# SONOMA COUNTY BOARD OF SUPERVISORS NOTICE OF A PUBLIC HEARING AND PRE-ADOPTION SUMMARY FOR AN ORDINANCE AMENDING SONOMA COUNTY CODE CHAPTER 26 (ZONING) TO ESTABLISH A SET OF OBJECTIVE DESIGN STANDARDS (ODS) FOR MULTI-UNIT HOUSING DEVELOPMENT PROJECTS

The Sonoma County Board of Supervisors will conduct a public hearing to consider the project described below.

HEARING DATE & TIME: Tuesday, December 9, 2025, at or after 2:00 PM

**HEARING LOCATION:** Board of Supervisors Chambers, Room 102-A, Sonoma County Administration Building, 575 Administration Drive, Santa Rosa, CA 95403.

PROJECT: Objective Design Standards for Housing, Permit Sonoma File No. ORD24-0007

**PROJECT LOCATION:** Countywide (unincorporated areas, outside the Coastal Zone)

**PROJECT ACTIONS:** The Board of Supervisors will hold a public hearing to consider a proposed ordinance amending Sonoma County Code Chapter 26 (Zoning Regulations) to establish Objective Design Standards (ODS) for multi-unit housing development projects, implementing the Sonoma County General Plan Housing Element Policy HE-2c and Program 12b. The proposed design standards pertain to structure and site design, including but not limited to massing and articulation, exterior finishes, window orientation and placement, provisions for common open space, lighting, and neighborhood compatibility.

### PRE-ADOPTION SUMMARY OF ORDINANCE:

The proposed ordinance would amend the text of Sonoma County Code Chapter 26 (Zoning Code) as follows:

- Amend Article 04 (Glossary), Article 06 (Agriculture and Resource Zones), Article 08 (Residential Zones), Article 10 (Commercial Zones), Article 14 (Special Purpose Zones), Article 16 (Supplemental Development Standards), Article 24 (Residential Use Standards), Article 59 (Affordable Housing Combining District), Article 88 (General Exceptions and Special Use Standards), Article 89 (Affordable Housing Program Requirements and Incentives), and Article 90 (Local Area Development Guidelines) to add and adjust definitions, add references to new Article 83 (Objective Design Standards for Housing Development Projects), clarify permit and design review requirements, organize standards, and correct cross references.
- Amend Article 82 (Design Review) to clarify design review requirements for housing development projects with reference to new Article 83 and move provisions relating to parking to Article 86 (Parking Regulations).
- Add new Article 83 (Objective Design Standards for Housing Development Projects) to establish an initial basic set of objective design standards applicable to multi-unit housing development projects, excluding those consisting solely of a single-family dwelling and accessory units.
- Amend Article 86 (Parking Regulations) to accommodate standards relocated from Article 82 (Design Review) and add standards for bicycle parking provisions for multifamily and mixed-use developments.

**PLANNING COMMISSION RECOMMENDATION:** The Planning Commission heard the item on November 6, 2025, and passed a resolution recommending that the Board of Supervisors amend Sonoma County Code Chapter 26 (Zoning Regulations) to establish Objective Design Standards for multi-unit housing development projects.

**ENVIRONMENTAL DETERMINATION:** Permit Sonoma has determined that the proposed amendments to Sonoma County Code are exempt from the California Environmental Quality Act (CEQA) under State CEQA Guidelines Section 15061(b)(3) (the common sense exemption) because CEQA applies only to projects which have the potential for causing a significant effect on the environment. It can be seen with certainty that there is no possibility the project will result in a direct or indirect physical change in the environment because the code amendments do not make changes to allowed land uses and only create objective design standards as an alternative to pre-existing discretionary design standards within the County's existing authority. The project is further exempt under CEQA Guidelines Section 15308, which provides that actions by regulatory agencies for protection of the environment are categorically exempt from CEQA, because proposed standards would only improve protections of the environment.
