

Climate Action & Resiliency Ad-Hoc Committee Quarterly Update

April to June 2022

Purpose and Scope

The purpose of the Climate Action & Resiliency Ad Hoc is to develop a recommendation to the Board of Supervisors on a potential future Standing Committee to oversee and coordinate staff implementation of the Climate Action and Resiliency Pillar of the Board's Strategic Plan. The Ad Hoc will also make recommendations regarding the proposed range of topics that would potentially be address by the standing committee during 2023, and public engagement around climate action and resiliency. Recommendations will be presented to in December of 2022.

Status

The Climate Action and Resiliency Ad Hoc was established in the second quarter of 2022 with the former Board Liaisons for the Climate Action and Resiliency Pillar of the Strategic Plan, to make recommendations to the Board regarding a future structure for oversight and engagement related to implementation of the Pillar. The Ad Hoc members met with staff in the first quarter of 2022 (see prior report to the Board) but did not meet in the second quarter. The Climate Action and Resiliency Ad Hoc will meet on August 10, 2022, and at that meeting may further refine its objectives for the year as it adopts its Charter.
