SONOMA COUNTY ECONOMIC DEVELOPMENT BOARD

FOUNDATION

January 27, 2021

Dear Colleagues,

We are pleased to present this annual summary of activities of the Sonoma County Economic Development Board Foundation (Foundation) for the year ending June 30, 2020. The Foundation's leadership continues to support the Economic Development Board (EDB) to ensure that the Foundation's efforts align with the mission and priorities of the EDB.

As we present the achievements of the projects held in fiscal year 2019-2020, the Board of Directors would like to thank our numerous sponsors and the County of Sonoma for their continued support and efforts to improve the economic wellbeing of Sonoma County.

Kathryn Hecht
Chair of the Board of Directors

Sheba Person-Whitley
Executive Director

Executive Summary

The Sonoma County Economic Development Board Foundation (Foundation) continues to make strong connections between community needs, county projects, and support from the business and philanthropic communities. The Foundation received and effectively managed \$1,503,278 in event revenue, donations and grants, supporting workshops, conferences and special events, quarterly and annual economic activity reports and forecasts, and customized reports. Through events and sponsorship opportunities, the Foundation provides an excellent way for local businesses to showcase their services and network with other community leaders.

Highlights of 2019-2020 Foundation Projects

The **Creative Sonoma** program held professional trainings, workshops and grant making programs. These activities were fully or partially covered through grants received by the Foundation, which funded program expenses as well as staff costs. Professional development topics focused generally on the business aspects of art and included workshops on financial management for artists, selling creative work and products, managing nonprofit organizations, and more. Over \$68,000 was disbursed in grants to creative individuals, organizations, and businesses.

Manufacturing Day seeks to inspire the next generation of Sonoma County manufacturers by supporting direct industry engagement with students, creating hands-on learning opportunities, and promoting education and training pathways that lead to careers in manufacturing. The 2019 event was held on October 4th and featured tours at local manufacturing sites as well as a panel discussion featuring business leaders from Keysight Technologies, CamelBak, and Labcon.

Along with the year-end financial statements, the following pages summarize some of the Foundation's activities, detailed by program. While many of the projects will seek funding through the Foundation again in fiscal year 2020-2021, each year the Foundation Board evaluates the programs to ensure financial stability for the Foundation and the Economic Development Board.

Introduction

About the Foundation

The Foundation is a supporting organization that provides an alternative funding stream to EDB programs, relieving the burden on the limited funds of local government and strengthening community projects by managing funds from donors and foundations.

Mission

The Sonoma County Economic Development Board Foundation is a 501(c)(3) that through the creation, development and dissemination of economic research, analysis or programs enhances the value of local, domestic, and international demand for Sonoma County-produced goods and services.

History of the Foundation

On January 23, 2001, the Sonoma County Board of Supervisors approved the establishment of the Foundation to serve as a supporting organization to the EDB to expand funding sources available for EDB projects. In March 2001, the Foundation was incorporated as a California nonprofit public benefit corporation. During 2001, the Foundation Board of Directors elected officers and began formalizing procedures while awaiting review of its application for tax-exempt status. In February 2002, the Internal Revenue Service notified the Foundation of its approval of tax-exempt status under Section 501(c)(3) of the Internal Revenue Code.

In August 2002, the Foundation signed an Operational Memorandum of Understanding with the Sonoma County Board of Supervisors to formally define the relationship between the Foundation and the EDB, an agency of the County of Sonoma. Under that agreement, the Board of Supervisors oversees the Foundation's funding of EDB projects. In late August 2002, the Foundation began accepting funds and reviewing EDB projects in need of support.

In fiscal year 2002-2003, the Foundation's first year of operation, a great deal of care was taken to establish procedures that would guarantee steady and increasing support for EDB projects into the future. The Foundation continues to operate under the Operating Memorandum of Understanding and continues its efforts to create alternative revenue streams for EDB projects.

In September 2008, the Board of Supervisors approved the third Memorandum of Understanding, which contains a clause for automatic annual renewal.
