**Title:**

Quarterly Disaster Preparedness Workshop - Earthquake Hazard Overview

**Recommended Actions:**

Enhance the ability of County Supervisors and staff to respond to a major emergency or disaster. Key objectives include:

- A) Provide an overview of the County's earthquake hazard and potential impacts.
- B) Review the County's earthquake mitigation, preparedness and response capabilities.
- C) Discuss how the County government, local jurisdictions and allied stakeholders would respond and initiate recovery for a major earthquake event.

**Executive Summary:**

The disaster workshop is one in a series of learning and discussion opportunities designed to enhance the ability of County Supervisors and County staff to respond to a major emergency or disaster. During the workshop, staff will provide information and engage in discussion regarding the hazards posed by an earthquake in Sonoma County. Discussion points include geology and earthquake science, potential impacts, earthquake-related mitigation and preparedness efforts, as well as response and recovery.
