Re: Farmworker Housing Ordinance Update

Dear Supervisors,

The Sonoma County Chapter of Community Alliance with Family Farmers (CAFF), appreciates staff's work on updating the County's Farmworker Housing Ordinance and being included in this process. For many years we have commented that the agricultural production criteria for this housing was no longer relevant to the agriculture actually practiced in the region. We are grateful that the input received during the producer focus group and survey was taken into account in developing the revised criteria.

CAFF Sonoma County supports the proposed Ordinance update and looks forward to your Board's approval.

Thank you for considering our comments.

Wendy Krupnick

President, CAFF Sonoma County
