

Permit Sonoma Management Review Ad Hoc Committee Quarterly Update

April - June 2022

Purpose and Scope

As part of the County Administrator's Office's periodic review of departmental programs and services, the County engaged a consultant in June 2022 to conduct a management review of Permit Sonoma. The Permit Sonoma Management Review Ad Hoc Committee will serve as a sounding board for staff throughout the project to ensure that project deliverables align with Board expectations. This project lies under the broader County goal of "strengthening governance, communication and effectiveness."
