**Agenda Date:** 12/16/2025

---

**To:** Sonoma County Board of Supervisors

**Department or Agency Name(s):** District Attorney

**Staff Name and Phone Number:** Carla Rodriguez, 565-3098 and Gina Michelin 565-3893

**Vote Requirement:** Majority

**Supervisorial District(s):** Countywide

**Title:**

District Attorney FY 2025-2026 Workers' Compensation Insurance Fraud Investigation Program.

**Recommended Action:**

Adopt a resolution authorizing the District Attorney, or their designee, to execute a grant agreement with the California Department of Insurance to participate in the Workers' Compensation Insurance Fraud Investigation Program and accept \$317,188 in grant funding for the term July 1, 2025, through June 30, 2026, and execute any future amendments or extensions to the Grant Award Agreement including rollover funding from prior year or increased funding allocation with County Counsel approval.

**Executive Summary:**

Board approval is requested to authorize the District Attorney or their designee to continue participation in the Workers' Compensation Insurance Fraud Program funded by the California Department of Insurance in the amount of \$317,188 for the 2025-26 Fiscal Year and authorize the District Attorney or their designee to execute any future amendments or extensions to the Grant Award Agreement including rollover funding from the prior year or increased funding allocation with County Counsel approval. This grant aims to uncover fraud within the community that harms workers and businesses and prosecute those who perpetrate such crimes. The District Attorney's Office has participated in the Workers' Compensation Insurance Fraud Program since 1996. This work is performed by the District Attorney Environmental and Consumer Fraud Division using grant monies and does not require any General Fund support.

The staff assigned to this grant program will consist of existing personnel including Deputy District Attorneys, District Attorney Investigators, a Legal Assistant, Department Analyst, and Extra Help District Attorney Investigator. Also included is funding for a required internal audit, outreach materials, training, travel, and indirect costs. The funding should be sufficient to cover the costs involved in the District Attorney's Office's Workers' Compensation Insurance Fraud prosecution work.

**Discussion:**

The California Department of Insurance Workers' Compensation Fraud Program was established in 1991 through the passage of Senate Bill 1218 (Chapter 116), and the District Attorney has participated in this program since 1996. The law, which makes Workers' Compensation fraud a felony, requires insurers to report suspected fraud and establishes a mechanism for funding enforcement and prosecution activities. The funding

for this program comes from California employers as a portion of the premium paid to the State. Senate Bill 1218 also established the Fraud Assessment Commission, which determines the level of assessments to fund the investigation and prosecution of workers' compensation insurance fraud in consideration of premiums collected.

Board approval is requested to allow the District Attorney, or their designee, to continue participation in the Workers' Compensation Insurance Fraud Program funded by the California Department of Insurance in the amount of \$317,188 for Fiscal Year 2025-26 and authorize the District Attorney or their designee to execute any future amendments or extensions of the Grant Award Agreement including rollover funding from prior year or increased funding allocation with County Counsel approval. The District Attorney has participated in the Workers' Compensation Insurance Fraud Program since 1996. In Fiscal Year 2022-23, 26 suspected fraud claims were reviewed by the District Attorney's Office. The number of claims reviewed in FY 2023-24 increased to 42. In Fiscal Year 2024-25, the District Attorney's Office reviewed 23 suspected fraud claims. We attribute the increase in FY 2023-24 to employees returning to the workforce after COVID restrictions were eased, resulting in an uptick of the most common types of workers' compensation insurance fraud, such as claimant fraud, premium fraud, and employer fraud.

Historically, workers' compensation fraud cases referred to the District Attorney's Office have been predominantly claimant fraud. These cases include claiming a non-work injury, filing multiple claims for the same injury, working at another job while collecting disability benefits, and related schemes to cheat the Workers' Compensation system. The District Attorney's Office will continue to use Workers' Compensation Insurance Fraud grant funds to prosecute these established types of claimant fraud cases in Fiscal Year 2025-26.

During Fiscal Year 2025-26, the District Attorney will continue to participate in the Golden Gate High Impact Workers' Compensation Fraud Consortium and the Tri-County Task Force to increase all types of workers' compensation fraud referrals and partner in outreach to educate the community about workers' compensation fraud. Developing a long-lasting, consistent method of outreach that will increase all types of workers' compensation fraud referrals and inform the community about workers' compensation fraud is a long-term goal that will take several years to implement. The office will continue outreach and training through community organizations such as the Graton Day Labor Center, Redwood Empire Association of Code Officials, the Sonoma County Winegrowers and Winegrape Commission, and the Oakmont Homeowners Association, where outreach efforts have ranged from meetings with Association Board members to presenting to Association members and the public. Meeting this goal includes creating industry-specific educational and informational pamphlets to distribute to various organizations and employers within the county, including union halls, day labor centers, and wineries.

The District Attorney's Office will continue to work with the Department of Insurance investigators and the Contractors State Licensing Board to conduct sweeps and stings in Sonoma County to identify and prosecute employers operating businesses without Workers' Compensation insurance.

**Prior Board Actions:**

The Board has approved Resolutions authorizing the Workers' Compensation Insurance Fraud grant each year since Fiscal Year 2004-05; and most recently in Fiscal Year 2022-23.

**Narrative Explanation of Fiscal Impacts:**

The FY 2025-26 State of California Department of Insurance Workers' Compensation Insurance Fraud Investigation grant award is \$317,188. The current grant will fund activities through June 30, 2026, and the staff will cost code their time when working on Workers' Compensation Fraud-related task work so that the grant funds will pay for those associated costs. These funds will allow the District Attorney's Office to continue the vital work of this program and expand outreach efforts.

The personnel assigned to this grant program are from the District Attorney Consumer Fraud Unit, and this special prosecution will be performed by existing staff, including a Deputy District Attorney IV, with an estimated annual cost of \$369,399, 8% of which, or \$29,552 will be paid by these grant funds; a Deputy District Attorney III with an estimated yearly cost of \$306,069, 8% of which, or \$24,485 will be covered by these grant funds; a Legal Assistant at an estimated annual cost of \$152,227, 7% of which, or \$10,656 will be paid by these grant funds; a Department Analyst at an estimated yearly cost of \$208,217, 7% of which, or \$14,575 will be paid by these grant funds; and two Extra Help District Attorney Investigators with an estimated combined yearly cost of \$238,752, will be defrayed by approximately \$195,789, one of which will be 100% covered by these grant funds, and the other will be paid 50% from these grant funds. The remaining funding of approximately \$42,130 will be used for indirect costs, fees for a required fiscal audit, outreach materials, training, and travel costs. This grant revenue was already assumed and incorporated in the District Attorney's FY 2025-26 budget. There is no impact on the Sonoma County General Fund, and no match is required. The District Attorney's Office budgets based on historic trends and the office is usually provided additional funding or allowed to roll over unspent funds from the prior fiscal year. If the office is notified about reductions, it will reduce its spending appropriately. The District Attorney's Office will apply for annual grant renewals in future fiscal years and will return to the board for any future awards.
