**Title:**  
Consolidated Fee Hearing - Ordinance Adopting Fee Changes for the Assessor's Office (first reading)

### Recommended Action:

Adopt a resolution introducing, reading the title and waiving further reading of a proposed ordinance to adjust fees for products and services to reflect the reasonable cost of services provided by the Assessor's office as authorized by state law, effective July 1, 2020.

### Executive Summary:

The Assessor's office has conducted a time study to determine the actual costs of providing products and services to the public. Based on the study, the Clerk-Recorder-Assessor has determined that the cost to provide the products and services is more than the current fees. The department recommends the fee adjustments for the Assessor's office to ensure fees are in line with the reasonable costs of providing products and services.

### Discussion:

Government Code section 408.3 authorizes the Assessor's office to charge a fee reasonably related to the actual cost of developing and providing the information to be paid by the party receiving the information. The Assessor fee schedule was last reviewed and updated in October 2009. The revenue generated by service fees in the Assessor division is approximately \$31,000 per year.

The Assessor makes many types of information available to the public including Master Lists both secured and unsecured assessment roll data, Transfer Journal parcel list, parcel map, index maps for both city and county, mailing lists for secured and unsecured assessment roll data, individual parcel report, photocopy, assessor

certification, assessor inquiry screen, research and fax/email fee

The Department has conducted a fee study to determine the reasonable costs of providing information and services to the public. Results from the studies show that the average cost of providing services exceeds the current fees. Since the below noted fees have not been increased since 2009 the proposed increases in some instances are significant to best align with increasing salaries and benefits and supplies costs.

Based on these fee study results, the Department recommends adjusting the fees as follows:

- Master List Secured Assessment Roll from \$80 to \$98
- Master List Unsecured Assessment Roll from \$80 to \$98
- Transfer Journal Parcel Yearly from \$400 to \$448
- Parcel Map from \$3 to \$10
- Parcel Map CD Rom annual subscription from \$600 to \$720 removing discount of 2 free months
- Index Map - City from \$5 to \$8
- Index Map - County from \$5 to \$8
- Mailing List w/situs Secured from \$40 to \$88
- Mailing List w/situs Unsecured from \$40 to \$46
- Individual Parcel report from \$5 to \$7
- Photocopy from \$2 to \$5
- Assessor Certification from \$3.75 to \$5
- Assessor Inquiry Screen from \$2 to \$5
- Research (Half-Hour Rate) from \$50 to \$62
- Fax/Email fee from \$2 to \$4
