PREAMBLE:

[California Senate Bill 80](#) (SB 80), (Chapter 27, Statutes of 2019), established the first state Aging and Disability Resource Connection (ADRC) Infrastructure Grants Program in 2019. The ADRC program develops coordinated networks of programs and services (No Wrong Door Systems) to serve the needs of older adults, people with disabilities and caregivers in navigating the fragmented/complicated system of long-term services and supports and achieving their personal goals and preferences for healthy aging. It enables consumers to access all long-term services and supports (LTSS) through a coordinated network or portal.

[California Welfare and Institutions Code, Section 9121](#) requires the California Department of Aging (CDA) to award grants to interested and qualified Area Agencies on Aging (AAA) and Independent Living Centers (ILC) to complete the planning and application process (as an Emerging ADRC) for designation and approval to operate as an ADRC program. In addition, grant funds may also be awarded to aid Designated ADRCs for the purpose of sustaining, expanding, and strengthening a local No Wrong Door (NWD) System.

The purpose of the ADRC Infrastructure Grants contract is to support Emerging and Designated ADRCs in developing, implementing, and sustaining a local NWD system that enhances an individual's navigation to existing long-term services and supports options through funding from the ADRC Infrastructure Grants Program pursuant to the California Welfare and Institutions Code Sections 9120-9122. Navigation, for the purposes of this agreement, is defined as:

- Connecting individuals to existing LTSS options;
- Support for an individual seeking information to understand the health care and long-term services and supports options available;
- Enhancing and/or converting service delivery models (i.e., converting to virtual and/or web-based services) to overcome consumer challenges in obtaining existing LTSS options;
- Adopting system change initiatives to improve care coordination for consumers and provide streamlined access to existing LTSS options;
- Improving coordination and integration between healthcare and long-term care service providers; and
- Establishing and maintaining entry points and interfaces at the local community level that are easy for individuals to find and access LTSS options.

<https://www.calhr.ca.gov/employees/pages/travel-reimbursements.aspx>

Out of State: <https://hrmanual.calhr.ca.gov/Home/ManualItem/1/2201>

This section is not to be construed as limiting the Contractor from paying any differences between the CalHR' rates and any rates that the Contractor is obligated to pay under other contractual agreements by using funds from other non-CDA sources.

No travel outside the state of California shall be reimbursed unless prior written authorization is obtained from the State [SCM 3.17.2.A(4)]. CDA must approve in writing any out-of-state travel requests.

CDA reserves the right to refuse payment to the Contractor or disallow costs for any expenditure out of compliance with this Agreement. This includes, but is not limited to, unrelated or inappropriate contractual activities, expenditures with inadequate supporting documentation, or where prior approval was required, but was either not requested or not granted.

B. Accountability for Funds

1. The Contractor shall maintain accounting records for funds received under the terms and conditions of this Agreement for a minimum of seven (7) years from the day that the grant ends. These records shall be separate from those for any other funds administered by the Contractor and shall be maintained in accordance with Generally Accepted Accounting Principles and Procedures, the Office of Management and Budget's (OMB) Uniform Administrative Requirements, and Cost Principles.
2. Financial Management Systems

The Contractor's financial management system shall provide for:

C. Unexpended Funds

Upon termination, cancellation, or expiration of this Agreement, or dissolution of the entity, the Contractor shall return to the State immediately upon written demand, any funds provided under this Agreement, which are not payable for goods or services delivered prior to the termination, cancellation, or expiration of this Agreement, or the dissolution of the entity.

D. Funding Contingencies

- 1. It is understood between the parties that this Agreement may have been written before ascertaining the availability or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if this Agreement were executed after that determination was made.
- 2. This Agreement is valid and enforceable only if sufficient funds are made available to the State by the United States Government or the Budget Acts of the appropriate fiscal years for purposes of this program. In addition, this Agreement is subject to any additional restrictions, limitations, or conditions enacted by Congress or the Legislature that may affect the provisions, terms, or funding of this Agreement in any manner.

3. Limitation of State Liability

Payment for performance by the Contractor shall be dependent upon the availability of future appropriations by the Legislature or Congress for the purposes of this Agreement and approval of an itemized budget. No legal liability on the part of the State for any payment may arise under this Agreement until funds are made available, the itemized budget is received and approved by the State, and the Contractor has received an executed contract.

Exhibit B – Budget Details, Payment Provisions, and Closeout Report4. Funding Reduction(s)

- a. If funding for any State fiscal year is reduced or deleted by the Department of Finance, Legislature, or Congress for the purposes of this program outlined in this Agreement, the State shall have the option to either:
 - i. Terminate the Agreement pursuant, or
 - ii. Offer an amendment to the Contractor to reflect the reduced funding for this Agreement.
- b. In the event the State elects to offer an amendment, it shall be mutually understood by both parties that:
 - i. The State reserves the right to determine which agreements, if any, under this program shall be reduced.
 - ii. Some agreements may be reduced by a greater amount than others, and
 - iii. The State shall determine at its sole discretion the amount that any or all of the agreements shall be reduced for the applicable fiscal year(s).

E. Interest Earned

1. Interest earned on advanced payments that is deposited in interest-bearing accounts must be remitted annually to CDA. Interest amounts up to \$500 per year may be retained by the Contractor and subcontractor(s) for administrative expenses.
2. Interest earned on advances of funds shall be identified as non-match cash.
3. The Contractor must maintain advanced payments in interest-bearing accounts, unless the following apply:
 - a. The Contractor receives less than \$120,000 in federal or State awards per year.
 - b. The best reasonably available interest-bearing account would not be expected to earn interest in excess of \$500 per year on federal or State cash balances.

- c. The depository would require an average or minimal balance so high that it would not be feasible within the expected federal and non-federal cash resources.
- d. A foreign government or banking system prohibits or precludes interest-bearing accounts.

ARTICLE II. BUDGET AND BUDGET REVISION

- A. The Contractor shall be reimbursed only for expenses itemized in the approved ADRC Infrastructure Grant budget (with the exception of budget transfers between cost classifications as noted in this Exhibit) and shall not be entitled to payment for these expenses until this Agreement is approved and executed by CDA. The approved budget is hereby incorporated by reference into this Agreement as a part of Exhibit B.
- B. The ADRC Infrastructure Grants Program's Budget (CDA 239) must set forth in detail the reimbursable services or products, unit rates, and extended total amounts for each line item. The Contractor's budget shall include, at a minimum, the following items when reimbursable under this Agreement:
 - 1. Personnel — annual salary and personnel classifications together with the percentage of time to be charged (FTE), specified for each funding source.
 - a. Charges for salaries and wages must be based on records that accurately reflect the work performed. These records must:
 - i. Be supported by a system of internal control, which provides reasonable assurance that the charges are accurate, allowable, and properly allocated.
 - ii. Be incorporated into the official records of the non-federal entity.
 - iii. Reasonably reflect the total activity for which the employee is compensated by the non-federal entity, not exceeding 100% of compensated activities.
 - iv. Support the distribution of the employee's salary among specific activities or cost objectives if the employee works on more than one federal award; a federal award and a non-federal award, an indirect cost activity and a direct cost activity; two or more indirect activities that are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.

Exhibit B – Budget Details, Payment Provisions, and Closeout Report

- v. Budget estimates (i.e., estimates determined before the services are performed) alone do not qualify as support for changes to federal or State awards.
 - 2. Fringe Benefits — specified for each funding source.
 - 3. Staff Travel — mileage reimbursement, lodging, per diem, and other travel costs, specified for each funding source.
 - 4. Staff Training — attendance cost for necessary training, specified for each funding source.
 - 5. Property/Equipment — detailed descriptions and unit costs, specified for each funding source.
 - 6. Supplies — to include items that do not qualify as property, specified for each funding source.

- C. The Contractor shall ensure that the Subcontractor shall submit a budget, which shall be incorporated by reference into the subcontract and will have, at a minimum, the categories listed in Section B above. Contractor shall ensure that any subcontracts arising out of this Agreement contain all provisions necessary to ensure adequate substantiation and controls of the expenditure of funds. Contractor may achieve this through detailed invoices. It shall be the Contractor's responsibility to substantiate its expenses and each subcontracted cost.
- D. Unless otherwise specified by CDA, budget revisions must be submitted no later than 90 days prior to the ending date of the Agreement. Budget revisions submitted after this date are subject to rejection and may result in disallowed costs.
- E. Budget processes and technical instructions shall be issued to the Contractor under separate cover.
- F. Indirect Costs
- 1. Indirect Costs are defined as expenses (e.g., security, rent, insurance, utilities, telephonic services, etc.) incurred for a common or joint purpose

Exhibit B – Budget Details, Payment Provisions, and Closeout Report

benefiting more than one cost objective and, therefore, not readily assignable to the specifically benefited cost objectives (i.e., department, function, program).

2. The maximum reimbursement allowable for total indirect costs (includes “administrative indirect costs” plus “programmatic indirect costs”) is 20% [or a federally negotiated indirect cost rate, if applicable] of the Contractor’s modified total direct cost (MTDC), excluding subcontracted costs.
3. The maximum reimbursement allowable for a subcontractor’s total indirect cost (includes “administrative indirect costs” plus “programmatic indirect costs”) is 20% [or a federally negotiated indirect cost rate, if applicable] of a subcontractor’s modified total direct cost (MTDC).
4. Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$50,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes in-kind contributions, equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$50,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs
5. Contractors requesting reimbursement for indirect costs shall retain on file an approved indirect cost rate or an allocation plan and itemized receipts, documenting the methodology used to determine the indirect costs.
6. For major Institutes of higher education and major nonprofit organizations, indirect costs must be classified within two broad categories: “Facilities” and “Administration”. “Facilities” is defined as depreciation on buildings, equipment, and capital improvement; interest on debt associated with certain buildings, equipment and capital improvements; and operations and maintenance expenses. “Administration” is defined as general administration and general expenses such as the director’s office, accounting, personnel, and all other types of expenditures not listed specifically under one of the subcategories of “Facilities” (including cross allocations from other pools, where applicable).

ARTICLE III. PROGRAM SPECIFIC FUNDS**A. Program Income**

No Program Income is required under the terms and conditions of this Agreement.

B. One-Time-Only (OTO) Funds

No “One-Time-Only” funding is associated with the terms and the conditions of this Agreement.

C. Matching Contributions

D. Administration

The Contractor’s administration shall be no more than 20% of the total allocation.

E. Equipment

Equipment/Property with a unit cost of at least \$5,000 or any computing device (regardless of cost) requires justification from the Contractor, approval from CDA, and inclusion in the Contractor’s approved budget.

The Contractor shall be reimbursed only for expenses itemized in the approved ADRC Infrastructure Grants Program’s Budget and “Budget Display” with the exception of budget transfers between cost categories as noted in this Exhibit. The approved ADRC Infrastructure Grants Program’s Budget and “Budget Display” are hereby incorporated by reference.

ARTICLE IV. BUDGET AND BUDGET REVISION

A. A budget or budget revision must be prepared and agreed upon by all ADRC Core Partners, and shall be emailed to finance@aging.ca.gov along with a form that contains all ADRC Core Partners’ signatures to demonstrate their mutual agreement.

B. The original ADRC Infrastructure Grants Program’s Budget (CDA 239) is due electronically to the Local Finance Section no later than 30 calendar days from the date of the transmission of the “Budget Display” and Agreement—unless otherwise instructed by CDA.

C. The Contractor shall electronically submit the ADRC Infrastructure Grant Program’s Budget (CDA 239) and budget revisions to finance@aging.ca.gov.

D. Funds made available under this Agreement shall supplement, and not supplant, existing federal, State, local, or private funds allocated to conduct the same or similar work.

Exhibit B – Budget Details, Payment Provisions, and Closeout Report

E. Contractor's administrative costs are limited to 20% of its total grant's allocation and should be reported as "administration" in the budget—or as directed by CDA. A subcontractor's administrative costs are limited to 20% of its total contracted amount as awarded by the Contractor. Administrative costs are the financial costs characterized by the following types of activities:

1. Dollar value of salaries/wages and benefits associated with staff time dedicated towards the administration of ADRC (i.e., human resources, accounting services, etc.).

G. Budget Transfers Between Cost Classifications

The Contractor may transfer this Agreement's funds between cost classifications (i.e., "Administration," "Program," and "Contracted Services") under the following terms and conditions:

1. The Contractor shall submit a revised budget to CDA for approval of budget transfers between cost classifications of funds that exceed \$19,999. Transfers between cost classifications can only occur during the same fiscal year.
2. The Contractor shall maintain a written record of all budget transfers and clearly document budget transfers between cost classifications. The record shall include the date of the transference, the amount, and the purpose. This record shall be available to CDA upon request and maintained in the same manner as all other financial records.

ARTICLE V. PAYMENTS

The State shall reimburse the Contractor with funding that has been appropriated, designated, encumbered, or otherwise made available for payment by the State under this Agreement. The following applies to all funding within this Agreement:

A. Payments will be made to reimburse reported expenditures unless Contractor pre-selects "Advance" as a payment method on CDA 239 at the time of the budget's submission. The availability of advances is subject to change on an annual basis

Exhibit B – Budget Details, Payment Provisions, and Closeout Report

and should not be a relied upon method of payment for future planning. Requests for reimbursement and advances shall be processed monthly by CDA.

- B. The Contractor shall submit a monthly expenditure report [reporting costs and funding for the prior month] in an electronic format by utilizing the CDA's Local Finance Reporting System (LoFRS) no later than the last business day of each month—unless otherwise specified by CDA.
- C. The Contractor must be current on all reporting requirements, and Core Partners must maintain a "Designated" or "Emerging" status as authorized by the State.
- D. Expenditure reports shall be reviewed and processed based on actual expenditures for allowable activities. CDA shall notify the Contractor of any reported expenditure that may be denied.
- E. The Contractor shall timely submit expenditure reports to ensure payments are issued on time. Late expenditure reports may lead to a delay in or a disallowance of payment.
- F. The Contractor shall be charged \$75 for expedited payments to recover the fees charged by the State Controller's Office. CDA may waive the fees on a case-by-case basis as appropriate.
 - 1. Expedited Fees
 - a. If the Agreement is executed late to no fault of CDA, the Contractor may be liable for the incurred processing fees.
 - b. If the Agreement is executed late due to CDA's handling, CDA shall cover the incurred processing fees.
- G. The Contractor shall ensure, to the extent feasible, that all budgeted funds are expended by the expiration of this Agreement.
- H. The Contractor shall, upon request by CDA, provide additional documentation or justification to support each financial report and reported expenditure.
- I. After reconciliation of requests for reimbursements, all unexpended funds for that funding period shall be disencumbered. Unspent advanced funds shall be collected after CDA approves the Closeout Report. All other terms of this Agreement, including policies and regulations, remain in effect.

ARTICLE VI. CLOSEOUT REPORT

- A. The Contractor shall submit an expenditure report in LoFRS for each month of each fiscal year. The ADRC Infrastructure Grants Program's Closeout Report shall be

Exhibit B – Budget Details, Payment Provisions, and Closeout Report

submitted annually to the CDA's Local Finance Section. All ADRCs are required to submit Closeout Reports as instructed by CDA.

- B. Final expenditures must be reported to CDA in alignment with the "Budget Display" in Exhibit B. If the total amount of allowable expenditures reported within the Closeout Report by the Contractor exceeds the disbursed amount, CDA will reimburse the difference to the Contractor (up to the Agreement's amount). If the allowable expenditures reported within the Closeout Report by the Contractor are less than the advanced amount, CDA will invoice the Contractor for the unspent funds.

The payment on an invoice is due immediately upon receipt or no later than 30 days from the date on the invoice.

ARTICLE VII. DEFAULT PROVISIONS

The State, notwithstanding other provisions of this Agreement, may upon written notice to the Contractor, withhold further payments upon occurrence of any one of the following events:

- A. Termination or suspension of this Agreement.
- B. Contractor and/or CDA's action that results in the loss of Contractor's ADRC-status.
- C. Non-compliance with the State's contractual terms, conditions, and reporting requirements.
- D. A finding by the State that the Contractor:
 - 1. Failed to comply with any material provisions of this Agreement or
 - 2. Failed to make progress, or is in such unsatisfactory financial condition, as to endanger performance of this Agreement or
