# Project Labor Agreement Policy Update Review Ad-Hoc Committee Quarterly Update

July - September 2022

## Purpose and Scope

The purpose of the Project Labor Agreement (PLA) Ad Hoc Committee is to explore updates to the County's PLA policy, which was originally approved in 2014. Based on stakeholder input, the Ad Hoc will identify policy areas within the existing PLA for potential updates to meet the following goals: increasing local job creation, supporting training and internship opportunities in the building trades, avoiding costly labor disruptions or work stoppages, ensuring adequate health, welfare and retirement benefits for workers, ensuring that the use of a PLA does not increase County project costs, and supporting the County's commitment to achieving racial equity. In addition to PLA policy recommendations, the Ad Hoc will work with staff to provide feedback on potential County's Living Wage Ordinance. In December 2021, the Board requested staff to research and analyze specific topics related to the Living Wage Ordinance.
