

CANNABIS TRIP GENERATION FORM

PJR-127

This form provides a method to determine if a traffic study is necessary. The thresholds for traffic studies are identified within the Guidelines for Traffic Impact Studies located on our website here: <http://sonomacounty.ca.gov/TPW/Roads/Services/Data-and-Resources/Traffic-Study-Guidelines/>

Operator Name: Carolina Siemering Location: 2599 Laughlin, Windsor CA, 95492

Type of Cannabis Operation and Square Footage: Processing Facility 4,200 sq.ft.

Hours of Operation: 8am-5pm Monday through Sunday

Special Hours (harvest, rush processing due to climatic conditions, etc.): Processing facility 4,200 sq.ft.

- ADT means Average Daily Trips. For purposes of this form, provide traffic generation information in one-way trips. A round trip is counted as two trips and a vehicle driving to the property is counted as one trip. Some parts of this form require a multiplier of three to recognize a round trip and another inconsistent extra trip for lunch or other activities.
- Attach pages as necessary to more fully describe any of the items or circumstances found below.
- All employees should be counted regardless if they are full or part-time.
- Note the time of day these trips are occurring if possible.
