

**Sonoma
Water**

MEMORANDUM

CF/60-64-21 Corrpro Companies, Inc.
(Agree for As-Needed Corrosion Protection
Engineering Services) 18/19-132 (ID 7259)

DATE: August 8, 2019

TO: Grant Davis, General Manager

FROM: Hannah Salafia, Project Manager *HS*

SUBJECT: Selection of Corrpro Companies, Inc. for Corrosion Protection Engineering Services

Sonoma Water utilizes a tank and aqueduct system that includes approximately 80 miles of aqueduct and 18 water storage tanks. Sonoma Water is in the process of replacing the existing galvanic corrosion protection systems on the aqueduct and tanks with an impressed current cathodic protection system and requires corrosion protection engineering services to assist with design, development, and implementation of these systems.

Consultant will provide as-needed corrosion protection design engineering services, training for Sonoma Water staff on use and maintenance of cathodic protection systems, and related testing services for Sonoma Water infrastructure.

On June 5, 2019, Sonoma County Water Agency ("Sonoma Water") issued a Request for Statements of Qualifications (RFQ) to 19 firms:

1. AGS, San Francisco, CA
2. BKF Engineers, Santa Rosa, CA
3. Brunsing and Associates, Santa Rosa, CA
4. Corrosion Integrity Solutions Group, Roseville, CA
5. Corrosion Plus, San Francisco, CA
6. Corrpro Companies, Inc., Hayward, CA
7. Farwest, Hayward, CA
8. Genterra Consultants, Sacramento, CA
9. GHD, Santa Rosa, CA
10. JDH, Concord, CA
11. Kennedy/Jenks Consultants, Santa Rosa, CA
12. Kleinfelder, Santa Rosa, CA
13. MKM & Associated Structural Engineers, Rohnert Park, CA

14. MME Civil and Structural Engineering, Santa Cruz, CA
15. National Corrosion, Los Alamitos, CA
16. Project X Corrosion Engineering, Murrieta, CA
17. Summit Engineering, Santa Rosa, CA
18. V&A Consulting Engineers, Oakland, CA
19. ZFA Structural Engineers, Santa Rosa, CA

The RFQ was also posted on the Sonoma County Water Agency and County of Sonoma Purchasing Department websites.

The five firms listed below submitted Statements of Qualifications (SOQs).

1. Borrelli and Associates, Inc., Fresno, CA
2. Corrpro Companies, Inc.
3. JDH Corrosion Consultants, Inc.
4. Legion LLC, Concord, CA
5. V&A Consulting Engineers, Inc.

The following criteria were used to evaluate each firm:

- Minimum qualification of having a California Licensed Corrosion Engineer
- Thoroughness of SOQ
- Professional qualifications and demonstrated ability to perform the work
- Exceptions to standard terms in the sample agreement
- Local Service Provider Preference

Corrpro Companies, Inc. was selected to perform the work because Corrpro Companies, Inc. has a strong team of National Association of Corrosion Engineers Certified Professional Engineers, and an extensive background in providing corrosion engineering design and construction support services to water, power, and gas utilities. Additionally, Corrpro has the ability to provide corrosion protection system monitoring and maintenance training to Sonoma Water staff.

SOQs and evaluation forms have been sent to Central Records.

The hiring of Corrpro Companies, Inc. for this agreement causes no conflict of interest and is not based on any financial incentive provided to Sonoma County Water Agency or its employees and representatives.
