Title:

Sonoma County Community Development Commission 3-year Strategic Plan

Recommended Action:

Recommend adoption of the three-year strategic plan for the Community Development Commission.

Executive Summary:

The Community Development Commission (Commission) engaged LeSar Development Consultants to develop a practical and actionable strategic plan, as authorized by the Board of Commissioners on July 10, 2018. The Board is being asked to adopt the resulting three-year strategic plan.

Discussion:

Consistent with established Board priorities and the Recovery and Resiliency Framework, the Commission is committed to providing its services in a way that is agile, equitable, and responsive to the true needs of the community. The Commission is also committed to being an agency with a strong internal culture that stewards public resources and works with County staff and external partners to deliver services that lead to stable housing for all residents.

The Commission and its consultant carried out a comprehensive internal and external engagement process to assess the operating environment, understand the unique value the Commission brings to the county, and assess capacity of the agency to provide leadership and solid service delivery to the urgent issues of housing instability and unaffordability throughout Sonoma County. As a result of this work, the Commission revised its

vision to “Homes for all in thriving and inclusive neighborhoods” and mission to “Opening doors to permanent housing and opportunity”. The three-year Strategic Plan, focused on fiscal years 2019 -2020 through 2021-2022, is built upon the organizational values of stewardship, cooperation, ingenuity, dignity, and social equity. From that foundation, the overarching goals of the plan are to:

1. Foster a Strong Internal Team,
2. Built Trust through Proactive Engagement, and
3. Create Pathways to Housing and Community Resources

In order to achieve these goals, each division (Rent Assistance, Ending Homelessness, Housing & Neighborhood Investments, and Strategic Support) has mapped out three to four objectives with corresponding detailed and actionable strategies to be deployed over the next three years. Finally, to make sure that the Commission meets its goals and to allow for adaptability and adjustment of the plan as needed, the Strategic Plan identifies success measures that will be tracked on an ongoing basis.

Given the critical importance of stable, affordable, and well-located housing to the well-being of the community, it is important for the County’s lead agency on housing and homelessness to have the clarity of purpose and strong capacity that the attached Strategic Plan calls for. The Board’s adoption of the Plan will provide stability and support to the Commission during its upcoming leadership change.
