The unit is comprised of a 16 foot by 7 foot cargo trailer that contains supplies and materials necessary to set up an emergency shelter for fifty or more pets and

service animals.

Sonoma County Animal Services provides emergency services in response to disasters that threaten the safety and welfare of animals, both in Sonoma County and other jurisdictions that request emergency assistance, such as Lake County during the recent Valley fire disaster, and the Sonoma Complex fires of 2017. Sonoma County Animal Services has also recently been involved with animal rescue and support this winter with the extensive flooding that affected large areas of Sonoma County.

The Pet Disaster Relief Unit will augment the Animal Services disaster response arsenal by providing sheltering capability to co-locate pets and their people during an emergency evacuation.
