Annual Reporting of Findings
Pursuant to Williams Lawsuit Settlement
[Annual Report for Fiscal Year 2021-22](#)

Findings of Visits and Reviews:

Instructional Materials:

Visitation of twenty-three schools during August and September 2021, validated the presence of sufficient, current, standards based instructional materials in all twenty-three schools visited. Sonoma County districts are to be commended for their efforts to ensure that students have sufficient materials for use in class and at home.

Facilities Maintenance:

There were no findings at the twenty-three sites that qualified as one of the "eight emergency repair situations that poses an emergency or urgent threat to the health or safety of students or staff" as identified under Williams legislation.

Note: To date, emergency funding is still not available but districts have been encouraged to add their names to the list of districts looking for this funding so that when it does become available they are already in the pool.

School Accountability Report Card/Teacher Qualifications

The SARC for all twenty-three schools will be received and reviewed in March 2022. The teacher misassignments for 2020-21 school year, can be found on the data dashboards once it has been released. Review of credentials will occur in May 2022.

Valenzuela:

Documentation reviews were not conducted during this audit. The SRCS district has opted to exercise flexibility.

Quality of Education Act (QEIA)

There were no school sites monitored during the 2021 Williams Visitation.
