State of California

Date: July 14, 2026

Item Number: _____

Resolution Number: _____

☐ 3/5 Vote Required

**Resolution Of The Board Of Supervisors Of The County Of Sonoma, State Of California,
Authorizing Consolidation By The California Coastal Commission Of A Coastal Permit with
Hearing for Improvements to Meredith Pier (Permit Sonoma File No. CPH26-0012).**

Whereas, in April of 2026, Sonoma County Public Infrastructure submitted an application to the County of Sonoma for a Coastal Permit with hearing for Improvements to Meredith Pier located at 915 Highway 1, Bodega Bay, CA 94923 (APN 100-100-025).

Whereas, the project would result in the construction activities at Meredith Pier including the addition of new guard rail, new site furnishings, improved parking, a new accessible drop off, and refinishing of existing slab.

Whereas, the Coastal Act allows for a consolidated permitting process for projects for which the Coastal Development Permit authority is shared by a local government and the State Coastal Commission. The proposed project includes areas within the retained permit jurisdiction of the California Coastal Commission, requiring both a Coastal Permit with Hearing issued by Sonoma County and a Coastal Development Permit issued by the California Coastal Commission.

Whereas, Section 30601.3 of the Coastal Act requires that the applicant, the local government, and the Executive Director of the Coastal Commission agree to the consolidation and the consolidation will not substantially impair public participation. On April 2nd, 2026, the applicant submitted a letter to Planning staff requesting consolidation.

Whereas, Planning staff find that consolidated coastal development permit application

would be beneficial to the public and the applicant by reducing the total time and cost that it takes to go through the coastal permitting process, and the proposal would not impair public participation.

Now, Therefore, Be It Resolved that the Sonoma County Board of Supervisors finds and determines that the above recitals are true and correct, that all interested persons have had an opportunity to be heard, and based on the entire record before it authorizes the Coastal Commission to process the project under a consolidated Coastal Permit pursuant to Section 30601.3 of the Coastal Act.
