Env. Doc: Class 3 Categorical Exemption (14 CCR § 15303)

Proposal: Use Permit for a new Intermediate Freestanding Commercial Telecommunications Facility, including a 110-foot monotree, a generator for backup emergency power, and associated ground equipment all located within a 1,125-square foot lease area enclosed by a 6-foot fence on a 78.11-acre parcel zoned RRD (Resources and Rural Development).

Action: Staff recommends that the Board of Zoning Adjustments find the project exempt from CEQA and approve use permit request.

Location: 10290 Westside Road, Healdsburg, CA

District: Fifth

Zoning: Resource and Rural Development (RRD B6 160), with the Floodway and Floodplain Combing Districts (F1 F2), Oak Woodland and Valley Oak Habitat Combing Districts (OAK VOH), Riparian Corridor Combining District (RC50/25 RC200/100), and Scenic Resources Combining District (SR – Scenic Corridor)

Action: **Commissioner Koenigshofer** moved to continue the item to November 14th with a request to the applicant to increase the tolling agreement for up to 60 days, and a further continuance be renoticed if possible. Additionally, the motion requests more detailed information on coverage related to the development patterns of existing residential structures for differing tower heights. That in consultation with emergency services, the applicant and staff, determine what the minimum height is for emergency services. That from vantage point 3 in the visual assessment additional simulations show what a faux eucalyptus tree would look like, and a faux water tower of a couple different heights. The hearing is to remain open. Seconded by **Commissioner Wiig** and approved with a 5-0-0-0 vote.
