Addendum 4

to the Statement of Work between IBM and County of Sonoma for the ACCESS Sonoma Rapid Prototype

This Addendum 4 (this "Addendum") is dated <u>June 1, 2020</u> and executed as an amendment to the Statement of Work ("SOW") dated <u>March 23, 2018</u> between International Business Machines Corporation ("Contractor") and County of Sonoma ("CoS" or "County" or "Client"). In the event of a conflict between the terms of the SOW and the terms of this Addendum, the terms of this Addendum shall govern.

1. Project Background

The County together with Contractor has completed Phase 1, 2, 3 and 4 of a multiphase initiative to support ACCESS Sonoma County ("ACCESS" or "ACCESS Sonoma") to address the needs of the most vulnerable residents who are often high or multi-need utilizers of County Safety Net services. The Sonoma County Safety Net Departments have received approval to execute Addendum 4 to the Statement of Work with IBM for Phase 5 implementation of the ACCESS Sonoma. Phase 5 of the initiative provides for continued development of features and services outlined herein. Phase 5 implementation is anticipated to be completed in 2020.

2. Project Scope

This Phase 5 project will be performed by Contractor on a time and materials (T&M) basis.

The County and Contractor will implement and deliver technology to enable the use of the ACCESS SONOMA system in accordance with the capabilities listed in Table 1 below (the "Phase 5 Capabilities"). Contractor shall perform activities, within the schedule and hours allotted, such as assist in:

- 1. Defining functional and technical requirements,
- Performing additional configuration and development of Watson Care Manager ("WCM"), IBM Health and Human Services Connect360 ("Connect360"), and IBM InfoSphere Master Data Management ("MDM") software as may be needed,
- 3. Renewing licensing of WCM, Connect360 and MDM for twelve months starting, July 1, 2020,
- 4. Licensing IBM Cognos and DB2 products via the existing IBM Passport Advantage Agreement ("IPAA") specified to support new reporting capabilities,
- 5. Installing and configuring Cognos and DB2 to support new reporting capabilities, and
- 6. Performing other use cases specified in Section 2.1 ACCESS Sonoma Phase 5 Capabilities, and subject to the constraints of time and material pricing identified in Section 6 Pricing.

2.1. ACCESS Sonoma Phase 5 Capabilities

The following table specifies the County identified capabilities that define the overall functionality of the Phase 5 implementation. Additional detail about each Capability will be developed as part of the Phase 5 project and documented in WP 5, Requirements Validation prior to the start of each sprint.

The system functionality identified in Table 1, Phase 5 Capabilities that the Contractor will commence to produce are listed below and will be further defined during Phase 5.

2.2. Existing ACCESS Sonoma Project Artifacts and Practices

The ACCESS Sonoma project has established a library of milestone deliverables, work products, and other project artifacts (Artifacts) that have been created during previous software development lifecycle (SDLC) phases of the ACCESS Sonoma system. These have been created using established version control procedures. Likewise, the ACCESS Sonoma project continues to develop practices and procedures in the creation and rollout of the ACCESS Sonoma system. It is the intent of this Addendum to produce incremental additions to the existing Artifacts using existing ACCESS Sonoma practices and procedures as applicable.

2.3. Technical Solution

Previous phases of the ACCESS Sonoma project have established the technical solution that will be used and enhanced in Phase 5. Unless otherwise stated herein, Technical Solution is the same for this Addendum as set forth in the Statement of Work between County and Contractor, dated March 23, 2018, Section 4 Technical Solution:

3. Contractor Responsibilities

Unless otherwise stated herein, Contractor Responsibilities are the same for this Addendum as set forth in the Statement of Work between County and Contractor, dated March 23, 2018, Section 5 Contractor Responsibilities including the following subsections:

- 6.1 Project Management Responsibilities
- 6.2 Project Deliverables

The following Milestone Deliverables (MDs) and Work Products (WPs) will be delivered subject to the agreed upon Project Workplan. MDs and WPs will be developed incrementally in collaboration with the County using iterative Agile techniques.

The project end date is approximately November 30, 2020, or another mutually agreed upon date per the approved Project Workplan. The County and Contractor will identify one or more Go Live dates for Phase 5 as part of the approved Project Workplan. The estimated Phase 5 start date is June 1, 2020.

6. Pricing

Labor services will be performed and invoiced on a time and materials basis, inclusive of all costs unless otherwise agreed in writing, at the end of each month for hours worked that month and documented in the monthly status report. The monthly status report will also contain a cumulative total of hours consumed against the total hours estimated in the table below. Contractor is only authorized to work up to the estimated total price regardless of Scope, Completion Criteria, Exit Criteria, or MD or WP guidelines; the change control process will be utilized should additional funding be required. 1 GBS Software and Subscription Support

IBM will provide subscription and support which entitles Client to receive updates of IBM HHSC360 made generally available to customers of IBMHHSC360 (GBS S&S) for each GBS S&S period (a "Term") specified in this quote.

IBM will provide Client with IBM HHSC360 fixes, restrictions, and bypasses, if any, that it develops. IBM will provide to Client, and authorize Client to use, the most current commercially available version, release, or update of IBM HHSC360, should any be made available.

The GBS S&S process is as follows:

- Client may contact the IBM support line to report suspected problems, to ask short duration installation or usage (how to) questions, or to request information about IBM HHSC360. Answers to questions from Client will be provided on a commercially reasonable efforts basis.
- Calls to the IBM support line will be accepted from up to two (2) designated Client personnel whom Client will identify upon signature of this SOW. Changes to these names can be made by mutual agreement between Client and IBM. The IBM telephone number will be provided to Client upon signature of this SOW.
- 3. IBM will acknowledge Client support calls with a response time objective of 24 hours or less, between the hours of 8:00 a.m. to 5:00 p.m., Monday through Friday in Client's time zone, except on IBM and national holidays.
- 4. IBM will attempt to provide fixes to problems in IBM HHSC360 identified by Client as soon as practical. At IBM's discretion, fixes may be packaged and delivered as a system on a scheduled basis. IBM's response to reported problems, if IBM is able to reproduce the reported problem, may include 1) giving correction information, 2) providing a workaround, or 3) electronically delivering, via a file transfer protocol (ftp), corrected code.
- 5. If the reported problem cannot be reproduced, or there is no known workaround or corrected code available for the problem, IBM may close the problem. In such an event, IBM will notify Client that the problem has been closed. Problems still open at the end of the support period will be fixed, a work around provided, or will be closed, at IBM's sole discretion.
- 6. Support for a particular version or release of IBM HHSC360 is available only until IBM withdraws GBS S&S for that version or release. When such GBS S&S is withdrawn, Client must upgrade to a supported version or release in order to continue to receive such support. If IBM withdraws GBS S&S, Client understands that IBM will not make GBS S&S available for IBM HHSC360.

Any update of IBM HHSC360 released during a Term will be governed by the licensing terms as set forth in the GBS Software License Grant section.

GBS S&S does not include assistance for 1) the design and development of applications, or 2) failures caused by products for which IBM is not responsible under this SOW.

2 GBS S&S – Supplemental Terms and Conditions

- 1. Initial GBS S&S is provided for the Term specified in this quote.
- 2. Thereafter, GBS S&S will be renewed for successive one-year terms or as otherwise specified, provided IBM offers said GBS S&S.
- 3. The charge for the first renewal year of GBS S&S will be provided in a quote from IBM. IBM will invoice Client for first renewal charge 30 days prior to the Term Start Date.
- 4. IBM may increase the charge for GBS S&S upon written notice provided to Client prior to the start of the next Term.
- 5. IBM will notify Client of the upcoming renewal approximately 60 days prior to expiration of the then-current Term.
- 6. Should Client wish to renew GBS S&S, IBM will invoice Client for GBS S&S renewals 30 days prior to the start of each subsequent Term.
- 7. The amount invoiced for any renewal of GBS S&S is not refundable.

8. If Client elects not to renew GBS S&S and, at a later date, wishes again to obtain coverage, providing GBS S&S is available, a reinstatement charge will be added to the then current GBS S&S charge.

3 GBS Software

GBS Software consists of preexisting IBM or third-party literary works or other works of authorship such as programs, program listings, programming tools, documentation, reports, drawings and similar works that IBM may license to Client or that IBM may use when providing a service. GBS Software is deemed Existing Licensed Works as such term is defined in the Contract.

1. GBS Software License Grant

Subject to the section entitled "GBS Software Special Terms," IBM grants Client a nonexclusive, paid-up license to use, execute, copy, modify (including the right to prepare derivative works of), display, and distribute, all within the Client Enterprise only, the IBM Health and Human Services Connect360 GBS Software.

2. GBS Software Special Terms

- a. IBM warrants that the GBS Software was developed using commercially reasonable care and skill, and further, if modified by IBM, will be conveyed as services deliverables with that same degree of care.
- b. IBM and its third-party suppliers have all right, title, and interest (including ownership of copyright) in GBS Software and GBS Software is licensed, not sold.
- c. Notwithstanding anything in the Contract, GBS Software is provided "AS IS" AND, UNLESS PROHIBITED UNDER APPLICABLE LAWS OR EXPLICITLY STATED IN THIS SECTION, IBM AND ITS THIRD PARTY SUPPLIERS MAKE NO REPRESENTATIONS OR WARRANTIES, EITHER EXPRESS OR IMPLIED, WITH RESPECT TO GBS SOFTWARE, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND DO NOT INDEMNIFY AGAINST OR PROVIDE ANY REMEDY REGARDING THIRD PARTY INTELLECTUAL PROPERTY CLAIMS. Under no circumstances will IBM or its third-party suppliers be liable for any damages arising out of Client's use of the GBS Software.
- d. The GBS Software license granted is for internal use only and includes the right to make and install copies of the GBS Software to support such use, and the right to make one copy of the GBS Software for backup and recovery purposes.
- e. The terms of this GBS Software license apply to each copy Client makes of the GBS Software. Client agrees to reproduce all copyright notices and all other legends of ownership on each copy.
- f. All modifications and the modified GBS Software made by IBM under this or any SOW and all rights therein (including copyrights), will belong exclusively to IBM, but will be subject to this GBS Software license.
- g. All modifications made solely by Client as part of development efforts separate and unrelated to this SOW, will belong exclusively to Client for Client's internal use only; provided, however, the right to make such modifications does not grant Client any rights of ownership in the unmodified GBS Software which will remain subject to the license granted herein.
- h. Client agrees not to: i) sublicense, assign, or transfer the license for the GBS Software, ii) sell, lease, license or otherwise distribute the GBS Software to any third party, iii) reverse assemble, reverse compile, or otherwise obtain or attempt to obtain the source code of the GBS Software not provided in modifiable form except as specifically permitted by law without the possibility of contractual waiver, or iv) sublicense, assign, or transfer the license for the GBS Software to a successor, acquired, or acquiring organization by merger or acquisition. Any attempt to do items (i), (ii) or (iv) is void.

- i. IBM may terminate this license if Client does not comply with any of the terms of this SOW.
- j. Upon termination, Client agrees to destroy, and make no further use of, the GBS Software and certify such destruction to IBM.

Certification for Contracts, Grants, Loans, and Cooperative Agreements

Contractor certifies, to the best of his or her knowledge and belief, that:

- 1. No Federal appropriated funds have been paid or will be paid, by or on behalf of Contractor, to any person or organization for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- 2. If any funds other than Federal appropriated funds have been paid or will be paid to any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, Contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- 3. If any registrant under the Lobbying Disclosure Act of 1995 has made lobbying contacts on behalf of Contractor with respect to this Federal contract, grant, loan, or cooperative agreement, Contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- 4. Contractor shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loan, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure. An imposition of a civil penalty under this subsection does not prevent the United States from seeking any other remedy that the United States may have for the same conduct that is the basis for the imposition of such civil penalty.

The undersigned certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 USC 3801 et seq., apply to this certification and disclosure, if any.
