- 15.1. Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article 15 limits District's right to terminate this Agreement pursuant to Article 6 (Termination).

16. MEDIATION OF DISPUTES

- 16.1. If a dispute arises out of or relates to this Agreement, or an alleged breach thereof, and if the dispute cannot be settled through negotiation, before resorting to litigation, District and Consultant agree first to try in good faith to settle the dispute by mediation. All statutes of limitation shall be tolled from the date of the demand for mediation until a date two weeks following the mediation's conclusion. If the dispute also involves claims against or by a construction contractor who has used or otherwise relied on any work product of Consultant, the Parties agree that the mediation required by this Article 16 will include the construction contractor as a participant. The cost of mediation shall be equally shared by the participating parties. Unless the participation of a construction contractor is required and

that indispensable contractor is subject to an incompatible stipulation with District with regard to the same matters, the parties further agree that:

- a. The mediation shall be conducted in Santa Rosa, California.
- b. Unless otherwise agreed to in writing by the parties participating in the mediation, the mediation shall be concluded no later than sixty (60) days after the first mediation session. If the dispute has not been resolved at that time, any party may elect at that time to pursue litigation.

Exhibit D

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain insurance as described below unless such insurance has been expressly waived by the attachment of a *Waiver of Insurance Requirements*. Any requirement for insurance to be maintained after completion of the work shall survive this Agreement.

District reserves the right to review any and all of the required insurance policies and/or endorsements, but has no obligation to do so. Failure to demand evidence of full compliance with the insurance requirements set forth in this Agreement or failure to identify any insurance deficiency shall not relieve Consultant from, nor be construed or deemed a waiver of, its obligation to maintain the required insurance at all times during the performance of this Agreement.

If Consultant maintains higher limits than the specified minimum limits, District requires and shall be entitled to coverage for the higher limits maintained by Consultant.

If the deductible or self-insured retention exceeds \$100,000 it must be approved in advance by District. Consultant is responsible for any deductible

or self-insured retention and shall fund it upon District's written request, regardless of whether Consultant has a claim against the insurance or is named as a party in any action involving District.
