MEMORANDUM

TW: 21/22-028

DATE: April 14, 2022

TO: Grant Davis, General Manager

FROM: Nazareth Tesfai, Project Manager 

SUBJECT: Selection of Woodard & Curran, Inc. for Penngrove Sewer Capacity Evaluation Services

Woodard & Curran, Inc. was selected from a list of qualified consultants developed from a prior competitive selection process. Attached is a memo that explains the previous competitive selection process.

Woodard & Curran, Inc. was selected for the subject work because they have a great deal of wastewater collection system knowledge and sewer modeling experience. In addition, Woodard & Curran, Inc. is in the process of preparing the City of Petaluma's sewer collection system master plan. Since the Penngrove Sanitation Zone discharges into the City of Petaluma's sewer system, having the same consultant prepare both plans seems the best way to proceed.

The hiring of Woodard & Curran, Inc. for this agreement causes no conflict of interest and is not based on any financial incentive provided to Sonoma Water or its employees and representatives.
