SONOMA COUNTY WATER AGENCY

MEMORANDUM

---

CF/15-3.1-21 Prunuske Chatham, Inc. (Agree for  
Engineering and Design Services for Sonoma and Kohler  
Creeks Bank Repair Project) 18/19-024 (ID 7084)

DATE: December 28, 2018

TO: Grant Davis, General Manager

FROM: Greg Guensch, Project Manager 

RE: **Selection of Prunuske Chatham, Inc. for Engineering and Design Services for  
Sonoma and Kohler Creeks Bank Repair**

Prunuske Chatham, Inc., was selected from a list of qualified environmental resources consultants developed from a competitive selection process for TW No. 16/17-063 in February 2017. Attached is a memo entitled, "List of Qualified Consultants for Environmental Resources Consulting Services – Not to be used for Federally Funded Projects," dated July 25, 2017, which explains the previous competitive selection process.

The team at Prunuske Chatham, Inc. was selected for the subject work because of their experience with riparian and wetland restoration design, fluvial geomorphology, creek bank stabilization, and construction in sensitive creek environments.

The hiring of Prunuske Chatham, Inc. for this agreement causes no conflict of interest and is not based on any financial incentive provided to Sonoma Valley County Sanitation District or its employees and representatives.

SONOMA COUNTY WATER AGENCY  
M E M O R A N D U M

---

CF/45-0-21 RFQ (Agree for Environmental Resources  
Consulting Services) 16/17-063 (ID 5905)

**DATE:** July 25, 2017

**TO:** Grant Davis, General Manager

**FROM:** Anne Crealock, Project Manager 

**RE:** **List of Qualified Consultants for Environmental Resources Consulting Services**  
**– Not to be used for Federally Funded Projects**

The Sonoma County Water Agency's (Water Agency) Environmental Resources team provides environmental services for design, construction, operations, and maintenance of water supply, flood protection, habitat improvement, and sanitation systems, as well as sustainability projects owned and operated by the Water Agency. Environmental resources consulting services needed to accomplish this work include but are not limited to:

- California Environmental Quality Act and National Environmental Policy Act compliance, including regulatory compliance guidance
- Obtaining permits from regulatory agencies, including, but not limited to: Sections 401 and 404 of the Clean Water Act, federal and California Endangered Species Acts, Porter-Cologne Act, California Department of Fish and Wildlife Lake and Streambed Alteration Agreements, and California Coastal Act
- Biological surveys or studies, including wildlife, fisheries, botanical, and wetland
- Design, implementation, and monitoring of riparian and wetland restoration
- Development of mitigation including, but not limited to, mitigation banking, and credits.
- Fluvial geomorphology and hydrology analyses related to riparian and fisheries restoration and enhancement.
- Soil surveys and sediment sampling
- Climate change sea level rise analysis, and adaptation planning
- Air quality and greenhouse gas emissions analysis
- Cultural resources surveys, consultation assistance, and impact analysis
- Noise studies and analysis
- Recreation studies and analysis
- Traffic studies and analysis
- Socioeconomic studies and analysis
- Water quality monitoring and analysis
- Public meeting facilitation

On February 7, 2017, the Water Agency issued a Request for Statements of Qualifications (RFQ) to the 42 firms listed on the attached page.

The RFQ was also posted on the Sonoma County Water Agency and County of Sonoma Purchasing Department websites.

48 firms submitted Statements of Qualifications (SOQs).

The following criteria were used to evaluate each firm:

1. Thoroughness of SOQ
2. Professional qualifications and demonstrated ability to perform the work
3. Exceptions to standard terms in the sample agreement
4. Local Service Provider Preference of 5%

Based on the evaluations, the following 47 respondents were selected for the list of qualified consultants:

1. Alluvion Biological Consulting	16. ESSA	34. Questa Engineering Corp.
2. Alta Archaeological	17. Far Western Anthro	35. RECON Environmental, Inc.
3. Analytical Environmental Services (AES)	18. First Carbon Solutions	36. RMC Water and Environment (RMC)
4. Anchor QEA	19. FlowWest	37. Sequoia Ecological Consulting, Inc.
5. Area West Environmental, Inc.	20. The Freshwater Trust	38. Sonoma Ecology Center
6. Argon, Inc.	21. geomorphDESIGN	39. Stillwater Sciences
7. Ascent Environmental, Inc.	22. GMA Hydrology, Inc.	40. SWCA Environmental Consultants
8. Avila & Associates Consulting Engineers	23. Gold Ridge RCD	41. Sophia Mitchell & Associates
9. Brelje & Race	24. HELIX Environmental Planning, Inc.	42. Tamura Environmental, Inc.
10. Cardno Entrix	25. Horizon Water and Environment	43. Thomas Gast & Associates
11. Cbec, inc. eco engineering	26. ICF International	44. Tom Origer & Associates
12. David J. Powers & Associates, Inc.	27. Integrative Economics, LLC	45. Veneklasen Associates
13. Ducks Unlimited	28. Inter-Fluve	46. Walls Land + Water, LLC
14. Dudek	29. LSA Associates, Inc.	47. WRA Environmental Consultants
15. Environmental Science Associates (ESA)	30. Olofson Environmental, Inc.	
	31. Pacific Watershed Associates, Inc.	
	32. Panorama Environmental, Inc.	
	33. Prunuske Chatham, Inc.	

For projects requiring environmental resources consulting and related services, the Water Agency will contact individual firms from the above list to determine availability and potential conflict of interest with other projects that the firm is undertaking, and to prepare a cost proposal to perform the work.

SOQs and evaluation forms have been sent to Central Records.
