Background

This application is issued to all district attorneys in the State of California pursuant to authority granted to the Insurance Commissioner under the provisions of California Insurance Code § 1872.83.

Under the direction of the Insurance Commissioner, the California Department of Insurance (CDI) administers the grant program(s). The criteria for the distribution of Workers' Compensation assessment funds to district attorneys for enhanced investigation and prosecution of insurance fraud cases, including the application process and subsequent reporting requirements, are set forth in the California Code of Regulations, Title 10, § 2698.50, et seq.

Pursuant to the California Insurance Code, the application for funding and related documents are public records and subject to public disclosure under Public Records Act ("PRA") requests and subpoenas. Information concerning active or inactive criminal investigations shall be treated as confidential and must be put only in the confidential Investigation Case Reporting section. **Do not submit confidential investigation information in any other part of this application.**

If, during the term of the grant award, the state funds appropriated for the purposes of the grant award are reduced, eliminated, or otherwise restricted by the Governor's Administration and/or State Legislature, or in the event revenues are not collected at the level assessed, CDI may immediately terminate or reduce the grant award by written notice to the grantee. However, no such termination or reduction shall apply to allowable costs already incurred by the grantee to the extent that state funds are available for payment of such costs.

If, at the end of the prior grant period(s), CDI determines that there is unspent and/or additional funding available, the Commissioner may consider requesting additional budget authority and distributing these funds.

The Grant Application

For purposes of the grant application process and Grant Award Agreement, the term "application" refers to the grant application and its Funding Announcement Attachments including, but not limited to, the Budget Instructions, Grant Requirements, and Fact Sheets.

When completing the application, you shall comply with all applicable statutes, regulations, and the grant application instructions and attachments.

Please note that no verbal information given will be binding upon CDI unless such information is issued in writing as an official addendum or an official clarification of application requirements.

The grant application shall be submitted by 5:00 pm on Wednesday, April 23, 2025, to be considered for funding for FY 2025-2026.
