**PROGRAM SERVICES DESCRIPTION**

**I. Name of Program –Inter-Member Transfer(s)**

**II. Program Overview**

Under the Welfare and Institution Code § 14717.1, responsibility for providing or arranging for specialty mental health services shall promptly transfer from the county of original jurisdiction to the county in which a foster child resides, subject to any exceptions established pursuant to that section. This is known as “presumptive transfer.” Counties have agreed that the county of original jurisdiction (sending county) remains responsible for reimbursing the receiving county for specialty mental health services provided or arranged by the receiving county. Under this program, CalMHSA acts as a fiscal agent for participating counties to make and receive transfer payments of county match dollars.

**III Program Process**

- A. A funding structure shall be developed based on funding by each participant, as well as timing. It is deemed that an annual funding mechanism would be ideal, especially if through the State Controllers Officer. However, it may be such that quarterly transfers from the counties’, would be the initial process.
- B. All members shall have funding on deposit, no matter what the net expected funding level is anticipated. As such a minimum annual amount to be funded by any member shall be defined.
- C. Triggers shall be defined for the initiation of the funding process. With this trigger, processes shall be in place to discern the amount of payment and by such date.
- D. The mechanics of transferring funds shall be the same for each receiving and paying member.

**EXHIBIT B**

The contributions of current and past Participants are chargeable for their respective share of unavoidable expenses and liabilities arising during the period of their participation
- B. Upon cancellation, termination or other conclusion of the Program, any funds remaining undisbursed after CalMHSA satisfies all obligations arising from the operation of the Program shall be distributed back to the participating counties proportionally based on the amount by which deposits made to the account of the Participant exceed the payments disbursed from the account of the Participant.

**V. Fiscal Provisions**

- A. Participants will share in the costs of planning, administration and evaluation in the same proportions as their overall contributions, which are included in the amount stated on first page of this Agreement.
- B. Fees for the cost of performing these services will be based on the time extended to perform the core services that are applicable to all Participants, no matter how frequent or the amount of transfers. These services include, reporting, reconciling, investing, banking, communication, and overall program management. The cost for the transactional services—processing and recording of payments—will be based on frequency. The same transactional cost is applicable to both the paying and receiving participants.
- C. The total fees will be based on the above and the number of participants. An allocation formula will be developed to incorporate the two types of costs—core and transactional.
- D. Participants are required to provide a timely, continuous contribution based on actual usage, in order to comply with the all contractual obligations. Due to the nature of the program and the specialty of services being provided to youth, contributions are due fifteen (15) days from date of notice to replenish.

Each party may participate in the defense of any such claim without relieving the other of any obligation hereunder.

This Participation Agreement does not anticipate CalMHSA performing any validation or verification of the accuracy of the data supplied. Those services may be appended if deemed necessary.
