

COUNTY OF SONOMA

575 ADMINISTRATION
DRIVE, ROOM 102A
SANTA ROSA, CA 95403

SUMMARY REPORT

Agenda Date: 3/21/2023

To: Board of Supervisors

Department or Agency Name(s): Sonoma County Public Infrastructure

Staff Name and Phone Number: Johannes J. Hoevertsz, 707-565-2231

Vote Requirement: Majority

Supervisorial District(s): First

Title:

State Route 121/116 Roundabout Maintenance Agreement with State of California Department of Transportation

Recommended Action:

Delegate authority to the Director of Public Infrastructure to execute the proposed Maintenance Agreement with the State of California Department of Transportation (Caltrans) for the proposed State Route 121/116 Roundabout improvement project south of Sonoma in the Schellville area.

Executive Summary:

The Department of Public Infrastructure (SPI) is requesting the Board approve and authorize the proposed Maintenance Agreement with the State of California Department of Transportation (State) for the State Route 121/116 Roundabout project. Under the agreement, the County will be permanently responsible for all long-term maintenance responsibilities for certain portions of the Roundabout infrastructure and improvements, including pedestrian beacons and sidewalk areas.

Discussion:

State and local transportation officials have determined the intersection of State Route 121, State Route 116, and Bonneau Road (County Road 55008) is in need of intersection improvements and determined a roundabout to be the most efficient improvement.

Currently this intersection has 4-way stop control in place and experiences lengthy queues.

In 2012 SPI, in coordination with Sonoma County Transportation Authority (SCTA) and State determined that SCTA would act as the lead agency for completing this project.

Past major project milestones include:

2013 Project Study Report complete

2018 NEPA/CEQA completion

2020 \$19 million State Highway Operations and Protection Program (SHOPP) funding secured

2023 Right-of-Way acquisition complete

2023 Plans complete and ready to advertise for competitive bidding

Construction is scheduled to begin late summer 2023.

The County, in coordination with SCTA, is supporting the project using \$9,000,000 in previously approved Measure M funds in the Local Street Project program.

In exchange for funding the construction of the intersection improvements, the State is requiring that County enter into a Maintenance Agreement for the project. Under that Agreement, County would be permanently responsible for maintenance and repair of improvements in Caltrans' right of way areas, which include sidewalks, two advance warning signs, and landscaping in the center of the roundabout and Park and Ride Lot. This is estimated to cost \$5,000 per year under normal conditions and will be funded using traditional Road Maintenance funding sources.

Completion of this critical improvement on the regional transportation network will improve transportation flow on these vital corridors. Failure to approve the maintenance agreement may result in cancellation of this vital construction project.

Strategic Plan:

This item directly supports the County's Five-year Strategic Plan and is aligned with the following pillar, goal, and objective.

Pillar: Resilient Infrastructure

Goal: Goal 3: Continue to invest in critical road, bridge, bicycle, and pedestrian infrastructure.

Objective: Objective 1: Continue to maintain road segments, including designated turnouts where feasible, increase efforts on vegetation removal and drainage features, and improve pavement conditions in neighborhoods.

Prior Board Actions:

April 9, 2012; SCTA Resolution Local Streets Program funding

FISCAL SUMMARY

Expenditures	FY 22-23 Adopted	FY23-24 Projected	FY 24-25 Projected
Budgeted Expenses		\$5,000	\$5,000
Additional Appropriation Requested			
Total Expenditures		\$5,000	\$5,000
Funding Sources			
General Fund/WA GF			
State/Federal			

Agenda Date: 3/21/2023

Fees/Other		\$5,000	\$5,000
Use of Fund Balance			
Contingencies			
Total Sources		\$5,000	\$5,000

Narrative Explanation of Fiscal Impacts:

Expenses associated with maintaining the roundabout are estimated at \$5,000 annually and will included in the Road Maintenance (11051-34010102) Recommended Budget each year. Road Maintenance utilizes multiple sources of funding for ongoing maintenance including: the State Highway Users Tax (HUTA), Senate Bill 1 Road Maintenance and Rehabilitation Program (SB1), contributions from Sonoma County's General Fund, and allocations from Measure M.

Narrative Explanation of Staffing Impacts (If Required):

None.
