Discussion:

The Sonoma County Community Investment Fund grant program utilizes a portion of the Transient Occupancy Tax (TOT) to encourage economic development, community engagement, enhance culture through a variety of grant award and funding avenues. The program provides various grants to community non-profits for advertising and economic development, events and the county as a visitor destination with the goal of advancing economic growth through tourism. Additionally, the program provides grants to address impacts on safety due to tourism and to enhance community services throughout the county. The program provides funding to the Regional Parks Department as well as the Economic Development Department and a number of other county department activities, all with the focus of supporting the community's recovery efforts.

The Community Investment Fund Policy is divided into different categories. The Board established the Local Events, Organizations, District Priorities category to fund local events that will support businesses, enhance culture, and organizations that provide a benefit to the community. The Board may award funding to County Department to fulfill Supervisorial District priorities. Funding for these events and organizations is provided at the discretion of each Supervisorial District based on an overall allocation of \$500,000 divided equally across each district. Events and organizations make requests throughout the year to the Supervisorial District in which their event/organization exists.

Funds will be distributed upon approval of these awards by the Board of Supervisors and execution of the Community Investment Fund grant agreement (contract) by the entity. The contracts will be executed by the County Administrator, or designee. The contracts will require the County seal on promotional materials produced using the grant award.

Activities performed utilizing Community Investment Program grants provide public benefits that serve important community needs under Government Code Section 26227.
