such overpayment against future payments owed to Contractor under this Agreement or any other agreement.

2.6. Budget Line Amendments

County Department of Health Services Director is authorized to approve and execute a "Budget Revision Form," which revises program funds in the line items set forth in the Program Budget Summary, so long as changes do not result in an increase in County's maximum payment obligation as set forth in Article 2 (Payment) of this Agreement.

This Section 2.7 is applicable if all or part of this Agreement will be paid with federal awards.

2.7.1. Required Information.

If such an audit is required, Contractor agrees to provide County with a copy of the audit report within 9 months of Contractor’s fiscal year-end. 4. Termination

4.1. Termination Without Cause

Notwithstanding any other provision of this Agreement, at any time and without cause, County shall have the right, in its sole discretion, to terminate this Agreement by giving 5 days' advance written notice to Contractor.

4.2. Termination for Cause

Notwithstanding any other provision of this Agreement, should Contractor fail to perform any of its obligations hereunder within the time and in the manner herein provided or otherwise violate any of the terms of this Agreement, County may immediately terminate this Agreement by giving Contractor written notice of such termination, stating the reason for termination.

4.3. Delivery of Work Product and Final Payment Upon Termination

In the event of termination, Contractor, within 14 days following the date of termination, shall deliver to County all materials and work product subject to Section 9.11 (Ownership and Disclosure of Work Product) and all reports, original drawings, graphics, plans, studies, and other data or documents, in whatever form or format, assembled or prepared by Contractor or Contractor's subcontractors, consultants, and other agents in connection with this Agreement, and shall submit to County an invoice showing the services performed, hours worked, and copies of receipts for reimbursable expenses up to the date of termination.

4.4. Payment Upon Termination

Upon termination of this Agreement by County, Contractor shall be entitled to receive, as full payment for all services satisfactorily rendered and reimbursable expenses properly incurred hereunder, an amount which bears the same ratio to the total payment specified in the Agreement as the services satisfactorily rendered hereunder by Contractor bear to the total services otherwise required to be performed for such total payment; provided, however, that if services which have been satisfactorily rendered are to be paid on a per-hour or per-day basis, Contractor shall be entitled to receive as full payment an amount equal to the number of hours or days actually worked prior to the termination times the applicable hourly or daily rate; and further provided, however, that if County terminates the Agreement for cause pursuant to Section 4.2 (Termination for Cause), County shall deduct from such amount the amount of damage, if any, sustained by County by virtue of the breach of the Agreement by Contractor.

4.5. Authority to Terminate

The Board of Supervisors has the authority to terminate this Agreement on behalf of County. In addition, the Purchasing Agent or Department of Health Services' Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of County.

4.6. Obligations After Termination

The following shall remain in full force and effect after termination of this Agreement: (1) Section 2.7 (Federal Funding), (2) Article 5 (Indemnification), (3) Section 9.4 (Records Maintenance), (4) Section 9.4.1 (Right to Audit, Inspect, and Copy Records), (5) Section 9.7 (Confidentiality), and (6) Section 13.5 (Applicable Law and Forum).

4.7. Change in Funding

Contractor understands and agrees that County shall have the right to terminate this Agreement immediately upon written notice to Contractor in the event that (1) any state and/or federal agency and/or other funder(s) reduces, withholds, or terminates funding which County anticipated using to pay Contractor for services provided under this Agreement, or (2) County has exhausted all funds legally available for payments due under this Agreement.

5. Indemnification

Contractor agrees to accept all responsibility for loss or damage to any person or entity, including County, and to indemnify, hold harmless, and release County, its officers, agents, and employees from and against any actions, claims, damages, liabilities, disabilities, or expenses that may be asserted by any person or entity, including Contractor, that arise out of, pertain to, or relate to Contractor's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Contractor agrees to provide a complete defense for any claim or action brought against County based upon a claim relating to such Contractor's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Contractor's obligations under this Article apply whether or not there is concurrent or contributory negligence on County's part, but to the extent required by law, excluding liability due to County's conduct. County shall have the right to select its legal counsel at Contractor's expense, subject to Contractor's approval, which shall not be unreasonably withheld. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Contractor or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance

With respect to performance of work under this Agreement, Contractor shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain insurance as described in Exhibit C (Insurance Requirements), which is attached hereto and incorporated herein by this reference (hereinafter "Exhibit C").

7. Prosecution of Work

The execution of this Agreement shall constitute Contractor's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God, or by strike, lockout, or similar labor

disturbances, the time for Contractor's performance of this Agreement shall be extended by a number of days equal to the number of days Contractor has been delayed.

8. Extra or Changed Work

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Changes which do not exceed the delegated signature authority of the Department may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors or Purchasing Agent must authorize all other extra or changed work which exceeds the delegated signature authority of the Department Head. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Contractor to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Contractor shall be entitled to no compensation whatsoever for the performance of such work. Contractor further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Contractor

9.1. Standard of Care

County has relied upon the professional ability and training of Contractor as a material inducement to enter into this Agreement. Contractor hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state, and local laws, it being understood that acceptance of Contractor's work by County shall not operate as a waiver or release.

9.2. Status of Contractor

The parties intend that Contractor, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Contractor is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, workers' compensation plan, insurance, bonus, or similar benefits that County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4 (Termination), Contractor expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3. Taxes

Contractor agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including but not limited to state and federal income and FICA taxes.

Contractor agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Contractor's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Contractor agrees to furnish County with proof of payment of taxes on these earnings.

9.4. Records Maintenance

Contractor shall keep and maintain full and complete documentation and accounting records concerning all services provided under this Agreement. Records shall include all medical records, accounting records, and administrative records related to services provided hereunder. Contractor agrees to preserve and maintain such records for a period of at least 10 years following the close of County and state fiscal year in which the services were provided. If an audit has been started, records must be retained until completion and final resolution of any and all issues that might arise. Final settlement shall be made at the end of the audit and appeal process. All accounting records shall be maintained so that they clearly reflect the source of funding for each type of service for which reimbursement is claimed by Contractor. Accounting records include, but are not limited to, all ledgers, books, vouchers, time sheets, payrolls, appointment schedules, client data cards, and schedules for allocating costs.

9.4.1. Right to Audit, Inspect, and Copy Records

Contractor agrees to permit County and any authorized state or federal agency to audit, inspect, and copy all records, notes, and writings of any kind in connection with the services provided by Contractor under this Agreement, to the extent permitted by law, for the purpose of monitoring the quality and quantity of services, monitoring the accessibility and appropriateness of services, and ensuring fiscal accountability. DHCS, the California Department of General Services, the Bureau of State Audits, or their designated representatives including the Comptroller General of the United States, are authorized agencies with the right to inspect and copy Contractor's records. All such audits, inspections, and copying shall occur during normal business hours. Upon request, Contractor shall supply copies of any and all such records to County. Failure to provide the above-noted documents requested by County within the requested time frame indicated may result in County withholding payments due under this Agreement. In those situations required by applicable law(s), Contractor agrees to obtain necessary releases to permit County or governmental or accrediting agencies to access patient medical records.

Contractor may, at its discretion, following receipt of final payment under this Agreement, reduce its accounts, books, and records related to the Agreement to microfilm, computer disk, CD ROM, DVD, or other data storage medium. Upon request by an authorized representative of County, state, or federal agency, Contractor must supply or make available applicable devices, hardware, and/or software necessary to view, copy, and/or print said records.

Contractor agrees to comply with all requests for information from the County necessary to fulfill the County's reporting obligations. This includes providing any reports prepared by the Contractor or its subcontractors, consultants, and agents, as well as any data or documentation required by the County. All information must be provided in a timely and accurate manner to ensure compliance with applicable reporting requirements.

9.5. Conflict of Interest

Contractor covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Contractor further covenants that in the performance of this Agreement, no person having any such interests shall be employed. In addition, if requested to do so by County, Contractor shall complete and file and shall require any other person doing work under this Agreement to

complete and file a “Statement of Economic Interest” with County disclosing Contractor’s or such other person’s financial interests.

9.6. Statutory Compliance/Living Wage Ordinance

Contractor agrees to comply, and to ensure compliance by its subconsultants or subcontractors, with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended, or modified during the term of this Agreement. Without limiting the generality of the foregoing, Contractor expressly acknowledges and agrees that this Agreement may be subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.7. Confidentiality

Contractor agrees to maintain the confidentiality of all patient medical records and client information in accordance with all applicable state and federal laws and regulations, including the requirement to implement reasonable and appropriate administrative, physical and technical safeguards to protect all confidential information. This Section 9.7 shall survive termination of this Agreement.

9.8. Nondiscrimination

Without limiting any other provision hereunder, Contractor shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in the admission of beneficiaries, assignments of accommodations, treatment, evaluation, employment of personnel, or in any other respect because of race, color, ancestry, national origin, religious creed, belief or grooming, sex (including sexual orientation, gender identity, gender expression, transgender, pregnancy, childbirth, medical conditions related to pregnancy, childbirth or breast feeding), marital status, age, medical condition, physical or mental disability, genetic information, military or veteran status, or any other legally protected category or prohibited basis, including without limitation, the County’s Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference, including but not limited to the California Fair Employment and Housing Act. Contractor shall give written notice of its obligations under this clause to labor organizations with which it has a collective bargaining or other agreement. (Cal. Code Regs., Title 2, section 11105.)

9.9. AIDS Discrimination

Contractor agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.10. Assignment of Rights

Contractor assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, and right to ideas in and to all versions of the plans and specifications, if any, now or later, prepared by Contractor in connection with this Agreement.

Contractor agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Contractor's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County. Contractor shall not use or permit another party to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.11. Ownership and Disclosure of Work Product

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Contractor or Contractor's subcontractors, consultants, and other agents in connection with this Agreement, shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Contractor shall promptly deliver to County all such documents which have not already been provided to County in such form or format as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Contractor may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.12. Authority

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Contractor.

9.13. Charitable Choice/Faith-Based Organizations

Contractor agrees and acknowledges that County may make funds available for programs or services affiliated with religious organizations under the following conditions: (i) the funds are made available on an equal basis for programs or services affiliated with non-religious organizations; (ii) the program funded does not have the substantial effect of supporting religious activities; (iii) the funding is indirect, remote, or incidental to the religious purpose of the organization.

Contractor agrees and acknowledges that County may not make funds available for programs or services affiliated with a religious organization that (i) has denied or continues to deny access to services on the basis of race, color, religion, ancestry, national origin, sex, citizenship, or known disability; (ii) will use the funds for a religious purpose; (iii) will use the funds for a program or service that subjects its participants to religious education.

Contractor agrees and acknowledges that all recipients of funding from County must (i) comply with all legal requirements and restrictions imposed upon government-funded activities set forth in Article IX, Section 8 and Article XVI, Section 5 of the California Constitution and in the First Amendment to the United States Constitution; and (ii) segregate such funding from all funding used for religious purposes.

9.14. Sanctioned Employee or Subcontractor

Contractor agrees that it shall not employ in any capacity, retain as a subcontractor in any capacity, or use as a volunteer any individual or entity whose service is directly or indirectly, in whole or in part, payable by a Federal Healthcare Program (including Medicare and Medicaid) that is on any published federal or state lists regarding the sanctioning, suspension, or exclusion of individuals or entities. At a minimum, the Office of Inspector General List of Excluded Individuals/Entities (LEIE), California Department of Health Care Services Medi-Cal List of Suspended or Ineligible Providers (LSIP), and System for Award Management (SAM) must be checked prior to employment and monthly thereafter, and the Social Security Administration's Death Master File and National Plan and Provider Enumeration System (NPPES) must be checked prior to employment. In the event Contractor does employ such individual or entity, the Department of Health Services Compliance Officer must be notified immediately via Compliance Hotline 707-565-4999. Contractor agrees to assume full liability for any associated penalties, sanctions, loss, or damage that may be imposed on County by Federal Health Care Programs. Contractor shall not certify or pay any excluded subcontractor.

9.15. Compliance with County Policies and Procedures

Contractor agrees to comply with all County policies and procedures as they may relate to services provided hereunder, including, but not limited to, County's policies and procedures, manuals, programs, and processes related to selection, retention, credentialing and recredentialing providers, utilization management, quality management, compliance, grievances, appeals, and expedited appeals, advanced directives, and administrative manual.

9.16. Lobbying

If any federal funds are to be used to pay for any services under this Agreement, Contractor shall fully comply with all certifications and disclosure requirements prescribed by Section 319 of the Public Law 101-121 (31 United States Code Section 1352) and any implementing regulations, and shall ensure that each of its subcontractors receiving funds under this Agreement also fully complies with all such certification and disclosure requirements.

9.17. Subcontractors

Contractor agrees that any employees or agents of Contractor that assist Contractor in the provision of services shall also satisfy the requirements of this Agreement. In this regard, Contractor understands and agrees that all obligations and prohibitions imposed on Contractor pursuant to this Agreement are equally applicable to each and every individual providing services through Contractor under this Agreement, and Contractor shall assure that such individuals agree to comply with such obligations and prohibitions.

9.18. Licensure and Staffing

Contractor warrants that it and all its employees and sub-contractors providing or supervising services under this Agreement have all necessary licenses, permits, and certificates to provide services under this Agreement, as required by applicable state and federal laws, rules, and regulations. Contractor agrees to maintain said licenses, permits, and certificates in good standing for the duration of this Agreement. A copy of each such licenses, permits, and certificates shall be made available upon request, not to exceed three (3) business days after the initial request, for inspection, review, and/or audit by authorized representatives and designees of County, state, and/or federal governments during the term of this Agreement and for the

applicable records retention period. Failure to maintain said licenses, permits, and/or certificates in effect for the duration of this Agreement shall be deemed a material breach of this Agreement and constitutes grounds for immediate termination of this Agreement by County. Staff shall only function within the scope of practice as dictated by licensing boards/bodies. At all times during the term of this Agreement, Contractor shall have available and shall provide upon request to authorized representatives of County a list of all persons by name, title, professional degree, and experience who are providing any services under this Agreement.

9.19. No Suspension or Debarment

Contractor warrants that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in covered transactions by any federal department or agency. Contractor also warrants that it is not suspended or debarred from receiving federal funds as listed in the List of Parties Excluded from Federal Procurement or Nonprocurement Programs issued by the General Services Administration. If Contractor becomes debarred, Contractor has the obligation to inform County.

9.20. Access-ADA

Contractor will provide reasonable access and accommodation to persons with disabilities to the extent required under the American with Disabilities Act or any applicable state law.

10. Demand for Assurance

Each party to this Agreement undertakes the obligation that the other party's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other party may in writing demand adequate assurance of due performance, and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding 30 days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4 (Termination).

11. Assignment and Delegation

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other party, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

13. Miscellaneous Provisions

13.1. No Waiver of Breach

Throughout this period, the RDA team will work with the Department to coordinate and facilitate the broader Workgroup and its subcommittees in support of the Stepping Up Initiative. Additionally, RDA will provide administrative and monitoring capacity for the DSH Planning Grant, including tracking workgroup initiatives and activities, annual work plan development and monitoring, and completion of required progress and final reporting. initiatives and activities, annual work plan development and monitoring, and completion of required.

The table below provides a high-level snapshot of each phase of work and associated activities to be expected annually over the 4-year planning grant timeline.

Project Years 1 -4 FY25-26 through FY 28-29	
Phase 1: Annual Work Planning	<ul style="list-style-type: none"> • Work Plan Finalization
Phase 2: Workgroup Organization & Facilitation	<ul style="list-style-type: none"> • Workgroup & Subcommittee Meetings Facilitation • Stepping Up Initiative Coordination & Preparation

Phase 4: Grant Monitoring & Reporting	<ul style="list-style-type: none"> • Grant Work Plan Monitoring, & Reporting • Annual Progress Brief & Presentation
Ongoing: Project Management & Communications	

Phase 1: Annual Work Planning:

In this initial phase, RDA will work with designated Department lead(s) to review the annual work plan. With RDA's ongoing relationship with the Stepping Up Workgroup, we will be able to seamlessly pivot and support the new fiscal year's work and forgo typical launch activities (e.g., official launch meeting, key informant interviews, background document review). This allows for budgeted hours to be invested fully in workgroup activities and forward progress.

Work Plan Finalization:

Annually, RDA will work with the Department's project lead to review, revise, and confirm work plan activities and priorities for the upcoming project year. The work plan will focus on the logistical support needs of the Workgroup and any subcommittees, clearly identifying key activities, timelines, grant reporting requirements, and broader initiative coordination needs. The work plan will be a shared resource monitored by the RDA project manager and provided to DHS to support alignment and accountability.

Phase 2: Workgroup Coordination and Facilitation:

The second phase tasks represent core workgroup and subcommittee(s) coordination and facilitation actions that RDA will provide during the project period.

Stepping Up Initiative Coordination & Preparation:

RDA will provide ongoing coordination and preparatory support for the Sonoma Stepping Up Initiative and related workgroup and subcommittees. This will include, but is not limited to, member outreach and relationship development, subcommittee recruitment planning, meeting agenda development, member and guest communications, meeting reminders, and initiative work updates. RDA will also maintain a Workgroup roster as well as rosters for any established subcommittees as required by the DSH Planning Grant. Coordination and preparation may further include support for quality improvement initiatives identified by the workgroup, and/or

development of group decision making and governance structures, updates or revisions to system-wide sequential intercept mapping, and/or other workgroup growth and development tools as needed.

Workgroup & Subcommittee Meeting Facilitation:

RDA will convene, facilitate, and record meeting notes for the Stepping Up Workgroup as well as designated subcommittee meetings. RDA's facilitation support accounts for up to six virtual Workgroup meetings (but no less than quarterly) and up to twenty-four virtual subcommittee meetings (estimated of two subcommittee meetings per month), annually. Meeting minutes will account for member and guest attendance, aligning with grant reporting requirements, as well as providing records of conversations had and actions or next step decisions determined by the group.

Additionally, RDA will support Workgroup priorities to engage individuals more meaningfully and consistently in the upcoming project years. This may include hosting focus groups or individual interviews to gather input and feedback on specific Workgroup strategies and actions. It may also involve integrating individuals with lived experience into broader Workgroup meetings and subcommittee spaces. To support this effort, we have allocated \$1,000 annually to provide gift card incentives for individuals with lived experience who participate in these activities.

Phase 3: Initiative Planning and Development:

The tasks in Phase 3 represent coordination, support, and capacity building actions that RDA will conduct on behalf of the Department and as determined collaboratively between the Workgroup and the RDA project team. These activities will ensure that work plan strategies are sufficiently resourced and further support regular review of progress, as well as focused plan renewal and development periods to remain responsive to community need.

Data Collection, Review, & Analysis:

RDA will collect, review, and analyze primary and secondary data collected and shared by Workgroup partners and aligned with Workgroup selected outcome measures identified in its data sharing MOU. Some of these initial data measures will include:

1. Numbers of individuals identified with Serious Mental Illness (SMI) booked in jail, and their average length of stay.
2. Percentage of individuals with SMI who are connected to community-based mental health treatment and services upon release.
3. Recidivism numbers and outcomes (e.g., percentage of individuals with SMI returning to jail; rearrests post release or other technical violations for individuals under community supervision; and percentage of individuals charged with new offense while on community supervision).

RDA will prepare data to be presented at Workgroup and subcommittee meetings to support data-informed discussion and decision making. The regular review of data will also allow for the review of progress in meeting group established priorities and strategies.

Best Practice & Sustainability Research:

RDA will continue to conduct best practice research aligned with Workgroup and subcommittee established priorities, synthesize and summarize findings, and present throughout the project period. This will include research and identification of innovative models and practices to meaningfully integrate the voices of individuals with lived experience and Spanish speaking community members within Workgroup and subcommittee work.

Grant Research & Application Technical Assistance:

Identified as a priority in the Workgroup's Workplan developed in 2025, RDA will research grant and funding opportunities available to address local system sustainability and initiatives at the intersection of the criminal justice system and behavioral health systems. Upon identification of funding opportunities, RDA will provide technical assistance for grant application review, planning, and writing as requested by the Department.

Annual Planning Retreat (Years 2 and 4):

RDA will plan, host, and facilitate a bi-annual in-person retreat for Stepping Up Workgroup members and other partners, as determined in partnership with the Department. This recommended cadence is intended to build off planning momentum and priority setting that were established in the spring of 2025. Additionally, the bi-annual cadence intends to provide points for meaningful reflection on work accomplished, alongside local and state outcomes data, and to reestablish priorities for the upcoming months. It is recommended that the planning retreat occur between March and April of project year 2 and 4. This timing will provide an opportunity for workgroup members to reflect on the past period of work, accomplishments, and lessons learned. It will also provide space for confirming, modifying and/or developing new goals, objectives, strategies, and core activities for the next period of workgroup activity.

Phase 4: Grant Monitoring and Reporting:

The tasks in this final phase will ensure that the Department effectively meets all DSH grant requirements and that there are clear avenues of communication for annual work sharing that sustains current and builds new partnerships and provides transparency and accountability to Workgroup actions.

Grant Work Plan Monitoring & Reporting:

RDA will provide administrative grant support for the Stepping Up Workgroup. This support is inclusive of work plan development in partnership with the Department and Workgroup members, work plan progress monitoring, completion of grant reports as outlined by the funder, and attendance at grantee meetings.

Annual Progress Brief & Presentation:

RDA will develop an annual progress brief (up to ten pages) that summarizes the activities that the Workgroup and subcommittees engaged in over the previous fiscal year, updates on progress to achieve short- and long-term outcomes tied to Workgroup priorities and strategies, and lessons learned to inform work progress and improvement activities in the next fiscal year. RDA will also develop a companion slide deck to support DHS in its provision of updates to local partners, the Community Correction Partnership, and/or Board of Supervisors.

Project Management and Communication:

RDA has developed a project management approach based on 40 years of history working with public sector and/or nonprofit clients, and we understand that each organization and engagement is unique. Due to our diligence in the realm of project management and communication, RDA has a proven track record of completing project deliverables on time and within budget.

Client Meetings & Communication:

In addition to the Workgroup and subcommittee meetings, RDA will maintain regular ad hoc communication with the Department via email, phone, and Zoom as needed to ensure the successful completion of the project. RDA's Project Manager will conduct a minimum of bi-monthly check-ins with the Department designated lead to monitor progress, address any challenges, and facilitate resource sharing.

Project Management & Internal Meetings:

The Project Sponsor and Project Manager will meet monthly to conduct project planning activities to support team availability and adherence to milestones and deliverables, budget, and cost controls. As noted above, for each engagement, RDA develops a work plan specifying timelines, products, work processes, and check-in points along the way. The work plan is entered into Unanet, an online platform with integrated financial, project management, pipeline, and contact tracking functions. Each work plan includes detailed activities to be completed each month, staff allocated to each activity, and hours for each staff member to complete each activity. These work plans are utilized by all team members to log in time spent on projects and allow management to monitor the progress of each project in real time and to ensure project deadlines are met within budget. The Project Manager regularly revisits and updates the work plan to ensure that the project stays on track. RDA's fiscal management solution software, Unanet, supports our project resource management, budgeting, and forecasting requirements, which in turn informs workflows in our project management solution, Monday.com. RDA leverages these tools to track progress, organize documentation, and record key decisions, ensuring that the Department and the Workgroup have access to relevant information when needed.

 - b) Notice shall be provided to the County Privacy and Security Officer. If the incident occurs after business hours or on a weekend or holiday and involves electronic County PI or PII, notice shall be provided by calling the County Privacy and Security Officer. Notice shall be made using the County "Privacy Incident Report" form.

If necessary, a Supplemental Report may be used to submit revised or additional information after the completed report is submitted, by submitting the revised or additional information on an updated “Privacy Incident Report” form. The County will review and approve the determination of whether a breach occurred and individual notifications are required, and the corrective action plan.

- g) **County Contact Information.** To direct communications to the above referenced County staff, the Contractor shall initiate contact as indicated herein.
