Title:
Quarterly Disaster Preparedness Workshop - Wildfire Hazard Overview

Recommended Action:
Enhance the ability of County Supervisors and staff to respond to a major emergency or disaster. Key objectives include:

- 1) Provide an overview of the County's wildfire hazard and potential impacts.
- 2) Review the County's wildfire mitigation, preparedness and response capabilities.
- 3) Discuss how the County government, local jurisdictions and allied stakeholders would respond and initiate recovery for a major wildfire event.

Executive Summary:
The disaster workshop is one in a series of learning and discussion opportunities designed to enhance the ability of County Supervisors and County staff to respond to a major emergency or disaster. During the workshop, staff will provide information and engage in discussion regarding the hazards posed by a wildfire in Sonoma County. Discussion points include wildfire science, significant wildfire hazard areas, potential impacts, wildfire-related mitigation and preparedness efforts, as well as response and recovery. Staff will provide program updates and improvements in preparedness and response capabilities related to the wildfire hazard - these subjects include fire detection cameras, staffing during red flag warning events, alert & warning systems, electrical system de-energization and evacuation planning.
