To finance the ConRAC, a portion of the capital will be derived from a Customer Facility Charge (CFC) collected by the rental car operators. The CFC fee is collected by the rental car operators then remitted to the Airport on a monthly basis. The fee is assessed per executed rental contract and is used for the design and construction of a new Rental Car Facility. The CFC is \$10 per rental car customer contract.

### Master Fee Schedule FY 21-22

Anticipated Actual Airport Employee Expenses will be estimates based on discussions between Airport Management and event organizers in advance of the event. The event organizer shall approve unanticipated additional expenses when possible. Any actual, unforeseen and unavoidable actual expenses above the initial estimate incurred by the Airport shall be due and payable by event organizer within 30 days of billing and may result in denial of future event permits if not paid in a timely manner. It is not anticipated that unforeseen costs above the original estimate will develop very often. Also, event organizers should not expect any level of effort by the Airport above that indicated in the estimate.

Both of these charges will be paid in advance of the event plus payment for any anticipated Airport expenses. After completion of the event, actual Airport expenses will be calculated. If the actual expenses are less than the anticipated expenses by \$100 or more, a refund will be issued to the Special Event organizer. Additional unexpected actual expenses will be billed and due/payable by the event organizer within 30 days of billing.
